Assessment of Value Report

For the year ended

31 March 2026

Thesis Unit Trust Management Ltd is authorised and regulated by the Financial Conduct Authority

Assessment of Value

The FCA's Assessment of Value requirements have been in place since 2019, with Authorised Corporate Directors (ACDs) such as Thesis Unit Trust Management Ltd (Tutman) being required to perform an annual Assessment of Value (AOV) at share class level within the fund and to report its findings to investors. The assessment is based upon the seven criteria set out in the rules for each of the funds that the ACD controls.

The Tutman Board should ensure that the ACD carries out the assessment required by the FCA, and acts in the best interests of the investors. This report is the result of a rigorous review process by Tutman's AOV Committee which reviews the completed assessment and the data used to support all conclusions. Tutman uses third-party systems to ensure that comparative data is relevant and up to date.
