# **Assessment of Value Report**

**For the year end  
5 April 2025**

## Assessment of Value Process

As part of a move to strengthen fund governance, the FCA requires Authorised Fund Managers (AFMs) such as Tutman Fund Solutions Limited ('TFSL')<sup>1</sup> to carry out and publish an annual Assessment of Value (AOV) Report for each of the funds that they control.

The report outlines each fund's assessment and concludes whether the TFSL Board believes that the fund's payments are justified in the context of the overall value delivered to investors. The report also explains the corrective action required in the event of the Board deciding that the fund does not offer value for investors.

The TFSL Board, whose chair is a Non-Executive Director (NED) and includes Independent Non-Executive Directors (INED), must ensure that the AFM carries out the FCA assessment and acts in the best interests of the investors.

TFSL believes that the AOV process provides greater transparency and ultimately provides better outcomes for investors. To support the ongoing evolution of our AOV reporting, TFSL had sought additional guidance from the Funds Board Council to review and strengthen our process.

The TFSL AOV Committee consists of our INEDs, Executive Directors and members of the Leadership Team (including the Head of ACD Services), the Head of Funds Compliance and members of the AOV team (as presenters) and Client Service Management (as observers) to ensure a collaborative independent approach.

The published AOV report, which follows the seven criteria set out by the FCA, is the result of a rigorous review process. This process includes a review by a dedicated TFSL Investment Committee, whose main focus is to review the performance of the fund, plus a full review by the Assessment of Value Committee which reviews the completed assessment, and the data used to support all conclusions. TFSL uses third-party systems to ensure that comparative data is relevant and up to date. At the end of each section, TFSL awards a Red, Amber or Green (RAG) status to determine the assessment for each fund.

## Background

In line with the provisions contained within COLL 6.6.20R, the Board of Tutman Fund Solutions Limited ('TFSL') as Authorised Corporate Director ('ACD'), has carried out an Assessment of Value for Evelyn MM Endurance Balanced Fund ('the Sub-fund'). Furthermore, the rules require that TFSL publishes these assessments.

On reviewing this Assessment of Value report, we would welcome feedback from investors via our short questionnaire which can be found online.

Investors' views are invaluable to the development and delivery of this report.

Should you be unable to access the questionnaire online please contact us directly on 0141 483 9700 and we will provide you with a paper copy of the questionnaire.

## Introduction

A high-level summary of the outcome of TFSL's rigorous review of the Sub-fund, for the year ended 5 April 2025, using the seven criteria set by the FCA is set out below:

1. Quality of Service	
2. Performance	
3. ACD Costs	
4. Economies of Scale	
5. Comparable Market Rates	
6. Comparable Services	
7. Classes of Shares	
Overall Rating	

TFSL has adopted a traffic light system to show how it rated the Sub-fund:

-  On balance, the Board believes the Sub-fund has delivered value to investors, with no material issues noted.
-  On balance, the Board believes the Sub-fund has delivered value to investors, but may require some action.
-  On balance, the Board believes the Sub-fund has not delivered value to investors and significant remedial action is now planned by the Board.

How TFSL assessed each of the seven criteria and the resulting rating are discussed in greater detail on the following pages.

TFSL has created an Assessment of Value Committee ('AVC'), for the review, challenge and approval of all the funds' Assessments of Value. Ultimately the assessments will be subject to scrutiny by the Board (which includes independent directors) to ensure the outcomes of the assessments are clear and fair, prior to communicating to investors if the Sub-fund has delivered value, and if not, where improvements need to be made.

In carrying out the assessment, the TFSL AVC has separately considered, the following seven criteria stipulated by the FCA. The Committee may also have considered other issues where it was deemed appropriate.

TFSL believes the Assessment of Value can make it easier for investors to both evaluate whether the Sub-fund is providing them with value for money and make more informed decisions when choosing investments.

The seven criteria are:

- (1) Quality of service – the quality of every aspect of the service provided, including, for example, accounting, administration, customer services and communications;
- (2) Performance – how the Sub-fund performed, including whether it met targets and objectives, kept to relevant policy, followed relevant principles and kept to reasonable timescales;
- (3) ACD costs – the fairness and value of the Sub-fund’s costs, including entry and exit fees, early redemption fees and administration charges;
- (4) Economies of scale – how costs have been or can be reduced as a result of increased assets-under-management (‘AUM’), and whether or not those savings have been passed on to investors;
- (5) Comparable market rates – how the costs of the Sub-fund compare with others in the marketplace;
- (6) Comparable services – how the charges applied to the Sub-fund compare with those of other funds administered by TFSL;
- (7) Classes of Shares – the appropriateness of the classes of shares in the Sub-fund for investors.

## **Section 1: Quality of Service**

### **What was assessed in this section?**

#### **Internal Factors**

TFSL, as ACD, has overall responsibility for the Sub-fund. The Board assessed, amongst other things: the day-to-day administration of the Sub-fund; the maintenance of scheme documentation (such as prospectuses and key investor information documents ('KIIDs')); the pricing and valuation of shares; the calculation of income and distribution payments; the maintenance of accounting and other records; the preparation of annual audited and half-yearly Report & Accounts; the review of tax provisions and submission of tax computations to HMRC; the maintenance of the register of investors; the dealing and settlement arrangements; and the quality of marketing material sent to investors. TFSL delegates the investment management of the Sub-fund to a delegated investment management firm.

The Board reviewed information provided by TFSL's control functions on the adequacy of its internal services, including governance, operations and monitoring. Elements important to the investors' experience such as the timely payment of settlement and distribution monies were also reviewed. Over the past year, TFSL has been audited by internal and external auditors, the Fund's Depositary and various TFSL delegated investment managers.

#### **External Factors**

The Board assessed the delegate's skills, processes and experience. Also considered were any results from service review meetings as well as the annual due diligence performed by TFSL on the delegated investment manager, Evelyn Partners Investment Management LLP where consideration was given to, amongst other things, the delegate's controls around the Sub-fund's liquidity management.

The Board also considered the nature, extent and quality of administrative and investor services performed under separate agreements covering depositary services, custody, as well as services provided with regard to both audit and legal functions.

### **What was the outcome of the assessment?**

#### **Internal Factors**

The Board recognised that all distribution and settlement monies were paid in a timely manner and that there were no significant findings as a result of the various audits performed on TFSL during the year. In addition, TFSL has performed its own independent analysis, using

automated systems, of the Sub-fund's liquidity. The Board concluded that TFSL had carried out its duties diligently.

### **External Factors**

The Board concluded that the nature, extent and quality of the services provided by the external parties have benefitted and should continue to benefit the Sub-fund and its investors.

### **Were there any follow up actions?**

There were no follow-up actions required.

## **Section 2: Performance**

### **What was assessed in this section?**

The Board reviewed the performance of the Sub-fund, after the deduction of all payments out of the scheme property as set out in the Prospectus. Performance, against its benchmark, was considered over appropriate timescales having regard to the Sub-fund's investment objective, policy and strategy. The Board also considered whether an appropriate level of market risk had been taken.

### **Investment Objectives**

The objective of the Sub-fund is to achieve a balance between capital growth and income, over the long term (over 4 to 7 years).

### **Benchmark**

As ACD, TFSL is required to explain in a fund's scheme documentation why a benchmark is being used or alternatively, explain how investors should assess performance of a fund in the absence of a benchmark.

The benchmarks for the Sub-fund are the MSCI PIMFA Balanced Index and the IA Mixed Investment 40-85% Shares Sector, which are both comparators. A 'comparator' benchmark is an index or similar factor against which an investment manager invites investors to compare a fund's performance. Details of how the Sub-fund had performed against its comparator benchmarks over various timescales can be found below.

**Cumulative Performance (%)****Cumulative Performance as at 30/04/2025**

Year End 05/04/2025

Instrument	Currency	1 year	3 years	5 years	7 years
Evelyn MM Endurance Balanced Fund	GBP	4.50	13.04	47.12	38.45
MSCI PIMFA Balanced	GBP	5.27	15.15	40.63	41.62
IA Mixed Investment 40-85% Shares Sector	GBP	2.94	9.81	33.22	33.04

Performance shown is representative of all share classes.  
Performance is calculated net of fees.  
Past performance is not a guide to future performance.

**What was the outcome of the assessment?**

The Board assessed the performance of the Sub-fund over its minimum recommended holding period of seven years and observed that it has underperformed one of its comparator benchmarks, the MSCI PIMFA Balanced Index. The Sub-fund outperformed the other comparator, the IA Mixed Investment 40-85 Shares Sector, however, as the MSCI PIMFA Balanced Index is a market-based index, the Board believed that this was a more appropriate comparator to gauge the Sub-fund's performance against. The Sub-fund has distributed income over the period.

TFSL assessed the investment risk within the Sub-fund, focusing amongst other things on volatility and risk adjusted returns. The Board concluded that the level of investment risk is within parameters for an actively managed Sub-fund.

The Board found that the Sub-fund is investing in the asset classes permitted by the investment policy and that there have been no breaches of the policy in the last 12 months.

Given the above analysis the Board felt that an Amber rating was appropriate.

**Were there any follow up actions?**

TFSL will continue to monitor performance through its normal oversight process, at least bi-annually.

## **Section 3: ACD Costs**

### **What was assessed in this section?**

The Board reviewed each separate charge to ensure that they were reasonable and reflected the services provided. This included investment management fees, the Annual Management Charge ('AMC'), depositary, custody and audit fees.

The charges should be transparent and understandable to the investors, with no hidden costs.

### **What was the outcome of the assessment?**

The Board received and considered information about each of the Sub-fund's costs, and concluded that they were fair, reasonable and were provided on a competitive basis.

### **Were there any follow up actions?**

There were no follow-up actions required.

## **Section 4: Economies of Scale**

### **What was assessed in this section?**

The Board reviewed each separate fee structure and the AUM of the Sub-fund to examine the effect on potential and existing investors should the Sub-fund increase or decrease in value.

### **What was the outcome of the assessment?**

The Board noted that the Sub-fund has a fixed AMC with an ACD tier embedded within it, meaning that if the Sub-fund was to grow substantially, the delegated investment manager would potentially receive a greater proportion of the Sub-fund's AMC. This mechanism therefore prevents shareholders from participating in any possible savings that could be achieved if the Sub-fund was to grow in the future.

Given the above analysis the Board felt that an Amber rating was appropriate.

The ancillary charges<sup>2</sup> of the Sub-fund represent 13 basis points<sup>3</sup>. Some of these costs are fixed and as the Sub-fund grows in size, may result in a small reduction in the basis point cost of these services.

### **Were there any follow up actions?**

TFSL will continue to engage with the delegated investment manager with a view to establishing a fee structure that is more beneficial to shareholders. This should be in place for the next report.

## **Section 5: Comparable Market Rates**

### **What was assessed in this section?**

The Board reviewed the Ongoing Charges Figure of the Sub-fund, ('OCF'), and how those charges affect its returns.

The OCF of the Sub-fund was compared against the 'market rate' of similar external funds.

### **What was the outcome of the assessment?**

Despite the OCF of 1.22%<sup>4</sup> reducing from 1.25% at last year's review, it was more expensive than those of similar externally managed funds. It was noted that the median OCF of the peer group had decreased further during the review period.

As a result, this section was given an Amber rating.

Note that there is not a performance fee and that TFSL has not charged an entry fee, exit fee or any other event-based fees on this Sub-fund.

### **Were there any follow up actions?**

There was no further action required as the Board were of the opinion that both the size of the fund, and investing in collective investment vehicles, was adversely impacting the Fund's OCF.

<sup>2</sup> Ancillary charge is any charge paid directly out of the sub-fund in addition to the AMC, e.g., Auditor, Custodian or Depositary fees.

<sup>3</sup> One **basis point** is equal to 1/100th of 1%, or 0.01%. Figure calculated at annual reporting date, 5 April 2025

<sup>4</sup> Figures at annual reporting date, 5 April 2025.

## **Section 6: Comparable Services**

### **What was assessed in this section?**

The Board compared the Sub-fund's investment management fee with those of other funds administered by TFSL and of equivalent size, investment objectives and policies.

### **What was the outcome of the assessment?**

The investment management fee compared favourably with other TFSL administered Sub-funds displaying similar characteristics.

### **Were there any follow up actions?**

There were no follow-up actions required.

## **Section 7: Classes of Shares**

### **What was assessed in this section?**

The Board reviewed the Sub-fund's set-up to ensure that where there are multiple share classes, direct investors are in the correct share class given the size of their holding.

### **What was the outcome of the assessment?**

There is only one share class in the Sub-fund and therefore, this part of the assessment does not apply.

### **Were there any follow up actions?**

There were no follow-up actions required.

## **Overall Assessment of Value**

Notwithstanding the matters referenced above in Sections 2, 4 and 5 the Board concluded that although Evelyn MM Endurance Balanced Fund had provided some value to investors, it merits further action to correct the matter referred to in section 4.
