

Vacancy

Job title: Oversight Assistant

Location: Chichester

A vacancy has arisen for an Oversight Assistant to join the Tutman team in our Chichester office.

The focus of the role is to assist the team in overseeing our third party appointments in line with a comprehensive checking dashboard. The role is responsible for monitoring outputs versus service level agreements and challenging the findings, reviewing investments held including performance and pricing and assisting with the completion of regulatory changes including the FCA Asset Management Market Study.

To be considered for the role you will be analytically minded with high attention to detail. Ideally you will have worked in an asset management or ACD firm and have a current understanding of working within a regulatory environment. You will be professional and straightforward in your approach and be able to communicate effectively with a variety of different people and levels of seniority across the business.

To apply for this role or to request a full job description, please contact HR by email at: careers@thesis-plc.com.

Closing date for applications: 12th April 2021
