

Assessment of Value Report

SVS Aubrey Citadel Fund

Assessment of Value Process

As part of a move to strengthen fund governance, the FCA requires Authorised Fund Managers (AFMs) such as EPFL to carry out and publish an annual Assessment of Value (AOV) Report for each of the funds that they control.

The report outlines each fund's assessment and concludes on whether the EPFL Board believes that the fund's payments are justified in the context of the overall value delivered to unitholders. The report also explains the corrective action required in the event of the Board deciding that the fund does not offer value for unitholders.

The EPFL Board, whose chair is an Independent Non-Executive Director (INED), must ensure that the AFM carries out the FCA assessment and acts in the best interests of the unitholders.

EPFL believes that the AOV process provides greater transparency and ultimately provides better outcomes for unitholders. To support the ongoing evolution of our AOV reporting, EPFL had sought additional guidance from the Funds Board Council to review and strengthen our process.

The EPFL AOV Committee consists of our INEDs (including the chair of the EPFL Board), Executive Directors and members of the Leadership Team (including the Head of ACD Services), the Head of Funds Compliance and members of the AOV team (as presenters) and Client Service Management (as observers) to ensure a collaborative independent approach.

The published AOV report, which follows the seven criteria set out by the FCA, is the result of a rigorous review process. This process includes a review by a dedicated EPFL Investment Committee, whose main focus is to review the performance of the fund, plus a full review by the Assessment of Value Committee which reviews the completed assessment and the data used to support all conclusions. EPFL uses third-party systems to ensure that comparative data is relevant and up to date. At the end of each section, EPFL awards a Red, Amber, Green (RAG) status to determine the assessment for each fund.

Background

In line with the provisions contained within COLL 6.6.20R, the Board of Evelyn Partners Fund Solutions Limited ('EPFL') as Authorised Corporate Director ('ACD'), has carried out an Assessment of Value for SVS Aubrey Citadel Fund ('the Sub-fund'). Furthermore, the rules require that EPFL publishes these assessments.

On reviewing this Assessment of Value report, we would welcome feedback from investors via our short questionnaire which can be found online.

Introduction

A high-level summary of the outcome of EPFL's rigorous review of the Sub-fund, for the year ended 31 December 2024, using the seven criteria set by the FCA is set out below:

Criteria	B Class
1. Quality of Service	
2. Performance	
3. ACD Costs	
4. Economies of Scale	
5. Comparable Market Rates	
6. Comparable Services	
7. Classes of Shares	
Overall Rating	

EPFL has adopted a traffic light system to show how it rated the Sub-fund:

-  On balance, the Board believes the Sub-fund has delivered value to investors, with no material issues noted.
-  On balance, the Board believes the Sub-fund has delivered value to investors, but may require some action.
-  On balance, the Board believes the Sub-fund has not delivered value to investors and significant remedial action is now planned by the Board.

How EPFL assessed each of the seven criteria and the rating arrived at are discussed in greater detail on the following pages.

EPFL has created an Assessment of Value Committee ('AVC'), for the review, challenge and approval of all the funds' Assessments of Value. Ultimately the assessments will be subject to scrutiny by the Board (which includes independent directors) to ensure the outcomes of the assessments are clear and fair, before final sign-off by the chair of the Board prior to communicating to investors if the Sub-fund has delivered value, and if not, where improvements need to be made.

In carrying out the assessment, the EPFL AVC has separately considered, the following seven criteria stipulated by the FCA. The Committee may also have considered other issues where it was deemed appropriate.

EPFL believes the Assessment of Value can make it easier for investors to both evaluate whether the Sub-fund is providing them with value for money and make more informed decisions when choosing investments.

The seven criteria are:

- (1) Quality of service – the quality of every aspect of the service provided, including, for example, accounting, administration, customer services and communications;
- (2) Performance – how the Sub-fund performed, including whether it met targets and objectives, kept to relevant policy, followed relevant principles and kept to reasonable timescales;
- (3) ACD costs – the fairness and value of the Sub-fund’s costs, including entry and exit fees, early redemption fees and administration charges;
- (4) Economies of scale – how costs have been or can be reduced as a result of increased assets-under-management (‘AUM’), and whether or not those savings have been passed on to investors;
- (5) Comparable market rates – how the costs of the Sub-fund compare with others in the marketplace;
- (6) Comparable services – how the charges applied to the Sub-fund compare with those of other funds administered by EPFL;
- (7) Classes of Shares – the appropriateness of the classes of shares in the Sub-fund for investors.

1. Quality of Service

What was assessed in this section?

Internal Factors

EPFL, as ACD, has overall responsibility for the Sub-fund. The Board assessed, amongst other things: the day-to-day administration of the Sub-fund; the maintenance of scheme documentation (such as prospectuses and key investor information documents (‘KIIDs’)); the pricing and valuation of shares; the calculation of income and distribution payments; the maintenance of accounting and other records; the preparation of annual audited and half-yearly Report & Accounts; the review of tax provisions and submission of tax computations to HMRC; the maintenance of the register of investors; the dealing and settlement arrangements; and the quality of marketing material sent to investors. EPFL delegates the investment management of the Sub-fund to a delegated investment management firm.

The Board reviewed information provided by EPFL’s control functions on the adequacy of its internal services, including governance, operations and monitoring. Elements important to the investors’ experience such as the timely payment of settlement and distribution monies were also reviewed. Over the past year, EPFL has been audited by internal and external auditors, the Fund’s Depositary and various EPFL delegated investment managers.

External Factors

The Board assessed the delegate's skills, processes and experience. Also considered were any results from service review meetings as well as the annual due diligence performed by EPFL on the delegated investment manager, Aubrey Capital Management Limited (Aubrey), where consideration was given to, amongst other things, the delegate's controls around the Sub-fund's liquidity management.

The Board also considered the nature, extent and quality of administrative and investor services performed under separate agreements covering depositary services, custody, as well as services provided with regard to both audit and legal functions.

What was the outcome of the assessment?

Internal Factors

The Board recognised that all distribution and settlement monies were paid in a timely manner and that there were no significant findings as a result of the various audits performed on EPFL during the year. In addition, EPFL has performed its own independent analysis, using automated systems, of the Sub-fund's liquidity. The Board concluded that EPFL had carried out its duties diligently.

External Factors

The Board concluded that the nature, extent and quality of the services provided by the external parties have benefitted and should continue to benefit the Sub-fund and its investors. The Board did note that Aubrey's Equifax rating has declined to a point where it is below EPFL's risk appetite. EPFL has remained in constant conversation with the senior management at Aubrey to determine if there is any on-going concern.

Were there any follow up actions?

EPFL have been in extensive dialogue with Aubrey and will continue to monitor the delegate's financial health.

2. Performance

What was assessed in this section?

The Board reviewed the performance of the Sub-fund, after the deduction of all payments out of the scheme property as set out in the Prospectus. Performance, against its benchmark, was considered over appropriate timescales having regard to the Sub-fund's investment objective, policy and strategy. The Board also considered whether an appropriate level of market risk had been taken.

Investment Objectives

The Sub-Fund aims to provide a balance of capital growth and income over the medium term (at least 3 years).

Benchmark

As ACD, EPFL is required to explain in a fund's scheme documentation why a benchmark is being used or alternatively, explain how investors should assess performance of a fund in the absence of a benchmark.

The benchmark for the Sub-Fund is the IA Mixed 20-60 Sector, which is a comparator. A 'comparator' benchmark is an index or similar factor against which an investment manager invites investors to compare a fund's performance. Details of how the Sub-Fund had performed against its comparator benchmark since launch can be found below.

Performance shown is representative of all share classes.

Performance is calculated net of fees.

Past performance is not a guide to future performance.

What was the outcome of the assessment?

The Board observed that the Sub-fund had underperformed its comparator benchmark in the period since launch. The Board acknowledged that the Sub-fund had not been in existence for the recommended investment horizon of 3 years.

EPFL assessed the investment risk within the Sub-fund, focusing amongst other things on volatility and risk adjusted returns. The Board concluded that the level of investment risk is within parameters for an actively managed Fund of this type.

The Board found that the Sub-fund is investing in the asset classes permitted by the investment policy and that there have been no breaches of the policy in the last 12 months.

As a result of the above analysis this section was given an Amber rating.

Were there any follow up actions?

EPFL will continue to monitor performance through its normal oversight process, at least bi-annually.

3. ACD Costs

What was assessed in this section?

The Board reviewed each separate charge to ensure that they were reasonable and reflected the services provided. This included investment management fees, Annual Management Charge ('AMC'), depository, custody fees and audit fees.

The charges should be transparent and understandable to the investors, with no hidden costs.

What was the outcome of the assessment?

The Board received and considered information about each of the Sub-fund's costs, and concluded that they were fair, reasonable and were provided on a competitive basis.

Were there any follow up actions?

There were no follow-up actions required.

4. Economies of Scale

What was assessed in this section?

The Board reviewed each separate fee structure and the AUM of the Sub-fund to examine the effect on the Sub-fund to potential and existing investors should it increase or decrease in value.

What was the outcome of the assessment?

The investment management fee is a fixed percentage charge. The ACD fee is tiered meaning there are opportunities for savings going forward should the Sub-Fund grow significantly.

The ancillary charges¹ of the Sub-fund represent 13 basis points². Some of these costs are fixed and as the Sub-fund grows in size, may result in a small reduction in the basis point cost of these services.

Were there any follow up actions?

There were no follow-up actions required.

¹ Ancillary charge is any charge paid directly out of the sub-fund in addition to the AMC, e.g., Auditor, Custodian or Depository fees.

² One **basis point** is equal to 1/100th of 1%, or 0.01%. Figure calculated at interim report, 30 June 2024

5. Comparable Market Rates

What was assessed in this section?

The Board reviewed the Ongoing Charges Figure of the Sub-fund, ('OCF'), and how those charges affect its returns.

The OCF of the Sub-fund was compared against the 'market rate' of similar external funds.

What was the outcome of the assessment?

The OCF of 1.00%³ compared favourably with those of similar externally managed funds.

Note that there is not a performance fee and that EPFL has not charged an entry fee, exit fee or any other event-based fees on this Sub-fund.

Were there any follow up actions?

There were no follow-up actions required.

6. Comparable Services

What was assessed in this section?

The Board compared the Sub-fund's investment management fee with those of other funds administered by EPFL having regard to size, investment objectives and policies.

What was the outcome of the assessment?

The investment management fee compared favourably with other EPFL administered funds displaying similar characteristics.

Were there any follow up actions?

There were no follow-up actions required.

7. Classes of Shares

What was assessed in this section?

The Board reviewed the Sub-fund's set-up to ensure that where there are multiple share classes, investors are in the correct share class given the size of their holding.

³ Figures at interim report 30 June 2024

What was the outcome of the assessment?

There is only one share class in the Sub-fund, therefore this part of the assessment does not apply.

Were there any follow up actions?

There were no follow-up actions required.

Overall Assessment of Value

Notwithstanding the matters discussed in sections 1 and 2, the Board concluded that SVS Aubrey Citadel Fund has provided some value to investors, while acknowledging that the absolute performance of the fund has not provided a positive return since launch.
