CASTLEFIELD - THE THOUGHTFUL INVESTOR®

Whether we recognise it or not, we all bring our personal values to bear when making choices in life. Castlefield adopts a progressive approach to looking after money, in turn reflecting the individual objectives and values of all kinds of clients – from investors in the investment funds we manage, to private individuals and their personal pensions, to the not-for-profit organisations they establish and help to run. What sets us apart is that we work closely with clients to help them to understand and define what careful and ethical investment means to them. We then interpret the results in practical ways which never ignore the need for real-world financial outcomes. Our dedicated team is committed to achieving dependable long-term growth through independence and innovation, respect and responsibility. As an employee-owned business, we make sure that everything we do reflects not only the values we share as co-owners of our own business, but the principles that are important to our clients too. All delivered via a service which is as personalised and accessible as each of our clients wants it to be. That's why we're known as 'the Thoughtful Investor'®

INVESTMENT LABEL

This product does not have a UK sustainable investment label.

Sustainable investment labels help investors find products that have a specific sustainability goal. This Fund has sustainability characteristics included as part of the investment approach but does not pursue a sustainability objective or any specific sustainability outcomes.

The Investment Manager provides values-based investment. As such, the investment approach adopted is broader than would be the case for a labelled fund.

SUMMARY OF THE FUND

The Fund aims for long term capital growth, over five-year rolling periods, by investing at least 80% of its value in companies domiciled, incorporated or having a significant portion of their business in the UK. Investments will be selected in accordance with the Investment Adviser's Thoughtful Investor® approach (as set out in the Sustainability Approach below).

The Fund is managed by Thesis Unit Trust Management Limited. The delegated investment manager is Castlefield Investment Partners LLP (CIP).

SUSTAINABILITY APPROACH

The Thoughtful Investor® Approach

The B.E.S.T. Framework

Alongside an assessment of financial credentials ('B'), the investment manager will assess each 'E.S.T.' component of the B.E.S.T. framework and report on the outcome relative to an index of similar investments.

SUSTAINABILITY METRICS

Percentage of fund by weight meeting minimum E.S.T. threshold

- Holdings that meet the minimum E.S.T. criteria
- Cash

Why doesn't 100% of the Fund meet the E.S.T. minimum threshold?

- Two reasons:
- Some of the Fund needs to be held as cash.
 - All holdings in the Fund have passed our screening policy, but a small percentage may not pass the minimum E.S.T. criteria. We hold these companies for other reasons, such as fund diversification. In some instances, the company may have temporarily fallen below the threshold. This is where we can engage with the company to understand the reason and encourage improvements.

The metrics displayed below are used to assess the Fund's performance against a suitable benchmark (Morningstar – UK index). These metrics cover all fund holdings, except for cash. This represents 99% of the fund.
