## The Alkerton Trust

### Report of the Manager

Evelyn Partners Fund Solutions Limited ('EPFL'), as Manager, presents herewith the Annual Report for The Alkerton Trust for the year ended 31 October 2024.

The Alkerton Trust ('the Trust' or 'the Fund') is an authorised unit trust scheme further to an authorisation order dated 3 March 2009 and is a non-UCITS retail scheme ('NURS') complying with the investment and borrowing powers rules in the Collective Investment Schemes sourcebook ('COLL') and the Investment Funds sourcebook ('FUND'), as published by the Financial Conduct Authority ('FCA'). As the Fund is a NURS, the Manager also acts as Alternative Investment Fund Manager ('AIFM') in order to comply with the Alternative Investment Fund Manager's Directive ('AIFMD').

The Manager is of the opinion that it is appropriate to continue to adopt the going concern basis in the preparation of the accounts as the assets of the Fund consist predominantly of securities which are readily realisable and, accordingly, the Fund has adequate financial resources to continue in operational existence for the foreseeable future. Further, appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, have been used in the preparation of these accounts and applicable accounting standards have been followed.

The Financial Stability Board ('FSB') created the Task Force on Climate-related Financial Disclosures ('TCFD') to improve and increase reporting of climate-related financial information. EPFL have produced TCFD reports in compliance with the FCA's rules on climate-related financial disclosures. The TCFD Product report is designed to help you understand the impact the Fund has on the climate and equally how climate change could influence the performance of the Fund. The report will also give you the ability to compare a range of climate metrics with other funds. To understand the governance, strategy, and risk management that EPFL has in place to manage the risks and opportunities related to climate change, please refer to the TCFD Entity report. These reports are available on our website <https://www.evelyn.com/services/fund-solutions/tcf-reporting/>.

The Trust Deed can be inspected at the offices of the Manager.

Copies of the Prospectus and Key Investor Information Document ('KIID') are available on request free of charge from the Manager.

#### Investment objective and policy

The investment objective of The Alkerton Trust is to achieve a combination of income and long term capital growth. The portfolio will invest throughout the world and may include investments in ordinary shares, preference shares, convertibles, fixed interest securities, collective investment schemes, structured products, cash and money market instruments. The Investment Manager may at times choose to hold a high degree of fixed interest securities if it is believed that worldwide stock market conditions are not appropriate for longer term investments. There will be no emphasis placed on particular economic or industrial sectors. The Investment Manager will not be restricted in their choice of investment by industry, company size or geographical location.

The Trust will not invest in derivatives and forward transactions for purposes other than hedging/Efficient Portfolio Management unless the Manager has given unitholders not less than 60 days' notice that the Trust intends to invest in derivatives and forward transactions for investment purposes. This could increase the risk profile of the Trust. Should the Investment Manager decide to invest in derivatives and forward transactions for investment purposes, the net asset value of the Trust may at times be highly volatile (in the absence of compensating investment techniques).

#### Changes affecting the Fund in the year

There were no fundamental or significant changes to the Fund in the year.

Further information in relation to the Fund is illustrated on page 39.

In accordance with the requirements of the Financial Conduct Authority's Collective Investment Schemes sourcebook and the Investment Funds sourcebook, we hereby certify the Annual Report on behalf of the Manager, Evelyn Partners Fund Solutions Limited.

Neil Coxhead  
Directors  
Evelyn Partners Fund Solutions Limited  
29 January 2025

Brian McLean

## Statement of the Manager's responsibilities

The Collective Investment Schemes sourcebook ('COLL') and the Investment Funds sourcebook ('FUND') published by the FCA, require the Manager to prepare financial statements for each annual accounting period which give a true and fair view of the financial position of the Trust and of the net revenue and net capital gains on the scheme property of the Trust for the year.

In preparing the financial statements the Manager is responsible for:

- selecting suitable accounting policies and then applying them consistently;
- making judgements and estimates that are reasonable and prudent;
- following UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland;
- complying with the disclosure requirements of the Statement of Recommended Practice for the Financial Statements of UK Authorised Funds ('the SORP') issued by The Investment Association in May 2014 and amended in June 2017;
- keeping proper accounting records which enable it to demonstrate that the financial statements as prepared comply with the above requirements;
- assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern;
- using the going concern basis of accounting unless they either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so;
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error;
- taking reasonable steps for the prevention and detection of fraud and irregularities; and
- the maintenance and integrity of the Trust's information on the Manager's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

COLL also requires the Manager to carry out an Assessment of Value on the Trust and publish this assessment within the Annual Report.

The Manager is responsible for the management of the Trust in accordance with the Trust Deed, the Prospectus, COLL and FUND.

## Assessment of Value - The Alkerton Trust

In line with the provisions contained within COLL 6.6.20R, the Board of Evelyn Partners Fund Solutions Limited ('EPFL') as Authorised Fund Manager ('AFM'), has carried out an Assessment of Value for The Alkerton Trust ('the Trust'). Furthermore, the rules require that EPFL publishes these assessments.

A high-level summary of the outcome of EPFL's rigorous review of the Trust for the year ended 31 October 2024, using the seven criteria set by the FCA is set out below:

1. Quality of Service	
2. Performance	
3. AFM Costs	
4. Economies of Scale	
5. Comparable Market Rates	
6. Comparable Services	
7. Classes of Units	
Overall Rating	

EPFL has adopted a traffic light system to show how it rated the Trust:

-  On balance, the Board believes the Trust has delivered value to unitholders, with no material issues noted.
-  On balance, the Board believes the Trust has delivered value to unitholders, but may require some action.
-  On balance, the Board believes the Trust has not delivered value to unitholders and significant remedial action is now planned by the Board.

How EPFL assessed each of the seven criteria and the rating arrived at are discussed in greater detail on the following pages.

EPFL has created an Assessment of Value Committee ('AVC'), for the review, challenge and approval of all funds' Assessments of Value. Ultimately the assessments will be subject to scrutiny by the Board (which includes independent directors) to ensure the outcomes of the assessments are clear and fair, before final sign-off by the chair of the Board prior to communicating to investors if the Trust has delivered value, and if not, where improvements need to be made.

In carrying out the assessment, the EPFL AVC has separately considered the following seven criteria stipulated by the FCA. The Committee may also have considered other issues where it was deemed appropriate.

EPFL believes the Assessment of Value can make it easier for investors to both evaluate whether the Trust is providing them with value for money and make more informed decisions when choosing investments.

The seven criteria are:

- (1) Quality of service – the quality of every aspect of the service provided, including, for example, accounting, administration, customer services and communications;
- (2) Performance – how the Trust performed, including whether it met targets and objectives, kept to relevant policy, followed relevant principles, kept to reasonable timescales;
- (3) AFM costs – the fairness and value of the Trust's costs, including entry and exit fees, early redemption fees, administration charges;
- (4) Economies of scale – how costs have been or can be reduced as a result of increased assets-under-management ('AUM'), and whether or not those savings have been passed on to investors;
- (5) Comparable market rates – how the costs of the Trust compare with others in the marketplace;
- (6) Comparable services – how the charges applied to the Trust compare with those of other funds administered by EPFL;
- (7) Classes of units – the appropriateness of the classes of units in the Trust for investors.

## Assessment of Value - The Alkerton Trust (continued)

### 1. Quality of Service

What was assessed in this section?

#### Internal Factors

EPFL, as AFM, has overall responsibility for the Trust. The Board assessed, amongst other things: the day-to-day administration of the Trust; the maintenance of scheme documentation (such as prospectuses and key investor information documents ('KIIDs')); the pricing and valuation of units; the calculation of income and distribution payments; the maintenance of accounting and other records; the preparation of annual audited and half-yearly Report & Accounts; the review of tax provisions and submission of tax computations to HMRC; the dealing and settlement arrangements and the quality of marketing material sent to unitholders. EPFL delegates the Investment Management of the Trust to an Investment Management firm.

The Board reviewed information provided by EPFL's control functions on the adequacy of its internal services, including governance, operations and monitoring. Elements important to the investor experience such as the timely payment of settlement and distribution monies were also reviewed. Over the past year, EPFL has been audited by internal and external auditors, the Trustee and various EPFL delegated Investment Managers.

#### External Factors

The Board assessed the delegate's skills, processes and experience. Also considered were any results from service review meetings as well as the annual due diligence performed by EPFL on the delegated Investment Manager, Schroder & Co. Limited (trading under the name Cazenove Capital Management), ('Cazenove'), where consideration was given to, amongst other things, the delegate's controls around the Trust's liquidity management.

The Board also considered the nature, extent and quality of administrative and investor services performed under separate agreements covering trustee services, custody, as well as services provided with regard to both audit and legal functions.

What was the outcome of the assessment?

#### Internal Factors

The Board recognised that all distribution and settlement monies were paid in a timely manner and that there were no significant findings as a result of the various audits performed on EPFL during the year. In addition, EPFL has performed its own independent analysis, using automated systems, of the Trust's liquidity. The Board concluded that EPFL had carried out its duties diligently.

#### External Factors

The Board concluded that the nature, extent and quality of the services provided by the external parties have benefitted and should continue to benefit the Trust and its unitholders.

Were there any follow up actions?

There were no follow-up actions.

### 2. Performance

What was assessed in this section?

The Board reviewed the performance of the Trust, after the deduction of all payments out of the scheme property as set out in the Prospectus. Performance, against the benchmark, was considered over appropriate timescales having regard to the Trust's investment objective, policy and strategy. The Board also considered whether an appropriate level of market risk has been taken.

#### Investment Objective

The Trust seeks to achieve a combination of income and long-term capital growth.

#### Benchmark

As AFM, EPFL is required to explain in a fund's scheme documentation why a benchmark is being used or alternatively explain how investors should assess performance of a fund in the absence of a benchmark.

The benchmark for the Trust is the UK Consumer Price Index +3.75%, which is a comparator. A 'comparator' benchmark is an index or similar factor against which an investment manager invites investors to compare a fund's performance. Details of how the Trust had performed against its comparator benchmark over various timescales can be found on the next page.

## Assessment of Value - The Alkerton Trust (continued)

### 2. Performance (continued)

Benchmark (continued)

Cumulative Performance as at 30 September 2024 (%)

	Currency	1 Year	3 Year	5 Year
The Alkerton Trust	GBX	18.23	20.22	34.25
UK Consumer Price Index +3.75%	GBP	5.41	32.47	47.60

Data provided by FE Fundinfo. Care has been taken to ensure that the information is correct but FE Fundinfo neither warrants, represents nor guarantees the contents of the information, nor does FE Fundinfo accept any responsibility for errors, inaccuracies, omissions or any inconsistencies herein.

Performance is calculated net of fees. Past performance is not a guide to future performance.

What was the outcome of the assessment?

The Board assessed the performance of the Trust over its minimum recommended holding period of five years and observed that it has underperformed its comparator benchmark, UK Consumer Price Index +3.75%. The Board were mindful of the spike in inflation during 2022 and the impact this had on the five-year performance figure. In the last year the Trust had performed well against its benchmark.

Over the holding period of five years though, the Trust had underperformed its benchmark and as a result an Amber rating was given.

EPFL assessed the investment risk within the Trust, focusing amongst other things on volatility and risk adjusted returns. The Board concluded that the level of investment risk is appropriate, within its mandated parameters, without taking excessive risk for an actively managed Trust of this type.

The Board found that the Trust is investing in the asset classes permitted by the investment policy and that there have been no breaches of the policy in the last 12 months.

Were there any follow up actions?

EPFL will continue to monitor performance through its normal oversight process, at least bi-annually.

### 3. AFM Costs

What was assessed in this section?

The Board reviewed each separate charge to ensure that they were reasonable and reflected the services provided. This included annual management charge ('AMC'), Depositary/Custodian fees and audit fee. The AMC includes the ACD's periodic charge and the Investment Manager's fee.

The charges should be transparent and understandable to the investor, with no hidden costs.

What was the outcome of the assessment?

The Board received and considered information about each of the Trust's costs, and concluded that they were fair, reasonable and were provided on a competitive basis.

Were there any follow up actions?

There were no follow-up actions required.

### 4. Economies of Scale

What was assessed in this section?

The Board reviewed each separate fee structure and the AUM of the Trust to examine the effect on the Trust to potential and existing investors should it increase or decrease in value.

What was the outcome of the assessment?

The Investment Manager's fee and the Manager's periodic charge are both a fixed percentage charge meaning there are no opportunities for savings going forward should the Trust grow in size.

The ancillary charges<sup>1</sup> of the Trust represent 10 basis points<sup>2</sup>. Some of these costs are fixed and as the Trust grows in size, may result in a small reduction in the basis point cost of these services.

Were there any follow up actions?

There were no follow-up actions required.

<sup>1</sup> Ancillary charge is any charge paid directly out of the Trust in addition to the AMC, e.g., Auditor, Custodian or Trustee fees.

<sup>2</sup> One basis point is equal to 1/100th of 1% or 0.01%. Figure calculated at interim report, 30 April 2024.

## Assessment of Value - The Alkerton Trust (continued)

### 5. Comparable Market Rates

What was assessed in this section?

The Board reviewed the ongoing charges figure ('OCF') of the Trust, and how those charges affect the returns of the Trust.

The OCF of the Trust was compared against the 'market rate' of similar external funds.

What was the outcome of the assessment?

The OCF of 0.89%<sup>3</sup> compared favourably with those of similar externally managed funds.

Note that EPFL has not charged an entry fee, exit fee or any other event-based fees on this Trust.

Were there any follow up actions?

There were no follow-up actions required.

### 6. Comparable Services

What was assessed in this section?

The Board compared the Investment Manager's fee with those of other funds administered by EPFL having regard to size, investment objectives and policies.

What was the outcome of the assessment?

The Investment Manager's fee compared favourably with other EPFL administered funds displaying similar characteristics.

Were there any follow up actions?

There were no follow-up actions required.

### 7. Classes of Units

What was assessed in this section?

The Board reviewed the Trust's set-up to ensure that where there are multiple unit classes, unitholders are in the correct unit class given the size of their holding.

What was the outcome of the assessment?

There is only one unit class in the Trust, therefore this part of the assessment does not apply.

Were there any follow up actions?

There were no follow-up actions required.

### Overall Assessment of Value

Notwithstanding the matter discussed in Section 2, the Board concluded that The Alkerton Trust had provided value to unitholders.

Dean Buckley

Chairman of the Board of Evelyn Partners Fund Solutions Limited

18 December 2024

On reviewing this Assessment of Value report, we would welcome invaluable feedback from investors via our short questionnaire which can be found online:

<https://www.evelyn.com/services/fund-solutions/assessment-of-value/>

Investors' views are invaluable to the development and delivery of this report.

Should you be unable to access the questionnaire online please contact us directly on 0141 222 1151 and we will provide you with a paper copy of the questionnaire.

<sup>3</sup> At the interim reporting period 30 April 2024.

## Report of the Trustee to the unitholders of The Alkerton Trust

### Trustee's responsibilities

The Trustee must ensure that the Fund is managed in accordance with the Financial Conduct Authority's Collective Investment Schemes sourcebook, the Investment Funds Sourcebook, the Financial Services and Markets Act 2000, as amended, (together 'the Regulations'), the Trust Deed and Prospectus (together 'the Scheme documents') as detailed below.

The Trustee must in the context of its role act honestly, fairly, professionally, independently and in the interests of the Fund and its investors.

The Trustee is responsible for the safekeeping of all custodial assets and maintaining a record of all other assets of the Fund in accordance with the Regulations.

The Trustee must ensure that:

- the Fund's cash flows are properly monitored and that cash of the Fund is booked into the cash accounts in accordance with the Regulations;
- the sale, issue, redemption and cancellation of units are carried out in accordance with the Regulations;
- the value of units of the Fund are calculated in accordance with the Regulations;
- any consideration relating to transactions in the Fund's assets is remitted to the Fund within the usual time limits;
- the Fund's revenue is applied in accordance with the Regulations; and
- the instructions of the Alternative Investment Fund Manager ('AIFM') are carried out (unless they conflict with the Regulations).

The Trustee also has a duty to take reasonable care to ensure that the Fund is managed in accordance with the Regulations and the Scheme documents in relation to the investment and borrowing powers applicable to the Fund.

Having carried out such procedures as we consider necessary to discharge our responsibilities as Trustee of the Fund, it is our opinion, based on the information available to us and the explanations provided, that in all material respects the Fund, acting through the AIFM:

- (i) has carried out the issue, sale, redemption and cancellation, and calculation of the price of the Fund's units and the application of the Fund's revenue in accordance with the Regulations and the Scheme documents of the Fund; and
- (ii) has observed the investment and borrowing powers and restrictions applicable to the Fund.

NatWest Trustee and Depositary Services Limited  
29 January 2025

## Independent Auditor's report to the unitholders of The Alkerton Trust

### Opinion

We have audited the financial statements of The Alkerton Trust (the 'Trust') for the year ended 31 October 2024, which comprise the Statement of total return, Statement of change in net assets attributable to unitholders, Balance sheet, the related Notes to the financial statements, including significant accounting policies and the Distribution table. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- Give a true and fair view of the financial position of the Trust as at 31 October 2024 and of the net revenue and the net capital gains on the scheme property of the Trust for the year then ended;
- Have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- Have been prepared in accordance with the Investment Association Statement of Recommended Practice for Authorised Funds, the rules of the Collective Investment Schemes sourcebook (COLL Rules) of the Financial Conduct Authority and the Trust Deed.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor responsibilities for the audit of the financial statements section of our report. We are independent of the Trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions Relating to Going Concern

In auditing the financial statements, we have concluded that the Manager's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Trust's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Manager with respect to going concern are described in the relevant sections of this report.

### Other Information

The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. The Manager is responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Opinions on Other Matters Prescribed by the COLL Rules

In our opinion, based on the work undertaken in the course of the audit:

- Proper accounting records for the Trust have been kept and the accounts are in agreement with those records;
- We have received all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit; and
- The information given in the Report of the Manager for the year is consistent with the financial statements.

## Independent Auditor's report to the unitholders of The Alkerton Trust (continued)

### Responsibilities of the Manager

As explained more fully in the Statement of the Manager's responsibilities set out on page 3, the Manager is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to wind up the Trust or to cease operations, or has no realistic alternative but to do so.

### Auditor Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

### *Extent to which the audit was considered capable of detecting irregularities, including fraud*

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

We assessed whether the engagement team collectively had the appropriate competence and capabilities to identify or recognise non-compliance with laws and regulations by considering their experience, past performance and support available.

All engagement team members were briefed on relevant identified laws and regulations and potential fraud risks at the planning stage of the audit. Engagement team members were reminded to remain alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

We obtained an understanding of the legal and regulatory frameworks that are applicable to the Trust and the sector in which it operates, focusing on those provisions that had a direct effect on the determination of material amounts and disclosures in the financial statements. The most relevant frameworks we identified include:

- UK Generally Accepted Accounting Practice including Financial Reporting Standard 102 and the IA Statement of Recommended Practice for Authorised Funds;
- The Financial Conduct Authority's COLL Rules;
- The Financial Conduct Authority's Investment Funds sourcebook; and
- The Trust's Prospectus.

We gained an understanding of how the Trust is complying with these laws and regulations by making enquiries of the Manager. We corroborated these enquiries through our review of submitted returns, external inspections, relevant correspondence with regulatory bodies and the Trust's breaches register.

We assessed the susceptibility of the financial statements to material misstatement, including how fraud might occur, by meeting with management and those charged with governance to understand where it was considered there was susceptibility to fraud. This evaluation also considered how the Manager was remunerated and whether this provided an incentive for fraudulent activity. We considered the overall control environment and how the Manager oversees the implementation and operation of controls. In areas of the financial statements where the risks were considered to be higher, we performed procedures to address each identified risk. We identified a heightened fraud risk in relation to:

- Management override of controls; and
- The completeness and classification of special dividends between revenue and capital.

## Independent Auditor's report to the unitholders of The Alkerton Trust (continued)

### Auditor Responsibilities for the Audit of the Financial Statements (continued)

#### *Extent to which the audit was considered capable of detecting irregularities, including fraud (continued)*

In addition to the above, the following procedures were performed to provide reasonable assurance that the financial statements were free of material fraud or error:

- Reviewing the level of and reasoning behind the Trust's procurement of legal and professional services;
- Performing audit work procedures over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business, review of a pre sign-off Net Asset Valuation (NAV) statement for any unexpected activity and reviewing judgements made by the Manager in its calculation of accounting estimates for potential management bias;
- Using a third-party independent data source to assess the completeness of the special dividend population and determining whether special dividends recognised were revenue or capital in nature with reference to the underlying circumstances of the investee companies' dividend payments;
- Assessing the Trust's compliance with the key requirements of the Collective Investment Schemes sourcebook, Investment Funds sourcebook and its Prospectus;
- Completion of appropriate checklists and use of our experience to assess the Trust's compliance with the IA Statement of Recommended Practice for Authorised Funds; and
- Agreement of the financial statement disclosures to supporting documentation.

Our audit procedures were designed to respond to the risk of material misstatements in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve intentional concealment, forgery, collusion, omission or misrepresentation. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it.

#### Use of Our Report

This report is made solely to the Trust's unitholders, as a body, in accordance with Rule 4.5.12 of the COLL Rules published by the Financial Conduct Authority under section 247 of the Financial Services and Markets Act 2000. Our audit work has been undertaken so that we might state to the Trust's unitholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trust and the Trust's unitholders as a body, for our audit work, for this report, or for the opinions we have formed.

## Accounting policies of The Alkerton Trust

for the year ended 31 October 2024

### a Basis of accounting

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments. They have been prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ('FRS 102') and in accordance with the Statement of Recommended Practice for UK Authorised Funds ('the SORP') published by The Investment Association in May 2014 and amended in June 2017, and the requirements of the Collective Investment Schemes sourcebook ('COLL') and the Investment Funds sourcebook ('FUND').

The Manager has considered a detailed assessment of the Fund's ability to meet its liabilities as they fall due, including liquidity, declines in global capital markets and investor redemption levels. Based on this assessment, the Fund continues to be open for trading and the Manager is satisfied the Fund has adequate financial resources to continue in operation for at least the next 12 months and accordingly it is appropriate to adopt the going concern basis in preparing the financial statements.

### b Valuation of investments

The purchases and sales of investments are included up to close of business on the last business day of the accounting year.

Purchases and sales of investments are recognised when a legally binding and unconditional right to obtain, or an obligation to deliver an asset arises.

The quoted investments of the Fund have been valued at the global closing bid-market prices excluding any accrued interest in the case of debt securities ruling on the principal markets on which the stocks are quoted on the last business day of the accounting year.

Collective investment schemes are valued at the bid price for dual priced funds and at the single price for single priced funds and are valued at their most recent published price prior to the close of business valuation on 31 October 2024.

### c Foreign exchange

The base currency of the Fund is UK sterling which is taken to be the Fund's functional currency.

All transactions in foreign currencies are converted into sterling at the rates of exchange ruling at the dates of such transactions. The resulting exchange differences are disclosed in note 2 of the Notes to the financial statements.

Any foreign currency assets and liabilities at the end of the accounting period are translated at the exchange rate prevailing at the balance sheet date.

### d Revenue

Revenue is recognised in the Statement of total return on the following basis:

Dividends from quoted equity instruments and non equity shares are recognised as revenue, net of attributable tax credits on the date when the securities are quoted ex-dividend.

Overseas dividends are recognised as revenue gross of any withholding tax and the tax consequences are recognised within the tax expense.

Distributions from collective investment schemes are recognised as revenue on the date the securities are quoted ex-dividend. Equalisation on distributions from collective investment schemes is deducted from the cost of the investment and does not form part of the Fund's distribution.

Excess reportable income from reporting offshore funds is recognised as revenue when the reported distribution rate is available and forms part of the Fund's distribution.

Compensation is treated as either revenue or capital in nature depending on the facts of each particular case.

Special dividends are treated as either revenue or a repayment of capital depending on the facts of each particular case.

Interest on bank deposits and short term deposits is recognised on an accruals basis.

## Accounting policies of The Alkerton Trust (continued)

for the year ended 31 October 2024

### d Revenue (continued)

Interest on debt securities is recognised on an accruals basis, taking into account the effective yield on the investment. Accrued interest purchased and sold on interest bearing securities is excluded from the capital cost of these securities and dealt with as part of the revenue of the Fund. The effective yield is a calculation that amortises any discount or premium on the purchase of an investment over its remaining life based on estimated cash flows. The amortised amounts form part of the distributable revenue and are calculated at each month end.

### e Expenses

All expenses, other than those relating to the purchase and sale of investments, are charged to revenue on an accrual basis then reallocated to capital, net of any tax effect.

### f Taxation

Tax payable on profits is recognised as an expense in the period in which profits arise. The tax effects of tax losses available to carry forward are recognised as an asset when it is probable that future taxable profits will be available, against which these losses can be utilised.

UK corporation tax is provided as amounts to be paid/recovered using the tax rates and laws that have been enacted at the balance sheet date.

Deferred taxation is provided in full on timing differences that result in an obligation at 31 October 2024 to pay more or less tax, at a future date, at rates expected to apply when they crystallise based on current rates and tax laws. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets and liabilities are not discounted.

Provision for deferred tax assets are only made to the extent the timing differences are expected to be of future benefit.

All foreign dividend revenue is recognised as a gross amount which includes any withholding tax deducted at source. Where foreign tax is withheld in excess of the applicable treaty rate a tax debtor is recognised to the extent that the overpayment is considered recoverable.

### g Efficient Portfolio Management

Where appropriate, certain permitted instruments such as derivatives or forward currency contracts may be used for Efficient Portfolio Management purposes. Where such instruments are used to protect or enhance revenue, the revenue or expenses derived therefrom are included in the Statement of total return as revenue related items and form part of the distribution. Where such instruments are used to protect or enhance capital, the gains and losses derived therefrom are included in the Statement of total return as capital related items.

### h Distribution policies

#### i Basis of distribution

The distribution policy is to distribute all available revenue after deduction of expenses payable from revenue. Distributions attributable to income units are paid to unitholders.

#### ii Unclaimed distributions

Distributions to unitholders outstanding after 6 years are taken to the capital property of the Fund.

#### iii Revenue

All revenue is included in the final distribution with reference to policy d.

#### iv Expenses

Expenses incurred against the revenue of the Fund are included in the final distribution, subject to any expense which may be transferred to capital for the purpose of calculating the distribution, with reference to policy e.

## Investment Manager's report

### Investment performance\*

	Return
The Alkerton Trust	+19.7%
UK Consumer Price Index +3.75%	+5.2%

### Equity Performance

The equity allocation (+23.6%) performed strongly over the year. This was led by strong performance in US equities (+31.9%) which benefitted from the exposure to technology names such as NVIDIA (+207.0%) and Meta Platforms 'A' (+78.1%) following continued investor enthusiasm over developments in Artificial Intelligence ('AI'). The portfolio's exposure to healthcare also supported performance with Eli Lilly (+41.9%) and Novo Nordisk (+10.2%) advancing during the year following continued positive product developments and increasing demand.

### Fixed Income and Alternative Assets Performance

The fixed income allocation returned +9.5%, outperforming the UK Gilt market +5.7%. Performance was supported by the allocation to corporate bonds as credit spreads narrowed during the year. With this in mind, Schroder ISF Strategic Credit was amongst the top performers returning +12.5%.

The alternatives allocation rose in value by +18.0% during the year, driven by strength from the property exposure +31.9% and the infrastructure allocation +10.6%. The latter benefitted from a narrowing of discount rates to net asset value across the investment trust sector over the year.

### Investment activities\*

Within direct equities, the Fund increased the positions in Illinois Tool Works and Thermo Fisher Scientific and reduced the position in strong performing technology stock NVIDIA. Proceeds were reinvested into AIA Group on valuation weakness. Sensata Technologies Holding and TransUnion were sold following a review of their investment thesis. Furthermore, the positions in healthcare companies Eli Lilly and Novo Nordisk were reduced following continued strong performance. The proceeds were used to purchase cybersecurity company Fortinet and quality cyclical Home Depot.

Within fixed income, Federated Hermes Unconstrained Credit Fund was sold on valuation grounds following strong performance. The proceeds were reinvested into UK Treasury Gilt 4.25% 07/09/2039.

#### Since inception performance chart

#### Market review and outlook

The overall objective is to achieve a total return of at least UK Consumer Price Index +3.75% per annum, net of all costs and charges on a rolling three to five year basis. The portfolio aims to achieve this by targeting 60-80% of equity market risk.

All investments are listed on recognised stock exchanges and are approved securities or regulated collective investment schemes within the meaning of the FCA rules unless otherwise stated.

The comparative figures in brackets are as at 31 October 2023.

United Kingdom equities are grouped in accordance with Global Industry Classification Standard ('GICS').

GICS was developed by and is the exclusive property and a service mark of MSCI Inc. ('MSCI') and Standard & Poor's, a division of The McGraw-Hill Companies, Inc. ('S&P') and is licensed for use by Evelyn Partners Services Limited. Neither MSCI, S&P nor any third party involved in making or compiling the GICS or any GICS classifications makes any express or implied warranties or representations with respect to such standard or classification (or the results to be obtained by the use thereof), and all such parties hereby expressly disclaim all warranties of originality, accuracy, completeness, merchantability and fitness for a particular purpose with respect to any of such standard or classification. Without limiting any of the foregoing, in no event shall MSCI, S&P, any of their affiliates or any third party involved in making or compiling the GICS or any GICS classifications have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits) even if notified of the possibility of such damages.

## Risk and reward profile\*

The risk and reward indicator table demonstrates where the Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is based on past data, may change over time and may not be a reliable indication of the future risk profile of the Fund. The shaded area in the table below shows the Fund's ranking on the risk and reward indicator.

The Fund is in a higher category because the price of its investments have risen or fallen frequently and more dramatically than some other types of investment. The category shown is not guaranteed to remain unchanged and may shift over time. Even the lowest category does not mean a risk-free investment.

For full details on risk factors for the Fund, please refer to the Prospectus.

There have been no changes to the risk and reward indicator in the year.

\* As per the KIID published on 15 February 2024.

## Comparative table

The following disclosures give a unitholder an indication of the performance of a unit in the Fund. It also discloses the operating charges and direct transaction costs applied to each unit. Operating charges are those charges incurred in operating the Fund and direct transaction costs are costs incurred when purchasing or selling securities in the portfolio of investments.

	2024	2023	2022
	p	p	p
<b>Income</b>

Lowest bid unit price	1,524	1,537	1,492

Investments carry risk. Past performance is not a guide to future performance. Investors may not get back the amount invested.

<sup>^</sup> Rounded to 2 decimal places.

<sup>^^</sup> The operating charges are represented by the Ongoing Charges Figure ('OCF'). The OCF consists principally of the Manager's periodic charge and the Investment Manager's fee which are included in the annual management charge, but also includes the costs for other services paid. It is indicative of the charges which may occur in a year as it is calculated on historical data.

The OCF includes expenses incurred by underlying holdings of collective investment schemes and closed ended vehicles such as investment trusts in relation to the Fund (the synthetic 'OCF'). Following guidance issued by the Investment Association on 30 November 2023, the synthetic OCF calculation no longer includes closed ended vehicles.

1. Accounting policies

The accounting policies are disclosed on pages 12 and 13.

2. Net capital gains	2024	2023
	£	£
Non-derivative securities - realised gains	402,213	436,628
Non-derivative securities - movement in unrealised gains / (losses)	3,458,815	(307,323)
Currency gains / (losses)	502	(2,416)
Forward currency contracts gains	144	431
Compensation	-	2
Transaction charges	(4,395)	(4,911)
Total net capital gains	<u>3,857,279</u>	<u>122,411</u>
3. Revenue	2024	2023
	£	£
UK revenue	170,969	199,520
Unfranked revenue	103,598	137,674
Overseas revenue	489,945	461,519
Interest on debt securities	51,727	25,117
Bank and deposit interest	7,856	6,190
Total revenue	<u>824,095</u>	<u>830,020</u>
4. Expenses	2024	2023
	£	£
Payable to the Manager and associates		
Annual management charge*	259,379	240,180
Annual management charge rebate*	(102,542)	(96,371)
	<u>156,837</u>	<u>143,809</u>
Payable to the Trustee		
Trustee fees	<u>9,003</u>	<u>9,000</u>
Other expenses:		
Audit fee	9,025	7,968
Non-executive directors' fees	1,275	1,666
Safe custody fees	1,472	1,264
FCA fee	164	203
KIID production fee	500	458
	<u>12,436</u>	<u>11,559</u>
Total expenses	<u>178,276</u>	<u>164,368</u>

\* The annual management charge is 1.00% and includes the Manager's periodic charge and the Investment Manager's fee. Where the Manager's periodic charge and the Investment Manager's fee are cumulatively lower than the annual management charge a rebate may occur. For the year ended 31 October 2024, the annual management charge after rebates is 0.60%. The Investment Manager's fee excludes any holdings within the portfolio of investments that are managed by the Investment Manager, Schroder & Co. Limited (trading under the name Cazenove Capital Management).

## Notes to the financial statements (continued)

for the year ended 31 October 2024

5. Taxation	2024	2023
	£	£
<i>a. Analysis of the tax charge for the year</i>		
UK corporation tax	2,635	-
Overseas tax withheld	22,130	20,774
Total current taxation (note 5b)	<u>24,765</u>	<u>20,774</u>
Deferred tax charge - origination and reversal of timing differences (note 5c)	11,906	16,183
Total taxation (note 5b)	<u><u>36,671</u></u>	<u><u>36,957</u></u>

### *b. Factors affecting the tax charge for the year*

The tax assessed for the year is lower (2023: lower) than the standard rate of UK corporation tax for an authorised collective investment scheme of 20% (2023: 20%). The differences are explained below:

	2024	2023
	£	£
Net revenue before taxation	<u>645,819</u>	<u>665,652</u>
Corporation tax @ 20%	129,164	133,130
Effects of:		
UK revenue	(34,194)	(39,904)
Overseas revenue	(80,429)	(77,043)
Overseas tax withheld	22,130	20,774
Utilisation of excess management expenses	(11,906)	(16,183)
Deferred tax charge	11,906	16,183
Total taxation (note 5a)	<u><u>36,671</u></u>	<u><u>36,957</u></u>

### *c. Provision for deferred taxation*

	2024	2023
	£	£
Opening provision	(11,906)	(28,089)
Deferred tax charge (note 5a)	11,906	16,183
Closing provision	<u>-</u>	<u>(11,906)</u>

## 6. Distributions

The distributions take account of revenue added on the issue of units and revenue deducted on the cancellation of units, and comprise:

	2024	2023
	£	£
Quarter 1 income distribution	190,479	168,513
Interim income distribution	203,017	228,320
Quarter 3 income distribution	202,318	201,028
Final income distribution	155,947	162,216
	<u>751,761</u>	<u>760,077</u>
Equalisation:		
Amounts deducted on cancellation of units	-	121
Total net distributions	<u><u>751,761</u></u>	<u><u>760,198</u></u>

Notes to the financial statements (continued)  
for the year ended 31 October 2024

6. Distributions (continued)

Reconciliation between net revenue and distributions:

Net revenue after taxation per Statement of total return	609,148	628,695
Undistributed revenue brought forward	7	15
Expenses paid from capital	178,276	164,368
Marginal tax relief	(47,561)	(49,056)
Deferred tax charge	11,906	16,183
Undistributed revenue carried forward	(15)	(7)
Distributions	<u>751,761</u>	<u>760,198</u>

Details of the distribution per unit are disclosed in the Distribution table.

7. Debtors

	2024	2023
	£	£
Accrued revenue	41,725	46,290
Recoverable overseas withholding tax	4,290	6,475
Prepaid expenses	125	193
Deferred tax asset	-	11,906
	<u>46,140</u>	<u>64,864</u>
Payable from the Manager and associates		
Annual management charge rebate	<u>9,172</u>	<u>8,282</u>
Total debtors	<u>55,312</u>	<u>73,146</u>

8. Cash and cash equivalents

	2024	2023
	£	£
Total cash and cash equivalents	<u>1,076,645</u>	<u>734,377</u>

9. Other creditors

	2024	2023
	£	£
Accrued expenses:		
Safe custody fees	391	117
Audit fee	9,025	7,968
Non-executive directors' fees	1,149	1,252
FCA fee	96	-
Transaction charges	166	149
Total accrued expenses	<u>10,827</u>	<u>9,486</u>
Corporation tax payable	<u>2,635</u>	-
Total other creditors	<u>13,462</u>	<u>9,486</u>

10. Commitments and contingent liabilities

At the balance sheet date there are no commitments or contingent liabilities.

## Notes to the financial statements (continued)

for the year ended 31 October 2024

### 11. Unit classes

The following reflects the change in units in issue in the year:

Opening units in issue	Income 1,517,881
Closing units in issue	<u>1,517,881</u>

Further information in respect of the return per unit is disclosed in the Comparative table.

### 12. Related party transactions

Evelyn Partners Fund Solutions Limited, as Manager is a related party due to its ability to act in respect of the operations of the Fund.

The Manager acts as principal in respect of all transactions of units in the Fund. The aggregate monies received and paid through the creation and cancellation of units are disclosed in the Statement of change in net assets attributable to unitholders of the Fund.

Amounts payable to the Manager and its associates are disclosed in note 4. The amounts due from the Manager and its associates at the balance sheet date are disclosed in note 7.

### 13. Events after the balance sheet date

Subsequent to the year end, the net asset value per income unit has increased from 1,773p to 1,835p as at 22 January 2025. This movement takes into account routine transactions but also reflects the market movements of recent months.

### 14. Transaction costs

#### a Direct transaction costs

Direct transaction costs include fees and commissions paid to agents, advisers, brokers and dealers; levies by regulatory agencies and security exchanges; and transfer taxes and duties.

Commission is a charge which is deducted from the proceeds of the sale of securities and added to the cost of the purchase of securities. This charge is a payment to agents, advisers, brokers and dealers in respect of their services in executing the trades.

Tax is payable on the purchase of securities in the United Kingdom. It may be the case that 'other taxes' will be charged on the purchase of securities in countries other than the United Kingdom.

The total purchases and sales and the related direct transaction costs incurred in these transactions are as follows:

	Purchases before transaction costs		Commission		Taxes		Financial transaction tax		Purchases after transaction costs
	£	£	%	£	%	£	%	£	
2024									
Equities	1,006,650	649	0.06%	1,207	0.12%	-	-	1,008,506

Capital events amount of £329,386 (2023: £227,221) is excluded from the total sales as there were no direct transaction costs charged in these transactions.

#### Summary of direct transaction costs

The following represents the total of each type of transaction cost, expressed as a percentage of the Fund's average net asset value in the year:

	£	% of average net asset value
2024		
Commission	1,357	0.01%
Taxes	1,207	0.00%
	£	% of average net asset value
2023		
Commission	2,047	0.01%
Taxes	806	0.00%
Financial transaction tax	638	0.00%

#### b Average portfolio dealing spread

The average portfolio dealing spread is calculated as the difference between the bid and offer value of the portfolio as a percentage of the offer value.

The average portfolio dealing spread of the investments at the balance sheet date was 0.08% (2023: 0.12%).

### 15. Risk management policies

In pursuing the Fund's investment objective, as set out in the Prospectus, the following are accepted by the Manager as being the main risks from the Fund's holding of financial instruments, either directly or indirectly through its underlying holdings. These are presented with the Manager's policy for managing these risks. To ensure these risks are consistently and effectively managed these are continually reviewed by the risk committee, a body appointed by the Manager, which sets the risk appetite and ensures continued compliance with the management of all known risks.

\* No direct transaction costs were incurred in these transactions.

## Notes to the financial statements (continued)

for the year ended 31 October 2024

### 15. Risk management policies (continued)

#### a Market risk

Market risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices and comprise three elements: other price risk, currency risk, and interest rate risk.

#### (i) Other price risk

The Fund's exposure to price risk comprises mainly of movements in the value of investment positions in the face of price movements.

The main elements of the portfolio of investments exposed to this risk are equities, collective investment schemes and closed-ended funds.

This risk is generally regarded as consisting of two elements: stock specific risk and market risk. Through these two factors, the Fund is exposed to price fluctuations, which are monitored by the Manager in pursuance of the investment objective and policy.

Adhering to investment guidelines and avoiding excessive exposure to one particular issuer can limit stock specific risk. Subject to compliance with the investment objective of the Fund, spreading exposure in the portfolio of investments both globally and across sectors or geography can mitigate market risk.

At 31 October 2024, if the price of the investments held by the Fund increased or decreased by 5%, with all other variables remaining constant, then the net assets attributable to unitholders of the Fund would increase or decrease by approximately £1,238,820 (2023: £1,082,781).

#### (ii) Currency risk

Currency risk is the risk that the value of investments or future cash flows will fluctuate as a result of exchange rate movements. Investment in overseas securities or holdings of foreign currency cash will provide direct exposure to currency risk as a consequence of the movement in foreign exchange rates against sterling. Investments in UK securities investing in overseas securities will give rise to indirect exposure to currency risk. These fluctuations can also affect the profitability of some UK companies, and thus their market prices, as sterling's relative strength or weakness can affect export prospects, the value of overseas earnings in sterling terms, and the prices of imports sold in the UK.

Forward currency contracts may be used to manage the portfolio exposure to currency movements.

The foreign currency risk profile of the Fund's financial instruments and cash holdings at the balance sheet date is as follows:

	Financial instruments and cash holdings	Net debtors and creditors	Total net foreign currency exposure
2024	£	£	£
Danish krone	301,998	1,432	303,430
Euro	923,766	2,674	926,440
Hong Kong dollar	524,982	-	524,982
Norwegian krone	258,295	-	258,295
Singapore dollar	398,806	-	398,806
Swiss franc	437,861	-	437,861
US dollar	7,557,754	2,123	7,559,877
Total foreign currency exposure	10,403,462	6,229	10,409,691

## Notes to the financial statements (continued)

for the year ended 31 October 2024

### 15. Risk management policies (continued)

#### a Market risk (continued)

#### (ii) Currency risk (continued)

	Financial instruments and cash holdings	Net debtors and creditors	Total net foreign currency exposure
2023	£	£	£
Danish krone	427,407	1,278	428,685
Euro	701,872	5,259	707,131
Hong Kong dollar	382,452	-	382,452
Norwegian krone	259,812	941	260,753
Singapore dollar	315,162	-	315,162
Swiss franc	456,490	-	456,490
US dollar	5,809,238	1,887	5,811,125
Total foreign currency exposure	<u>8,352,433</u>	<u>9,365</u>	<u>8,361,798</u>

At 31 October 2024, if the value of sterling increased or decreased by 5% against all other currencies, with all other variables remaining constant, then the net assets attributable to unitholders of the Fund would increase or decrease by approximately £520,485 (2023: £418,090).

#### (iii) Interest rate risk

Interest rate risk is the risk that the value of the Fund's investments will fluctuate as a result of interest rate changes.

During the year the Fund's direct exposure to interest rates consisted of cash and bank balances and interest bearing securities. The Fund also has indirect exposure to interest rate risk as it invests in bond funds. The amount of revenue receivable from bank balances or payable on bank overdrafts will be affected by fluctuations in interest rates. The value of interest bearing securities may be affected by changes in the interest rate environment, either globally or locally.

In the event of a change in interest rates, there would be no material impact upon the net assets of the Fund.

The Fund would not in normal market conditions hold significant cash balances and would have limited borrowing capabilities as stipulated in the COLL rules.

Derivative contracts are not used to hedge against the exposure to interest rate risk.

The interest rate risk profile of financial assets and liabilities at the balance sheet date is as follows:

	Variable rate financial assets	Fixed rate financial assets	Non-interest bearing financial assets	Non-interest bearing financial liabilities	Total
2024	£	£	£	£	£
Danish krone	-	-	303,430	-	303,430
Euro	2	-	926,440	-	926,442

US dollar	1,380	-	5,809,745	-	5,811,125
	<u>734,377</u>	<u>899,655</u>	<u>21,728,762</u>	<u>(171,702)</u>	<u>23,191,092</u>

#### b Credit risk

This is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. This includes counterparty risk and issuer risk.

The Trustee has appointed the custodian to provide custody services for the assets of the Fund. There is a counterparty risk that the custodian could cease to be in a position to provide custody services to the Fund. The Fund's investments (excluding cash) are ring fenced hence the risk is considered to be negligible.

In addition to the interest rate risk, bond investments are exposed to issuer risk which reflects the ability for the bond issuer to meet its obligations to pay interest and return the capital on the redemption date. Change in issuer risk will change the value of the investments and is dealt with further in note 15a. The majority of the debt securities held within the portfolio are investment grade bonds. These are made across a variety of industry sectors, and geographical markets, so as to avoid concentrations of credit risk. A breakdown is provided in the Portfolio statement. The credit quality of the debt securities is disclosed in the Portfolio statement.

The Fund holds cash and cash deposits with financial institutions which potentially exposes the Fund to counterparty risk. The credit rating of the financial institution is taken into account so as to minimise the risk to the Fund of default.

Holdings in collective investment schemes are subject to direct credit risk. The exposure to pooled investment vehicles is unrated.

#### c Liquidity risk

A significant risk is the cancellation of units which investors may wish to sell and that securities may have to be sold in order to fund such cancellations if insufficient cash is held at the bank to meet this obligation. If there were significant requests for the redemption of units at a time when a large proportion of the portfolio of investments were not easily tradable due to market volumes or market conditions, the ability to fund those redemptions would be impaired and it might be necessary to suspend dealings in units in the Fund.

Investments in smaller companies at times may prove illiquid, as by their nature they tend to have relatively modest traded share capital. Shifts in investor sentiment, or the announcement of new price sensitive information, can provoke significant movement in share prices, and make dealing in any quantity difficult.

The Fund may also invest in securities that are not listed or traded on any stock exchange. In such situations the Fund may not be able to immediately sell such securities.

## Notes to the financial statements (continued)

for the year ended 31 October 2024

### 15. Risk management policies (continued)

#### c Liquidity risk (continued)

The equity markets of emerging countries tend to be more volatile than the more developed markets of the world. Standards of disclosure and accounting regimes may not always fully comply with international criteria, and can make it difficult to establish accurate estimates of fundamental value. The dearth of accurate and meaningful information, and inefficiencies in its distribution, can leave emerging markets prone to sudden and unpredictable changes in sentiment. The resultant investment flows can trigger significant volatility in these relatively small and illiquid markets. At the same time, this lack of liquidity, together with low dealing volumes, can restrict the Manager's ability to execute substantial deals.

To reduce liquidity risk the Manager will ensure, in line with the limits stipulated within the COLL rules, a substantial portion of the Fund's assets consist of readily realisable securities. This is monitored on a monthly basis and reported to the Risk Committee together with historical outflows of the Fund.

In addition liquidity is subject to stress testing on an annual basis to assess the ability of the Fund to meet large redemptions, while still being able to adhere to its objective guidelines and the FCA investment borrowing regulations.

All of the financial liabilities are payable on demand.

#### d Fair value of financial assets and financial liabilities

There is no material difference between the value of the financial assets and liabilities, as shown in the balance sheet, and their fair value.

To ensure this, the fair value pricing committee is a body appointed by the Manager to analyse, review and vote on price adjustments/maintenance where no current secondary market exists and/or where there are potential liquidity issues that would affect the disposal of an asset. In addition, the committee may also consider adjustments to the Fund's price should the constituent investments be exposed to closed markets during general market volatility or instability.

	Investment assets 2024	Investment liabilities 2024
	£	£

Unobservable data	-	-
	<u>22,555,271</u>	<u>-</u>

No securities in the portfolio of investments are valued using valuation techniques.

#### e Assets subject to special arrangements arising from their illiquid nature

There are no assets held in the portfolio of investments which are subject to special arrangements arising from their illiquid nature.

## Notes to the financial statements (continued)

for the year ended 31 October 2024

### 15. Risk management policies (continued)

#### f Derivatives

The Fund may employ derivatives with the aim of reducing the Fund's risk profile, reducing costs or generating additional capital or revenue, in accordance with Efficient Portfolio Management.

The Manager monitors that any exposure is covered globally to ensure adequate cover is available to meet the Fund's total exposure, taking into account the value of the underlying investments, any reasonably foreseeable market movement, counterparty risk, and the time available to liquidate any positions.

In the year there was direct exposure to derivatives. On a daily basis, exposure is calculated in UK sterling using the commitment approach with netting applied where appropriate. The total global exposure figure is divided by the net asset value of the Fund to calculate the percentage global exposure. Global exposure is a risk mitigation technique that monitors the overall commitment to derivatives in the Fund at any given time and may not exceed 100% of the net asset value of the property of the Fund.

For certain derivative transactions cash margins may be required to be paid to the brokers with whom the trades were executed and settled. These balances are subject to daily reconciliations and are held by the broker in segregated cash accounts that are afforded client money protection.

Derivatives may be used for investment purposes and as a result could potentially impact upon the risk factors outlined above.

#### (i) Counterparties

Transactions in securities give rise to exposure to the risk that the counterparties may not be able to fulfil their responsibility by completing their side of the transaction. This risk is mitigated by the Fund using a range of brokers for security transactions, thereby diversifying the risk of exposure to any one broker. In addition the Fund will only transact with brokers who are subject to frequent reviews with whom transaction limits are set.

The Fund may transact in derivative contracts which potentially exposes the Fund to counterparty risk from the counterparty not settling their side of the contract. Transactions involving derivatives are entered into only with investment banks and brokers with appropriate and approved credit rating, which are regularly monitored. Forward currency transactions are only undertaken with the custodians appointed by the Trustee.

At the balance sheet date, there are no securities in the portfolio of investments subject to a repurchase agreement.

#### (ii) Leverage

The leverage is calculated as the exposure generated through the use of derivatives (calculated in accordance with the commitment approach) divided by the net asset value.

There have been no leveraging arrangements in the year.

#### (iii) Global exposure

Global exposure is a measure designed to limit the leverage generated by a fund through the use of financial derivative instruments, including derivatives with embedded assets.

At the balance sheet date there is no global exposure to derivatives.

There have been no collateral arrangements in the year.

## Distribution table

for the year ended 31 October 2024

Quarter 1 distribution in pence per unit

## Remuneration

### Remuneration code disclosure

The remuneration committee is responsible for setting the remuneration policy for all partners, directors and employees within Evelyn Partners Group Limited ('the Group'), including individuals designated as Material Risk Takers (MRTs) under the Remuneration Code. The remuneration policy is designed to be compliant with the Code and provides a framework to attract, retain, motivate and reward partners, directors and employees. The overall policy is designed to promote the long-term success of the group and to support prudent risk management, with particular attention to conduct risk.

### Remuneration committee

The remuneration committee report contained in the Group Report and Financial Statements for the year ended 31 December 2023 includes details on the remuneration policy. The remuneration committee comprises five non-executive directors<sup>1</sup> and is governed by formal terms of reference, which are reviewed and agreed by the board. The committee met eight times during 2023.

### Remuneration policy

The main principles of the remuneration policy are:

- to align remuneration with the strategy and performance of the business;
- to ensure that remuneration is set at an appropriate and competitive level taking into account market rates and practices;
- to foster and support conduct and behaviours which are in line with our culture and values;
- to maintain a sound risk management framework;
- to ensure that the ratio between fixed and variable remuneration is appropriate and does not encourage excessive risk taking;
- to comply with all relevant regulatory requirements; and
- to align incentive plans with the business strategy and shareholder interests.

The policy is designed to reward partners, directors and employees for delivery of both financial and non-financial objectives which are set in line with company strategy. As part of a "balanced scorecard" approach to variable remuneration non-financial criteria including, but not limited to, compliance and risk issues, client management, supervision, leadership and teamwork are considered alongside financial performance.

### Remuneration systems

The committee reviews all partners' and directors' fixed and variable remuneration. In addition, it approves hurdles and awards in respect of equity incentive plans, namely a Deferred Option Plan, Equity Matching Plan, Matching Share Plan, Executive Long Term Incentive Plan and an Investment Management Long Term Incentive Plan.

The remuneration of partners is made up of a fixed profit share, discretionary bonus profit share and non-discretionary bonus profit share. The remuneration of employees typically comprises of a salary with benefits including pension contribution, life assurance, permanent health insurance, private medical insurance, SAYE scheme and a discretionary bonus scheme. Partners, directors and associate directors are also eligible to participate, at the invitation of the committee, in the equity incentive plans described above.

When setting variable remuneration for the executive directors, the committee considers overall business profit for the group and divisions, achievement of both financial and non-financial objectives (including adherence to the principles of treating customers fairly, conduct risk, compliance and regulatory rules), personal performance and any other relevant policy of the board in respect of the year ended 31 December 2023. The committee agrees the individual allocation of variable remuneration and the proportion of that variable remuneration to be awarded as restricted shares.

<sup>1</sup> Please note that the data provided for the independent non-executive directors is as at 31 December 2023. The data provided is for independent non-executive directors only.

## Remuneration (continued)

### Aggregate quantitative information

The total amount of remuneration paid by Evelyn Partners Fund Solutions Limited ('EPFL') is nil as EPFL has no employees. However, a number of employees have remuneration costs recharged to EPFL and the annualised remuneration for these 72 employees is £3.51 million of which £3.23 million is fixed remuneration. This is based on the salary and benefits for those identified as working in EPFL as at 31 December 2023. Any variable remuneration is awarded for the year ended 31 December 2023. This information excludes any senior management or other Material Risk Takers (MRTs) whose remuneration information is detailed below.

Evelyn Partners Group Limited reviews its MRTs at least annually. These individuals are employed by and provide services to other companies in the Group. It is difficult to apportion remuneration for these individuals in respect of their duties to EPFL. For this reason, the aggregate total remuneration awarded for the year 31 December 2023 for senior management and other MRTs detailed below has not been apportioned.

Table to show the aggregate remuneration split by Senior Management and other MRTs for EPFL		For the period 1 January 2023 to 31 December 2023				
	Fixed	Variable	Variable	Total	No. MRTs	
	£'000	Cash	Equity	£'000		
		£'000	£'000	£'000		
Senior Management	3,518	1,662	-	5,180	18	
Other MRTs	919	848	-	1,767	5	
<b>Total</b>	<b>4,437</b>	<b>2,510</b>	<b>-</b>	<b>6,947</b>	<b>23</b>	

### Investment Manager

The Manager delegates the management of the Fund's portfolio of assets to Schroder & Co. Limited (trading under the name Cazenove Capital Management) and pays to Schroder & Co. Limited, out of the annual management charge, a monthly fee calculated on the total value of the portfolio of investments at each valuation point. Schroder & Co. Limited are compliant with the Capital Requirements Directive regarding remuneration and therefore their staff are covered by remuneration regulatory requirements.

## Further information

### Distributions and reporting dates

Where net revenue is available it will be distributed quarterly on 31 December (final), 31 March (quarter 1), 30 June (interim) and 30 September (quarter 3). In the event of a distribution, unitholders will receive a tax voucher.

XD dates:	1 November	final
	1 February	quarter 1
	1 May	interim
	1 August	quarter 3

Reporting dates:	31 October	annual
	30 April	interim

### Buying and selling units

The property of the Fund is valued at 12 noon each Wednesday, or if this does not fall on a business day, the business day in London immediately prior to it, with the exception of Christmas Eve and New Year's Eve or any other public holiday in England and Wales, or the last business day prior to those days annually where the valuation may be carried out at a time agreed in advance between the Manager and the Trustee, and prices of units are calculated as at that time. Unit dealing is on a forward basis meaning investors can buy and sell units at the next valuation point following receipt of the order.

Prices of units and the estimated yield of the Fund are published on the following website: [www.trustnet.com](http://www.trustnet.com) or may be obtained by calling 0141 222 1151.

### Benchmark

Unitholders may compare the performance of the Fund against UK Consumer Price Index +3.75%.

The Manager has selected this comparator benchmark as it reflects the absolute returns above inflation.

The benchmark is not a target for the Fund, nor is the Fund constrained by the benchmark.
