2.12 **Winding-up the Company**

- (a) The Company will continue until wound up in accordance with the Rules.
- (b) The Company may be wound up under chapter 7.3 of COLL or as an unregistered company under Part V of the Insolvency Act 1986. Winding up of the Company under COLL is only permitted (a) when effect has been given, under regulation 21 of the OEIC Regulations, to proposals to wind up the affairs of the Company and (b) a statement has been prepared and sent to the FCA under COLL 7.3.5 R ("solvency statement") and received by the FCA prior to satisfaction of the conditions set out in this paragraph.
- (c) Subject to the foregoing, the Company will be wound up under COLL:
- i. if an extraordinary resolution of Shareholders of the Company to that effect is passed;
  - ii. when the period (if any) fixed for the duration of the Company by the Instrument of Incorporation or any event occurs, for which the Instrument of Incorporation provides that the Company is to be wound up; or
  - iii. on the date stated in any agreement by the FCA in response to a request from the ACD for the winding up of the Company; or

- (g) On completion of the winding up of the Company, the Company will be dissolved and any money (including unclaimed distributions) standing to the account of the Company will be paid into court within one month of dissolution.

### 3. **Shares**

- 3.1 The Company may issue different classes of Shares. Income and accumulation Shares are currently available in the Company.
- 3.2 Holders of income Shares are entitled to be paid the income (if any) attributed to such Shares on the relevant interim and annual allocation dates.
- 3.3 Holders of accumulation Shares are not entitled to be paid the income attributable to such Shares, but that income is automatically transferred to (and retained as part of) the capital assets of the Company at the end of the relevant distribution period and is reflected in the price of an accumulation Share.
- 3.4 Where the Company has different Classes, each Class may attract different charges and so monies may be deducted from Classes in unequal proportions. In these circumstances the proportionate interests of the Classes within the Company will be adjusted accordingly.
- 3.5 The price of the Shares is expressed in pounds Sterling and the shares themselves have no nominal value.
- 3.6 The rights attaching to the Shares may be expressed in two denominations and the proportion of a larger denomination Share represented by a smaller denomination share shall be one thousandth of the larger denomination share.
- 3.7 Names and addresses of Shareholders will be entered in the Register to evidence title to the Shares. Shareholders will not be issued with a certificate. The ACD will impose no requirements nor will Shareholders have any special rights or entitlements with respect to the transfer of their holding or exchange of their shares to or for shares in any other fund operated by the ACD.

#### 4. **Investment Objective, Investment Policy, Performance Target, Performance Comparator and Investor Profile**

##### 4.1 **Investment Objective**

The Company aims to achieve a positive growth in value (with a combination of income and growth of capital), with a target return of the UK Retail Prices Index (the **RPI**), net of fees, with lower volatility than the Morningstar UK NR GBP index, on average, over 5 year rolling periods.

There is no guarantee that this return will be achieved over a 5 year period, or any other period and capital is at risk.

##### 4.2 **Investment Policy**

The Investment Managers adopt a flexible investment strategy and may invest in some or all sectors, including money markets, in some or all world markets, (including the UK) in order to best take advantage of economic opportunities worldwide.

The primary assets in which the Company will invest will be equities, fixed income investments (for example, corporate and government bonds) and other transferable securities. The Company may also invest in Exchange Traded Notes and Exchange Traded Commodities, money market instruments, deposits, cash and near cash investments and alternatives (for example, gold, commodities and infrastructure). However, the Company will only hold alternatives indirectly via permitted instruments such as collective investment vehicles.

The composition of the Scheme Property as between equities and fixed income and other assets, will vary over time in response to the Investment Managers' views of the economic and market environment.

Between 50% and 100% of the above exposure will be gained through the use of collective investment vehicles (including those managed by the ACD or its associates or the Investment Managers or their associates), which may include investment trusts, Exchange Traded Funds and Index Funds. Typically regulated collective investment vehicles will be used but unregulated collective investment vehicles may also be used in accordance with the FCA Rules. The allocation to collective investment vehicles will vary within the range of 50-100% depending on markets and to take advantage of the expertise available via such collective investment vehicles. All other exposure will be attained from direct investments.

**Derivatives may be used for the purpose of hedging, although use is expected to be limited.**

The investment policy of the Company may mean that at times, where it is considered appropriate, the Scheme Property of the Company will not be fully invested and that prudent levels of liquidity will be maintained in order to reduce risk and preserve capital. The Company will hold cash and cash equivalents to maintain liquidity.

The ACD has appointed multiple Investment Managers with different investment styles to achieve the investment objective. Allocations to the Investment Managers are subject to change in order to meet the Company's investment objective and further details regarding the allocations are available upon request from the ACD.

The Investment Managers will actively manage the Company. This means the Investment Managers actively make decisions about how to invest the Scheme

Property (and which investments to buy and sell) instead of simply following a market index.

#### **4.3 Performance Target and Performance Comparator**

The Company's performance is measured against the RPI. The RPI has been selected as a performance target because it is a key measure of consumer inflation in the United Kingdom. The Company aims to deliver positive returns in excess of the RPI, on average, over five year rolling periods. The RPI is therefore an appropriate target for the Company.

The Company also uses the ARC Sterling Steady Growth PCI peer group for performance comparison purposes only. The benchmark is not a target benchmark and the Company is not constrained by it. The ARC Sterling Steady Growth PCI peer group is a risk based index that is designed to provide an accurate reflection of the actual returns an investor can expect for a given risk appetite. For the ARC Sterling Steady Growth PCI peer group, the relative risk to equity markets is 60 - 80%. This peer group has been selected as a comparator because this risk to equity markets is closely aligned with the Company's investment policy.

The ACD reserves the right to change the performance comparator following consultation with the Depositary and in accordance with the rules in COLL. A change could arise, for example, where the ACD determines that an alternative may be more appropriate. Shareholders will be notified of such a change in accordance with the rules in COLL and the change noted in subsequent annual and half yearly reports.

#### **4.4 Investor profile**

The Company is suitable for any investor type, including those who are not interested in or informed about capital market topics, but who see investment funds as a convenient "savings" product. It is also suitable for more experienced investors wishing to attain defined investment objectives. The investor must be able to accept high losses, thus the Company is suitable for investors who can afford to set aside capital for at least five to ten years. For investors holding a portfolio of securities, it can play the role of a core position.

### **5. Limitations on type of investments**

- 5.1 All the Scheme Property of the Company must be invested in any or all of the following assets: transferable securities, money-market instruments, deposits and units in collective investment schemes, except that derivatives may be held for hedging purposes only, and cash or near cash may be held for the pursuit of the Company's investment objective or redemption of shares or for the efficient management of the Company in accordance with its investment objective or any other purpose reasonably regarded as ancillary to the investment objective of the Company. From time to time the Company may have a higher than usual level of liquidity if the ACD considers that to be in the interests of Shareholders.
- 5.2 The investment objective and policy set out in paragraph 4 are subject to the limits on investment under the FCA Rules and as set out in this Prospectus. These limits are summarised below.
- 5.3 The Company will not maintain an interest in immovable property or tangible movable property.
- 5.4 Normally, the Scheme Property will be fully invested save for an amount to enable ready settlement of liabilities (including redemption of Shares) and efficient management of the Company both generally and in relation to its investment

objective and policy. This amount will vary depending upon prevailing circumstances and although it would normally not exceed 30% of the total value of the Scheme Property, there may be times when the Investment Managers consider stock markets to be overpriced or that a period of instability exists which presents unusual risks. In such cases or during such periods, a higher level of liquidity may be maintained and, if considered prudent, the amount of cash or near cash instruments held would be increased.

## 5.5 **Permitted types of Scheme Property**

Investments permitted for the Company are as follows:

### (a) **Approved securities**

The Scheme Property may be invested in approved securities, with no maximum limit. An approved security is a transferable security that is admitted to official listing in the UK or an EEA State or is traded on or under the rules of an eligible securities market (otherwise than by specific permission of the market authority). An eligible market is a regulated market that is regulated, open to the public and operates regularly; further details are set out in paragraph (j) below.

Recently issued transferable securities may also be treated as approved securities provided that:

- a) the terms of issue include an undertaking that application will be made to be admitted to an eligible market; and
- b) such admission is secured within a year of issue.

### (b) **Transferable securities**

Transferable securities are, in general terms, investments in shares, debentures, alternative debentures, government and public securities, warrants or certificates representing certain securities (as such terms as defined in the FCA Glossary). Not more than 20% in value of the Scheme Property can be invested in transferable securities which are not approved securities.

The Scheme Property may be invested in transferable securities on which any sum is unpaid only if it is reasonable to foresee that the amount of any existing and potential call for any sum unpaid could be paid by the Company at the time when payment is required, without contravening the requirements of COLL 5.

### (c) **Money-market instruments**

The Scheme Property may be invested in money-market instruments which:

- (a) are admitted to or dealt in on an eligible market; or
- (b) if not falling within paragraph 5.5(c)(a) above and subject to a limit of 20% in value of the Scheme Property, are liquid and have a value which can be determined accurately at any time.

### (d) **Derivatives and Forward Transactions**

A transaction in derivatives or a forward transaction must not be effected

for the Company unless:

- (a) the transaction is of a kind specified in COLL 5.6.13R, as summarised below; and
- (b) the transaction is covered, as required by COLL 5.3.3AR.

Where the Company invests in derivatives, the exposure to the underlying assets must not exceed the limits specified under COLL 5.6.7R and 5.6.8R except as provided in COLL 5.6.12R(4).

Where a transferable security or money-market instrument embeds a derivative, this must be taken into account for the purposes of calculating any limit in this paragraph 5.

Where the Company invests in an index-based derivative, provided the relevant index falls within COLL 5.6.23R the underlying constituents of the index do not have to be taken into account for the purposes of COLL 5.6.7R and 5.6.8R, subject to the ACD taking account of COLL 5.6.3R in relation to the prudent spread of risk.

A transaction in an approved derivative must be effected on or under the rules of an eligible derivatives market.

A transaction in a derivative must not cause the Company to diverge from its investment objective as stated in the Company's Instrument of Incorporation and in the most recently published version of this Prospectus.

A transaction in a derivative must not be effected if the intended effect is to create the potential for an uncovered sale of one or more transferable securities, money-market instruments, units in collective investment schemes, or derivatives.

Any forward transaction must be made with an Eligible Institution or an Approved Bank.

No agreement by or on behalf of the Company to dispose of property or rights (except for deposits) may be made unless:

- (a) the obligation to make the disposal and any other similar obligations could immediately be honoured by the Company by delivery of property or the assignment of rights; and
- (b) the property and rights at (a) are owned by the Company at the time of the agreement.

The Company may only invest in derivatives in respect of which the underlying element consists of foreign exchange rates or currencies.

The transaction alone or in combination must be reasonably believed by the ACD to diminish a risk of a kind or level which it is sensible to reduce.

Each derivative transaction must be fully covered by cash, near cash or other property sufficient to meet any obligation which could arise.

**Approved derivatives transactions are used for the purpose of hedging only and they may not be used in speculative transactions. It is, therefore, anticipated that the outcome of the use of derivatives would be to hedge against currency risks, and to**

**reduce, rather than to increase, the risk profile of the Company. Movements in currencies may, however, render such hedging ineffective.**

(e) **Deposits**

**The Company may invest in deposits only with an Approved Bank and which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months.**

(f) **Collective investment schemes**

The Company may invest in units in a collective investment scheme (the '**second scheme**') provided that the second scheme satisfies all of the following conditions:

- (a) it must:
  - (i) be a UK UCITS or satisfy the conditions necessary for it to enjoy the rights conferred by the UCITS Directive (as implemented in the EEA); or
  - (ii) be a recognised scheme (as defined in the FCA Glossary); or
  - (iii) be a Non-UCITS retail scheme; or
  - (iv) be constituted outside the United Kingdom and the investment and borrowing powers of which are the same or more restrictive than those of a Non-UCITS retail scheme; or
  - (v) is a scheme not falling within (i) to (iv) and in respect of which no more than 20% in value of the Scheme Property (including any transferable securities which are not approved securities) is invested;
- (b) the second scheme operates on the principle of the prudent spread of risk;
- (c) the second scheme is prohibited from having more than 15% in value of the property of that scheme consisting of units in collective investment schemes (unless COLL 5.6.10AR applies);
- (d) the participants in the second scheme must be entitled to have their units redeemed in accordance with the scheme at a price:
  - i. related to the net value of the property to which the units relate; and
  - ii. determined in accordance with the scheme; and
- (e) where the second scheme is an umbrella, the provisions in paragraphs 5.5(f)(b) to 5.5(f)(d) and COLL 5.6.7R apply to each sub-fund as if it were a separate scheme.

A list of the locations of the establishment of any second schemes which the Company may invest in from time to time is shown in Appendix D.

Where a substantial proportion of the Company's assets are invested in other collective investment schemes, the maximum level of management

fees that may be charged to the Company, and to the other collective investment schemes in which it invests, should not exceed 2.5% per annum plus VAT (if applicable).

Subject to the restrictions above, investment may be made in (and the Scheme Property of the Company may include) units of other collective investment schemes managed or operated by the ACD or an associate of the ACD, provided that the conditions in COLL 5.2.16R are complied with.

(g) **Warrants**

The Company may invest in warrants but the exposure created by the exercise of the rights conferred by those warrants must not exceed the limits set out in COLL 5.6.7R and 5.6.8R below.

A warrant is a time-limited right to subscribe for shares, debentures, loan stock or government securities and is exercisable against the original issuer of the underlying securities.

**A relatively small movement in the price of the underlying security results in a disproportionately large movement, unfavourable or favourable, in the price of the warrant. The prices of warrants can therefore be highly volatile.**

**If the Company used warrants for investment purposes, the net asset value of the Company may in consequence be more highly volatile at times and this may increase the risk of investing in the Company. However, it is the ACD's intention that the Company owing to its portfolio composition or the portfolio management techniques used will not have volatility over and above the general market volatility of the markets of its underlying investments.**

(h) **Spread: General**

- i. This paragraph 5.5(h) does not apply in respect of a transferable security or an approved money-market instrument to which paragraph 5.5(i) applies.
- ii. The specific limits are set out as follows:
  - (a) not more than 20% in value of the Scheme Property is to consist of deposits with a single body;
  - (b) not more than 10% in value of the Scheme Property is to consist of transferable securities or money-market instruments issued by any single body (except that the limit of 10% is raised to 25% in value of the Scheme Property in respect of covered bonds) subject to COLL 5.6.23R;
  - (c) the exposure to any one counterparty in an OTC derivative transaction must not exceed 10% in value of the Company; and
  - (d) not more than 35% in value of the Company is to consist of the units of any one collective investment scheme.
- iii. In applying the limit under paragraph (b) above, certificates representing certain securities are to be treated as equivalent to the underlying securities;

- iv. For the purposes of this paragraph 5.5(h), a single body is: (a) in relation to transferable securities and money-market instruments, the person by whom they are issued; and (b) in relation to deposits, the person with whom they are placed.

(i) **Spread: Government and Public Securities**

- (a) This paragraph 5.5(i) applies in respect of transferable securities or approved money-market instruments (**'such securities'**) that are issued or guaranteed by:
- the UK or an EEA State;
  - a local authority of the UK or an EEA State;
  - a non-EEA State; or
  - a public international body to which the UK or one or more EEA States belong.
- (b) **Where no more than 35% in value of the Scheme Property is invested in such securities issued by any one body, there is no limit on the amount which may be invested in such securities or in any one issue.**
- (c) **The Company may invest more than 35% in value of the Scheme Property in such securities issued by any one body, provided that:**
- **the ACD has before any such investment is made consulted with the Depositary and as a result considers that the issuer of such securities is one which is appropriate in accordance with the investment objectives of the Company;**
  - **no more than 30% in value of the Scheme Property consists of such securities of any one issue;**
  - **the Scheme Property includes such securities issued by that or another issuer, of at least six different issues; and**
  - **the disclosures in COLL 4.2.5R(3)(i) have been made in the most recently published version of this Prospectus.**
- (d) In relation to such securities:
- issue, issued and issuer include guarantee, guaranteed and guarantor; and
  - an issue differs from another if there is a difference as to repayment date, rate of interest, guarantor or other material terms of the issue.
- (e) Notwithstanding paragraph 5.5(h)i and subject to paragraph 5.5(h)ii(a) and 5.5(h)iv in applying the 20% limit in paragraph 5.5(h)ii(a) with respect to a single body, such securities issued by that body shall be taken into account.
- (f) **More than 35% in value of the Scheme Property may be invested in such securities issued by:**

- **the government of the United States of America;**
- **the government of Canada; and**
- **the government of the United Kingdom.**

(j) **Eligible markets**

The markets upon which transferable securities and money-market instruments are traded must meet certain criteria laid down in the FCA Rules.

Eligible markets include any market established in the UK or an EEA State on which transferable securities and money-market instruments admitted to official listing in the UK or the EEA State are dealt in or traded, and which is regulated, operates regularly and is open to the public.

In the case of all other markets, in order to qualify as an eligible market, the ACD, after consultation with and notification to the Depositary, must be satisfied that the relevant market:

- (a) is regulated;
- (b) operates regularly;
- (c) is recognised as a market or exchange or as a self-regulating organisation by an overseas regulator;
- (d) is open to the public;
- (e) is adequately liquid; and
- (f) has adequate arrangements for unimpeded transmission of income and capital to or to the order of investors.

The eligible securities markets for the Company are set out in Appendix A to this Prospectus.

Eligible derivatives markets are markets which the ACD, after consultation with and notification of the Depositary, has decided are appropriate for the purpose of investment of or dealing in the Scheme Property with regard to the relevant criteria set out in the FCA Rules and the guidance on eligible markets issued by the FCA (as amended from time to time).

The eligible derivatives markets for the Company are set out in Appendix A to this Prospectus.

(k) **General**

The Company may not acquire any investment which has an actual contingent liability attached unless the maximum amount of such liability is ascertainable at the time of acquisition.

**6. Borrowing**

- 6.1 The Company may, in accordance with the FCA Rules and this paragraph, and with the instructions of the ACD, borrow sums of money for the use of the Company on terms that the borrowing is repayable out of the Scheme Property. The power to borrow is subject to the obligation of the Company to comply with

any restriction in the Instrument of Incorporation.

- 6.2 Such borrowings must be made from Eligible Institutions or Approved Banks as provided in the FCA Rules. Borrowings must not exceed 10 per cent of the value of the Scheme Property on any Business Day. Borrowings may be made from the Depositary or an associate of it, provided that they are at a normal commercial interest rate and on arm's-length terms.
- 6.3 These borrowing restrictions do not apply to "back to back" borrowing for currency hedging purposes, i.e. borrowing permitted in order to reduce or eliminate risk arising by reason of fluctuations in exchange rates.

## 7. **Efficient portfolio management**

7.1 The ACD may utilise the property of the Company to enter into transactions for the purpose of Efficient Portfolio Management. These are techniques and instruments which relate to transferable securities and approved money-market instruments, and there is no limit on the amount of the property of the Company which may be used for these purposes, although they must fulfil the following criteria:

- (a) they are **economically appropriate** in that they are realised in a cost effective way.
- (b) The exposure must be **fully covered** by cash or other property sufficient to meet any obligation to pay or deliver that could arise.
- (c) they are entered into for one or more of the following specific aims, namely:
  - (a) reduction of risk;
  - (b) reduction of cost; or
  - (c) generation of additional capital or income for the Company with a risk level which is consistent with the risk profile of the Company and the risk diversification rules laid down in COLL.
- (d) The first two aims, together or separately, allow for tactical asset allocation; that is a switch in exposure through the use of derivatives rather than through the sale and purchase of underlying property.
- (e) Similarly, the aim of reduction of risk allows for the use of derivatives with a view to switching the currency exposure of all or part of the underlying Scheme Property away from a currency which the ACD considers to be unduly prone to risk.

### 7.2 Economically Appropriate

- (a) The guidelines adopted by the ACD, under which the Company will operate are:
- (b) Any transaction must be one which (alone or in combination with one or more of others) is reasonably believed by the Company to be economically appropriate to the efficient portfolio management of the Company.
- (c) This means that the ACD reasonably believes risk that:

- (a) for transactions undertaken to reduce risk or cost (or both), the transaction (alone or combination) will diminish a risk or cost of a kind or level which it is sensible to reduce; and
- (b) for transactions undertaken to generate additional capital or income, the Company is certain (or certain barring events which are not reasonably foreseeable) to derive a benefit from the transaction;
- (d) The transaction may not be entered into if its purpose could reasonably be regarded as speculative.
- (e) Where the transaction relates to the actual or potential acquisition of transferable securities, the ACD must intend that the Company should invest in transferable securities within a reasonable time and must ensure thereafter that, unless the position has itself been closed out, that intention is realised within that reasonable time.

**Efficient Portfolio Management techniques may be utilised by the Company when considered appropriate.**

**8. Reporting, distributions and accounting dates**

8.1 The Company's accounting reference date, accounting periods and income allocation dates are:

Accounting reference date	5 April
Annual income allocation date	5 August
Interim accounting date	5 October
Interim income allocation date	5 February

8.2 Distributions of income by the Company are made on or before the annual income allocation date and on or before the interim income allocation date in each year. Shareholders resident outside the UK will be sent notice by post to their registered address that a distribution has been made.

8.3 Each holder of income Shares is entitled, on the interim income allocation date and the annual income allocation date, to the income attributable to their holding. Income distributions will be paid in pounds sterling.

8.4 The ACD reserves the right to change or create additional accounting and income distribution dates, usually as a result of accounting or taxation changes.

8.5 Any distribution that remains unclaimed for a period of six years after the distribution became due for payment will be forfeited and shall revert to the Company.

8.6 The income available for distribution is determined in accordance with the FCA Rules. It comprises all income received or receivable for the account of the Company in respect of the accounting period concerned, after deducting net charges and expenses paid or payable out of such income and after making such adjustments as the Directors consider appropriate, after consulting with the Company's Auditors, in accordance with the FCA Rules, in relation to taxation and other matters.

8.7 On the income allocation dates, an amount, as determined by the ACD in

accordance with the Instrument of Incorporation and the FCA Rules, is paid to those Shareholders who are entitled to the distribution by evidence of their holding on the Register at the previous accounting date. Payments will be made by means of direct credit to the shareholder's nominated bank account.

- 8.8 Copies of the long reports for the Company will be published, and made available, within four months after the end of the annual accounting period and within two months after the end of the interim accounting period respectively.

Copies of these reports will be available, for inspection, at the head office of the ACD. Please refer to the Directory at Appendix E for details of the ACD's address.

## 9. **Meetings and voting rights**

- 9.1 For the purposes of this paragraph 9:

- (a) a "physical meeting" is a general meeting convened at a physical location where Shareholders, or their proxy, must be physically present;
- (b) a "hybrid meeting" is a general meeting which allows Shareholders, or their proxy, to be physically present at the location where the meeting is convened, or to attend and vote remotely; and
- (c) a "virtual meeting" is a general meeting where all Shareholders, or their proxy, attend and vote remotely.

- 9.2 The provisions below, unless the context otherwise requires, apply to Class meetings as they apply to general meetings of the Shareholders.

- 9.3 The Company does not propose to hold annual general meetings. Resolutions will be voted upon at extraordinary general meetings.

- 9.4 The ACD and the Depositary may convene a general meeting of the Company at any time in accordance with the FCA Rules. The ACD may hold a virtual meeting or a hybrid meeting as this is not inconsistent with any provisions in the Instrument of Incorporation.

- 9.5 Shareholders may request the convening of a general meeting by a requisition which must:

9.5.1 state the objective of the meeting;

9.5.2 be dated;

9.5.3 be signed by Shareholders who, at that date, are registered as the Shareholders of Shares representing not less than one-tenth in value of all of the Shares then in issue; and

9.5.4 be deposited at the head office of the Company or with the Depositary.

- 9.6 Any Shareholder who participates remotely in a hybrid meeting by the means specified in the notice is deemed to be present at the meeting and has the same rights as a Shareholder who is physically present at the meeting.

- 9.7 Any Shareholder who participates in a virtual meeting by the means specified in a notice is deemed to be present at the meeting and has the same rights that the Shareholder would have at a physical meeting.

- 9.8 Any Shareholder who participates remotely may do so without having to appoint a proxy and is not required to submit their vote on a resolution in advance of the meeting.
- 9.9 A meeting of Shareholders duly convened and held shall be competent by extraordinary resolution to require, authorise or approve any act, matter or document in respect of which any such resolution is required or expressly contemplated by the relevant regulations.
- 9.10 An extraordinary resolution is a resolution passed by a majority of not less than three-quarters of the votes validly cast (whether on a show of hands or on a poll) for the resolution at a general meeting, or, as the case may be, a Class meeting, of Shareholders.
- 9.11 Except where an extraordinary resolution is specifically required or permitted, any resolution of Shareholders is passed by a simple majority of the votes validly cast.
- 9.12 A meeting of Shareholders has no powers other than those contemplated by the FCA Rules.
- 9.13 Where a meeting of Shareholders is convened by the ACD or the Depositary, Shareholders must receive at least 14 days' written notice (inclusive of the date on which the notice is first served and the day of the meeting and the notice shall specify:
- (a) whether the meeting is to be a physical meeting, a hybrid meeting or a virtual meeting;
  - (b) if the meeting is a physical meeting or a hybrid meeting, the place of the meeting;
  - (c) if the meeting is a hybrid meeting or a virtual meeting, the means by which a Shareholder may participate, including any requirements for Shareholders to register before the meeting begins or to provide proof of their right to attend, and an explanation of how participating Shareholders may vote in a show of hands or in a poll, if they do not appoint a proxy;
  - (d) the day and hour of the meeting;
  - (e) the terms of the resolutions to be proposed; and
  - (f) the address of the website where the minutes of the meeting will subsequently be published.
- 9.14 Where the notice is served by the ACD a copy shall be sent to the Depositary.
- 9.15 The accidental omission to give notice to, or the non-receipt of notice by any Shareholder will not invalidate the proceedings at any meeting.
- 9.16 Notice of an adjourned meeting of Shareholders must be given to each Shareholder, stating that while two Shareholders are required to be present, in person, by proxy or remotely, to constitute a quorum at the adjourned meeting, this may be reduced to one in accordance with COLL 4.4.6R(3), should two such Shareholders not be present after a reasonable time of convening of the meeting.
- 9.17 Where the meeting is a hybrid meeting or a virtual meeting, the ACD shall take

reasonable care to ensure that the necessary supporting technology to enable Shareholders to attend and vote is in place at the start of the meeting and operates adequately throughout its proceedings, so that Shareholders who attend or vote remotely are not unfairly disadvantaged.

- 9.18 The quorum at a meeting of Shareholders shall be two Shareholders present in person, by proxy or (where applicable) remotely using the means specified in the notice. If, after a reasonable time after the start of the meeting, a quorum is not present, the meeting:
- (a) if convened on the requisition of Shareholders, must be dissolved; and
  - (b) in any other case, must stand adjourned to:
    - (i) a day and time which is seven or more days after the day and time of the meeting; and
    - (ii) in the case of a physical meeting or a hybrid meeting, a place to be appointed by the chair.
  - (c) If, at an adjourned meeting under (b), a quorum is not present after a reasonable time from the time for the meeting, one person entitled to be counted in a quorum present at the meeting shall constitute a quorum.
  - (d) The chair of a meeting which permits Shareholders to attend and vote remotely shall take reasonable care to give such Shareholders:
    - (a) an adequate opportunity to be counted as present in the quorum; and
    - (b) sufficient opportunities to participate fully in the proceedings of the meeting, in particular when a vote is taken on a show of hands or by poll.
- 9.19 In the case of an equality of votes cast, the chair is entitled to a casting vote.
- 9.20 At any meeting of shareholders, on a show of hands every shareholder who is present in person or who attends the meeting remotely using the means specified in the notice, shall have one vote.
- 9.21 On a poll, votes may be given either personally or by proxy or in another manner permitted by the Instrument of Incorporation. The voting rights for each Share must be the proportion of the voting rights attached to all of the Shares in issue that the price of the Shares bears to the aggregate price or prices of all of the Shares in issue at a cut-off date selected by the ACD which is a reasonable time before notice of the meeting is sent out.
- 9.22 A Shareholder entitled to more than one vote need not, if they vote, use all their votes or cast all the votes they use in the same way. For joint Shareholders, the vote of the first Shareholder, or the proxy of the first Shareholder, stated in the Register will be accepted to the exclusion of the votes of other joint Shareholder.
- 9.23 In the context of despatch of notice, 'Shareholders' means the persons who were entered in the Register seven days before the notice of meeting was given but excluding persons who are known not to be entered on the Register at the date of despatch of the notice.
- 9.24 To be included in the quorum and entitled to vote at the meeting, 'Shareholders'

means the persons entered on the Register at a time determined by the ACD and stated in the notice of the meeting, which must not be more than 48 hours before the time fixed for the meeting.

- 9.25 The ACD is not entitled to vote at or be counted in a quorum at a meeting of Shareholders in respect of Shares held or deemed to be held by the ACD, except where the ACD holds Shares on behalf of, or jointly with, a person who, if themselves the sole registered Shareholder, would be entitled to vote and from whom the ACD has received voting instructions. Associates of the ACD are entitled to be counted in a quorum and, if they hold Shares on behalf of a person who would have been entitled to vote if they had been a registered Shareholder and they have received voting instructions from that person, may vote in respect of such Shares pursuant to such instructions.
- 9.26 The ACD will publish the minutes on a website accessible to the general public without charge, no later than 5 Business Days after the meeting has taken place (but in the case of an original meeting which is adjourned, the minutes will be published no later than 5 Business Days after the adjourned meeting has taken place).
- 9.27 Any notice or document to be served upon a Shareholder will be duly served if it is:
- (a) delivered to the Shareholder's address as appearing in the Register; or
  - (b) delivered by using an electronic medium in accordance with paragraph 19 below.
- 9.28 Any notice or document served by post is deemed to have been served on the second Business Day following the day on which it was posted.
- 9.29 Any document left at a registered address, or delivered other than by post is deemed to have been served on that day.
- 9.30 Any notice or document served by post on one joint Shareholder is deemed to also have been served on each other joint Shareholder whose address, as appearing on the Register, is the same address to which the notice or document was sent.
- 9.31 Any document or notice to be served on, or information to be given to a Shareholder, must be in legible form. For this purpose any form is a legible form if it:
- (a) is consistent with the ACD's knowledge of how the recipient of the document wishes or expects to receive the document;
  - (b) is capable of being provided in hard copy by the ACD;
  - (c) enables the recipient to know or record the time of receipt; and
  - (d) is reasonable in the context.
- 9.32 Changes to the Company are classified as fundamental, significant or notifiable.
- 9.33 The ACD must obtain the prior approval of Shareholders by extraordinary resolution for any proposed change to the Company which constitutes a "fundamental change". This is a change or event which:

- (a) changes the purpose or nature of the Company;
- (b) may materially prejudice a Shareholder;
- (c) alters the risk profile of the Company; or
- (d) introduces a new type of payment out of the Scheme Property.

9.34 The ACD must give prior written notice to Shareholders of any proposed change which constitutes a significant change. This is a change or event which is not fundamental, but which:

- (a) affects a Shareholder's ability to exercise their rights in relation to their investment;
- (b) would reasonably be expected to cause the shareholder to reconsider their participation in the Company;
- (c) results in any increased payments out of the Scheme Property to the ACD or an associate of the ACD; or
- (d) materially increase other types of payment out of the Scheme Property.

The notice period must be a reasonable length, and must not be less than 60 days.

9.35 The ACD must inform Shareholders in an appropriate manner and timescale of any notifiable changes that are reasonably likely to affect, or have affected, the operation of the Company. This is a change or event, other than a fundamental or significant change, which a Shareholder must be made aware of unless the ACD concludes the change is insignificant. The appropriate manner and timescale of notification will depend on the nature of the change or event. An appropriate manner of notification could include the information being included in the next report of the Company.

9.36 Changes to the investment objective and policy will normally require approval by Shareholders at an extraordinary general meeting if the change alters the nature or risk profile of the Company, or on giving 60 days' notice to Shareholders where the changes do not alter the nature or risk profile of the Company. In exceptional circumstances, changes may be made to the investment objective and policy of the Company with no minimum period of notice where these are for clarification purposes only. In all cases, changes may only be made to the investment objective and policy following notification to the FCA pursuant to the OEIC Regulations and confirmation from the FCA that these changes will not affect the ongoing authorisation of the Company.

- 10.15 The ACD acts as authorised fund manager to other regulated collective investment schemes. Details of these schemes, as at the date of this Prospectus, are set out in Appendix C.
- 10.16 The ACD will cover at all times the risks outlined below of loss or damage caused by any relevant person through the negligent performance of activities for which the ACD has legal responsibility by maintaining an amount of own funds, and will comply with the qualitative requirements addressing such risks, in each case, in accordance with the UK AIFM regime and the FCA Rules. In addition, the ACD holds significant professional indemnity insurance against liability arising from professional negligence which is appropriate to the risks covered, and will comply with the qualitative requirements addressing such risks, in each case, in accordance with the UK AIFM regime and the FCA Rules.
- 10.17 The risks which are specifically covered by this approach include, without being limited to, risks of:
  - (a) loss of documents evidencing title of assets of the Company;
  - (b) misrepresentations or misleading statements made to the Company or its investors;
  - (c) acts, errors or omissions resulting in a breach of:
    - (a) legal and regulatory obligations;
    - (b) duty of skill and care towards the Company and its investors;
    - (c) fiduciary duties;
    - (d) obligations of confidentiality;
    - (e) the terms of the Instrument of Incorporation;
    - (f) terms of appointment of the ACD by the Company;
  - (d) failure to establish, implement and maintain appropriate procedures to prevent dishonest, fraudulent or malicious acts;

- (e) improperly carried out valuation of assets or calculation of Share prices;
- (f) losses arising from business disruption, system failures, failure of transaction processing or process management.

10.18 Subject to the FCA Rules, the ACD may delegate certain of its functions. Accordingly:

- a) the ACD has delegated the provision of investment management services to the Investment Managers; and
- b) the ACD has delegated certain administrative functions to the Registrar, the Administrator and the Fund Accountant.

#### 10.19 **Conflicts**

- (a) Conflicts may arise between the interests of the ACD and its permitted delegates in certain circumstances, for example, where there is likelihood that:
  - (a) the delegate and an investor in a Company are members of the same group or have any other contractual relationship, if the investor controls the delegate or has the ability to influence its actions (in such cases the likelihood of conflict is likely to increase the greater the extent of such control);
  - (b) the delegate makes a financial gain, or avoids a financial loss, at the expense of the Company or the investors in the Company;
  - (c) the delegate has an interest in the outcome of a service or an activity provided to the ACD or the Company;
  - (d) the delegate has a financial or other incentive to favour the interest of another client over the interests of the Company or the investors in the Company; and
  - (e) the delegate receives or will receive from a person other than the ACD an inducement in relation to the collective portfolio management activities provided to the ACD and the Company in the form of monies, goods or services other than the standard commission or fee for that service.

10.20 Although conflicts of interest can also arise where the delegate and the ACD are members of the same group or have any other contractual relationship and the delegate controls the ACD or has the ability to influence its actions, it is not currently considered that there are material existing conflicts of interest between the ACD and Thesis Asset Management Limited (in its role as one of the Investment Managers).

10.21 The ACD has a policy and procedures in place to monitor the conflicts of interest that may arise in the context of its delegation of certain of its functions. To the extent any actual conflicts of interest are determined to have arisen, the ACD will manage such conflicts to minimise any impact on the investment performance, and will also seek to prevent them from reoccurring. Certain activities may be required to be modified or terminated to minimise conflicts of interest which may be identified from time to time.

## 11. **Depositary**

The Depositary of the Company is NatWest Trustee and Depositary Services Limited, a private limited company registered in England and Wales with company number 11194605.

The ultimate holding company of the Depositary is NatWest Group plc, which is incorporated in Scotland.

The Depositary's registered and head office address is 250 Bishopsgate, London EC2M 4AA. The address of its office which handles matters relating to Company is set out in Appendix E.

The Depositary's principal activity is the provision of trustee and depositary services.

The Depositary is established in the UK and is authorised and regulated by the FCA to act as a depositary of a UK UCITS or a UK AIF.

### **Duties of the Depositary**

The Depositary is responsible for the safekeeping of the Scheme Property, monitoring the cash flows of the Company and must ensure that certain processes carried out by the ACD are performed in accordance with the applicable rules and scheme documents.

### **Terms of appointment**

The appointment of the Depositary has been made under the terms of the Depositary Agreement between the Company, the ACD and the Depositary.

The Depositary Agreement provides that the Depositary be engaged to maintain the safe custody of the Scheme Property and to fulfil other duties required in the OEIC Regulations, COLL and FUND.

The powers, duties, rights and obligations of the Depositary, the Company and the ACD under the Depositary Agreement shall, to the extent of any conflict, be overridden by the FCA Rules.

Under the Depositary Agreement the Depositary has the power to appoint sub-custodians and may include in such appointment powers to sub-delegate. The Depositary has delegated custody of the Scheme Property to The Northern Trust Company (the '**Custodian**'). Contact details for the Custodian are set out in Appendix E. The Custodian has, in turn, sub-delegated the custody of assets in certain markets in which the Company may invest to various sub-delegates ('**sub-custodians**').

Under the Depositary Agreement the Depositary will be liable to the Company for any loss of Financial Instruments held in custody or for any liabilities incurred by the Company as a direct result of the Depositary's fraud, negligence or negligent or intentional failure to properly fulfil its obligations under the Depositary Agreement or the UK AIFM regime.

However, where the event which led to the loss of a Financial Instrument is not the result of the Depositary's own act or omission (or that of its sub-custodian), the Depositary is discharged of its liability for the loss of a Financial Instrument where the Depositary can prove that the Depositary could not have reasonably prevented the occurrence of the event which led to the loss despite adopting all precautions incumbent on a diligent depositary as reflected in common industry practice and

despite rigorous and comprehensive due diligence. The ACD will inform investors without delay of any changes with respect to the Depositary's liability.

The Depositary Agreement provides that the Depositary will be indemnified by the Company in respect of any liabilities suffered or incurred by the Depositary in the proper performance of its obligations and duties under the Depositary Agreement except in the case of fraud or negligent breach of the Depositary Agreement or of any applicable laws.

The Depositary Agreement may be terminated on six months' notice by the Company, the Depositary or the ACD or earlier on certain breaches or insolvency of a party. However, termination of the Depositary Agreement will not take effect, nor may the Depositary retire voluntarily, until the appointment of a new Depositary has taken place.

Other than to exercise the rights of lien or set off over the Scheme Property in relation to unpaid fees and expenses in relation to the proper performance of services under the Depositary Agreement or sub-custody agreement and unless otherwise agreed by the ACD on behalf of the Company, the Depositary shall not be entitled to, and no sub-custodian of the Depositary shall be authorised by the Depositary to, transfer or re-use for its own purpose and benefit any of the Scheme Property it has been entrusted with.

Details of the fees payable to the Depositary are set out in the "Payments out of Scheme Property" section of this Prospectus at paragraph 15.5.

### **Conflicts of Interest**

The Depositary may act as the depositary of other authorised unit trusts or open-ended investment companies and as trustee or custodian of other collective investment schemes.

It is possible that the Depositary and/or its delegates and sub-delegates may in the course of its or their business be involved in other financial and professional activities which may on occasion have potential conflicts of interest with the Company, one or more Shareholders, the ACD and/or other funds managed by the ACD or other funds for which the Depositary acts as the depositary, trustee or custodian. The Depositary will, however, have regard in such event to its obligations under the Depositary Agreement and the FCA Rules and, in particular, will use reasonable endeavours to ensure that the performance of its duties will not be impaired by any such involvement it may have and that any conflicts which may arise will be resolved fairly and in the best interests of Shareholders collectively so far as practicable, having regard to its obligations to other clients.

As the Depositary operates independently from the Company, Shareholders, the ACD and the Custodian, the Depositary does not anticipate any conflicts of interest arising between it and any of the aforementioned parties and has confirmed that it is not aware of any conflict of interest arising from its delegation of custody of the Scheme Property to the Custodian. Should any such conflict arise, the Depositary shall notify the ACD and take necessary steps to address the conflict.

The Depositary is under no obligation to account to the ACD, the Company or the Shareholders for any profits or benefits it makes or receives that are made or derived from or in connection with its role as depositary.

## **12. The Administrator and Fund Accountant**

- 12.1 The ACD has delegated the function of administrator and fund accountant to Northern Trust Global Services SE, UK branch.

12.2 The address for the registered office of Northern Trust Global Services SE, UK branch is set out in Appendix E.

### 12.3 **The Registrar and Register**

- (a) Northern Trust Global Services SE, UK branch is appointed as registrar of the Company.
- (b) The Registrar maintains the Register which is kept at the Registrar's offices located at 50 Bank Street, Canary Wharf, London E14 5NT. The Register may be inspected during normal business hours.

## 13. **Investment Managers**

13.1 The ACD is responsible for the overall investment management and administration of the Company.

13.2 The ACD has delegated responsibility for investment management to the following Investment Managers:

- (a) **Ruffer LLP**, a limited liability partnership incorporated in England.
- (b) **Thesis Asset Management Limited**, a private limited company incorporated in England.
- (c) **Raymond James Wealth Management Limited (trading as Charles Stanley)**, a private limited company incorporated in England.

13.3 Thesis Asset Management Limited is the only Investment Manager connected with the ACD, as it is in the same group as the ACD.

13.4 The remit of each of the Investment Managers will be to manage that part of the Scheme Property of the Company allocated to them by the ACD in accordance with the investment objective set out in this Prospectus.

13.5 Each Investment Manager is authorised by the FCA and is authorised to carry on regulated activities in the UK.

13.6 Each Investment Manager's respective registered office or principal place of business is set out in Appendix E.

13.7 The Investment Managers may only sub-delegate its functions with the prior consent of the ACD.

13.8 The appointment of the Investment Managers has been made under an agreement between the ACD and each respective Investment Manager (the '**Investment Management Agreements**'). Each Investment Management Agreement may be terminated with immediate effect by the ACD if it is in the interests of Shareholders.

13.9 The Investment Management Agreements contain provisions to the following effect:

- (a) the ACD will indemnify the Investment Manager against certain losses incurred by the Investment Manager but, in the absence of fraud, the ACD's liability will be limited to the assets of the Company available to meet such a claim;
- (b) the Investment Manager will be liable for certain losses suffered by the

ACD or the Company, subject, in the absence of fraud, to certain limitations on the Investment Manager's liability;

- (c) the Investment Manager shall not be liable for any non-performance of its obligations due to causes beyond its control; and
- (d) the agreement is governed by English law and the parties submit to the exclusive jurisdiction of the English courts.

13.10 The main legal implications of the contractual relationship entered into for the purpose of investment in the Company are as follows:

- (a) By investing in the Company through Electronic Communications, by telephone or by submitting an application form to the Administrator, the investor makes an offer to subscribe for Shares which, once it is accepted by the ACD, or the Administrator on its behalf, has the effect of a binding contract to subscribe for Shares.
- (b) The provisions of the scheme documents made between the ACD and the Depositary by way of which the Company is constituted, as the same may be amended from time to time are binding on each of the Shareholder (who are taken to have notice of them) as if that Shareholder was a party to it with effect on and from the date that any person has become a Shareholder.
- (c) The scheme documents and the application form are each made under and governed by and shall be construed in accordance with the laws of England and Wales. The Company, the ACD and the shareholders of the Company will be subject to the exclusive jurisdiction of the courts of England and Wales to settle any dispute or claim arising out of, or in connection with, a shareholder's investment in the Company, or any related matter.
- (d) The scheme documents may be amended by agreement between the ACD and the Depositary.
- (e) Absent a direct contractual relationship between a Shareholder and the relevant service provider, Shareholders generally have no direct rights against the relevant service provider and there are only limited circumstances in which a shareholder may potentially bring a claim against the relevant service provider. Instead, the proper claimant in an action in respect of which a wrongdoing is alleged to have been committed against the Company by the relevant service provider is, prima facie, the Company itself or the ACD acting on behalf of the Company, as the case may be.
- (f) The Investment Managers may hold or trade in securities and instruments of the same type as the securities and instruments held or traded in by the funds and fund managers; they may also utilise the same or similar strategies as those adopted by the fund managers. The Investment Managers may therefore trade and compete with fund managers and funds on an arm's length basis. In addition, the Investment Managers may make investments in other funds managed or advised by them.

13.11 Each Investment Manager has discretion to enter into foreign exchange hedging transactions and borrowings on behalf of the Company. Each Investment Manager may appoint an affiliate of any existing service provider or any other third party to act as a counterparty in the execution of foreign exchange

transactions in connection with the currency hedging activities of the Company and/or to implement the currency hedging strategy.

13.12 The sole activity of each Investment Manager is investment management and related activities. Each Investment Manager is authorised to deal on behalf of the Company.

13.13 Each Investment Manager is required to comply with its own execution policy. A copy of each of the Investment Manager's execution policy may be available on the respective Investment Manager's website (listed at Appendix E), on request from the ACD.

13.14 Details of the Investment Managers' fees are set out in paragraph 15.4 below.

#### 14. **Auditors**

14.1 The Auditors of the Company are Grant Thornton UK LLP whose address is set out in Appendix E.

14.2 The duties of the Auditors are to carry out an annual audit of the Company and to issue a report including the following statements:

- (a) whether, in the Auditor's opinion, the accounts have been properly prepared in accordance with the relevant Statement of Recommended Practice, the rules in COLL, and the Instrument of Incorporation;
- (b) whether, in the Auditor's opinion, the accounts give a true and fair view of the net revenue and the net capital gains or losses on the Scheme Property of the Company for the annual accounting period in question and the financial position of the Company as at the end of that period;
- (c) whether the Auditor is of the opinion that proper accounting records for the Company have not been kept or whether the accounts are not in agreement with those records;
- (d) whether the Auditor has been given all the information and explanations which, to the best of their knowledge and belief, are necessary for the purposes of this audit; and
- (e) whether the Auditor is of the opinion that the information given in the report of the ACD for that period is consistent with the accounts.

#### 15. **Payments out of Scheme Property**

##### 15.1 **Preliminary charge**

The ACD may receive, or waive in part or in whole, a preliminary charge upon the sale or purchase of Shares. The current preliminary charge is 7%. Out of the preliminary charge the ACD may pay commission to qualifying intermediaries, including the Investment Managers and their associates. If not waived, the preliminary charge will be charged upon the sale or purchase of Shares.

##### 15.2 **Dilution Levy**

The actual cost of purchasing or selling investments may be higher or lower than the mid-market value used in calculating the Share price, for example, due to dealing charges or through dealing at prices other than the mid-market price. Under certain circumstances (for example, large volumes of deals) this may have

an adverse effect on the Shareholders' interest in the Company. In order to prevent this effect ('**dilution**'), the ACD has the power to charge a '**dilution levy**' on the sale and/or redemption of Shares but currently only intends to do so in respect of '**large deals**' (which for these purposes are deals in respect of Shares exceeding the sum of £1,000,000 in value). Any dilution levy will be calculated by reference to the costs of dealing in the underlying investments of the Company, including any dealing spreads, commission and transfer taxes.

The need to charge a dilution levy will depend on the volume of sale and redemptions. The ACD may charge a discretionary dilution levy on the sale and redemption of Shares if, in its opinion, the existing Shareholders (for sales) or remaining Shareholders (for redemptions) might otherwise be adversely affected. In particular, the dilution levy may be charged where the Scheme Property is in continual decline or in any case where the ACD is of the opinion that the interests of remaining Shareholders require the imposition of a dilution levy. If a dilution levy is not charged in such circumstances, this may have an adverse effect on the future growth of the Scheme Property.

It is not possible to predict accurately whether dilution is likely to occur at any future point in time. Based on future projections, the ACD expects that the vast majority of sales and/or redemptions of Shares will be 'large deals' and that a dilution levy may be charged on the majority of deals.

The amount of the dilution levy will not exceed 3% of the value of the transaction before the imposition of the levy. The rate is estimated by the ACD based on historical data. This figure is based on the ACD's projections of the likely impact of deals to which the dilution levy is applied on remaining Shareholders.

The table below shows historic information on dilution levies to the Share price:

Name	Estimated Dilution Levy applicable for purchases as at 30 September 2025	Estimated Dilution Levy applicable for sales as at 30 September 2025	Number of days on which a Dilution Levy has been applied over the period 1 October 2024 to 30 September 2025
<b>The Motim Fund</b>	0.042%	0.196%	0

### 15.3 **Redemption charge**

The ACD does not intend to make any charge (other than possibly a dilution levy) on the redemption of the Shares.

### 15.4 **Periodic charge**

The ACD receives a periodic charge for managing the Company at a rate per annum of the value of the property of the Company accruing daily and payable out of the property of the Company. The rate of the periodic charge is up to 1.25% p.a. (currently 0.8%).

The periodic charge in respect of the Company will be treated as an income charge and will be paid monthly in arrears.

The ACD may increase the rate of such charge by giving 60 days' notice to

Shareholders and amending this Prospectus.

#### Investment Managers' fees

The ACD is responsible for the payment of the fees of the Investment Managers and those of any sub-advisers.

Research costs will be paid for by the Investment Managers out of this fee and shall not be borne by the Company.

### 15.5 **Depository's fees**

#### **Periodic fee**

The Depository is paid a monthly periodic fee (plus VAT) in remuneration for its services from the Scheme Property of the Company. The Depository's fee is calculated, on the value of the Scheme Property of the Scheme determined in accordance with the Instrument of Incorporation and COLL, and payable out of the property of the Company in accordance with COLL. For this purpose, the value of the Company is inclusive of the issues and cancellations which take effect as at the relevant Valuation Point. The Depository's fee shall accrue daily, and shall be calculated by reference to the value of the Scheme Property of the Company for successive periods commencing on each Valuation Point and ending immediately before the next Valuation Point in each month. The Depository's fee is payable on, or as soon as is practicable after, the end of the month in which it accrued.

The current fee payable is:

0.0275% p.a.	on the first £50 million value of the Scheme Property of the Company;
0.025% p.a.	on the next £50 million value of the Scheme Property of the Company;
0.02% p.a.	on the next £100 million value of the Scheme Property of the Company;
0.015% p.a.	thereafter

The annual fee is subject to a minimum fee of £7,500, applicable to the Company. VAT (at the standard rate) is added to these fees.

These rates can be varied from time to time in accordance with the Regulations.

#### **Transaction charges and custody charges**

In addition to the above periodic fees, the Depository shall be entitled to be paid transaction charges and derivative and custody charges in relation to transaction and derivative handling and safekeeping of the Scheme Property as follows:

Transaction Charges	£7.50 to £100
Derivative Charges	£20 (if applicable)
Custody Charges	0.0025% to 0.4% of the value of the holding invested up to 0.9% of the value of the holding involved

These charges vary from country to country depending on the markets and the type of transaction involved.

Transaction charges accrue at the time the transactions are effected and are payable as soon as is reasonably practicable and in any event not later than the last Business Day of the month when such charges arose or as otherwise agreed between the Depositary and the ACD. Custody charges accrue and are payable as agreed from time to time by the Depositary and the ACD.

Where relevant, the Depositary may make a charge for (or otherwise benefit from) providing services in relation to: distributions, the provision of banking services, holding money on deposit, lending money, or engaging in stock lending or derivative transactions, in relation to the Company and may purchase or sell or deal in the purchase or sale of Scheme Property, provided always that the services concerned and any such dealing are in accordance with the provisions of the FCA Handbook.

The Depositary will also be entitled to payment and reimbursement of all costs, liabilities and expenses properly incurred in the performance of, or arranging the performance of, functions conferred on it by the Instrument of Incorporation, the FCA Handbook or by the general law.

On a winding up of the Company the Depositary will be entitled to its pro rata fees, charges and expenses to the date of winding up, the termination, or the redemption (as appropriate) and any additional expenses necessarily realised in settling or receiving any outstanding obligations.

Any value added tax on any fees, charges or expenses payable to the Depositary will be added to such fees, charges or expenses.

In each such case such payments, expenses and disbursements may be payable to any person (including the ACD or any associate or nominee of the Depositary or of the ACD) who has had the relevant duty delegated to it pursuant to the FCA Handbook by the Depositary.

#### **15.6 Valuation services and administration and registration fees**

The Administration of the Company will be carried out by Northern Trust Global Services SE, UK branch, who also acts as Registrar. Its fees for fund accountancy, valuation services and administration and registration fees may be paid by the Company but the fees for valuation services, fund accountancy and administration are currently paid by the ACD.

The Administrator's registration fee will be paid out of the Company's Scheme Property, as will the disbursements listed in section 15.8 below. The current registration fee is £2,000 per annum.

#### **15.7 Other Expenses**

The following other expenses may be paid out of the Scheme Property of the Company:

- (a) expenses properly incurred by the ACD in the performance of its duties as ACD of the Company;
- (b) broker's commission (excluding costs for research), fiscal charges (including stamp duty and/or stamp duty reserve tax) and other disbursements which are necessary to be incurred in effecting transactions for the Company and normally shown in contract notes,

confirmation notes and difference accounts as appropriate;

- (c) any costs properly incurred in modifying the Instrument of Incorporation and the Prospectus;
- (d) any costs incurred in or about the listing of Shares in the Company on any stock exchange, and the creation, conversion and cancellation of Shares;
- (e) any costs incurred by the Company in publishing the price of the Shares;
- (f) any costs incurred in producing and dispatching any payments made by the Company, or the periodic reports of the Company;
- (g) any reasonable general disbursements relating to postage and communication costs incurred in the proper performance of the transfer agent's duties relating to the Company, which are currently carried on by the Registrar;
- (h) any fees or costs associated with any CASS related support activity incurred by the Registrar;
- (i) any properly incurred and reasonable fees, expenses or disbursements of any legal or other professional adviser of the Company;
- (j) any costs incurred in taking out and maintaining an insurance policy to protect the Company;
- (k) any costs incurred in respect of meetings of Shareholders convened for any purpose including those convened on a requisition by Shareholders not including the ACD or an associate of the ACD;
- (l) liabilities on amalgamation or reconstruction including certain liabilities arising after transfer of property to the Company in consideration for the issue of Shares as more fully detailed in COLL;
- (m) interest on borrowings and charges incurred in effecting or terminating such borrowings or in negotiating or varying the terms of such borrowings;
- (n) taxation and duties payable in respect of the Scheme Property of the Company or the issue or redemption of Shares;
- (o) the audit fees of the Auditors and any reasonable and properly incurred expenses of the Auditors;
- (p) the fees of the FCA as prescribed in COLL together with any corresponding periodic fees of any regulatory authority in a country or territory outside the UK in which shares in the Company are or may be marketed;
- (q) the Depositary will also be reimbursed out of the Scheme Property of the Company expenses incurred in performing the following activities and duties:
  - delivery of stock to the Depositary or custodian;
  - custody of assets;

- collection of income and capital;
  - submission of tax returns;
  - handling tax claims;
  - preparation of the Depositary's annual report;
  - arranging insurance;
  - calling Shareholder meetings and otherwise communicating with Shareholders;
  - dealing with distribution warrants;
  - taking reasonable professional advice;
  - conducting legal proceedings;
  - such other duties as the Depositary is permitted or required by law to perform;
- (r) any expense incurred in relation to company secretarial duties including the cost of maintenance of minute books and other documentation required to be maintained by the Company;
- (s) the total amount of any cost relating to the application for authorisation and incorporation of the Company and of its initial offer or issue of Shares;
- (t) any payments otherwise due by virtue of COLL; and
- (u) any value added or similar tax relating to any charge or expense set out in this paragraph.

#### 15.8 Allocation of payments

Charges and expenses payable out of the Scheme Property of the Company, including the fees payable to the ACD and the Depositary, will be treated as a charge against the income of the Company (except those charges and expenses relating directly to the purchase and sale of investments). **It should be noted that, where fees are charged to capital, this may result in capital erosion or constrain capital growth.**

#### 16. Valuation and pricing of Scheme Property

The Company will be valued on each Business Day (and other days at the ACD's discretion) at 12 noon (the '**Valuation Point**') for the purpose of determining the price at which Shares in the Company may be purchased or redeemed.

There will only be a single price for any Share as determined from time to time by reference to a particular Valuation Point. The Shares will be priced in pounds sterling.

The Company will be valued on a net asset value basis to determine the price of the Shares ('NAV price'). Except in circumstances where the application of a dilution levy applies Shares will be redeemed at the NAV price and purchased at a price that includes a preliminary charge at the rate applying to the Company (see '**Payments out of Scheme Property**'). Out of the preliminary charge, the ACD may pay commission to qualifying intermediaries, including the Investment Managers and their associates.

Although it is not current policy, if a dilution levy were to apply in the future the NAV price would be adjusted accordingly to determine the price at which Shares can be purchased and redeemed.

The Net Asset Value of the Scheme Property of the Company shall be the value of its assets less the value of its liabilities determined (inter alia) in accordance with the following provisions which are set out in the Instrument of Incorporation.

All the Scheme Property of the Company (including receivables) is to be included when valuing the Company, subject to the following provisions:

- 16.1 property which is not cash (or other assets dealt with in paragraph 16.3 below) or a contingent liability transaction shall be valued as follows and the prices used shall (subject as follows) be the most recent prices which it is practicable to obtain:
- (a) units or shares in a collective investment scheme:
    - (a) if a single price for buying and selling units or shares is quoted, at that price; or
    - (b) if separate buying and selling prices are quoted, at the mean of the two prices provided the buying price has been reduced by a preliminary charge included therein and the selling price has been increased by an exit or redemption charge attributable thereto; or
    - (c) if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no recent price exists, at a value which, in the opinion of the ACD, is fair and reasonable; or
    - (d) any other transferable security:
      - (a) if a single price for buying and selling the security is quoted, at that price; or
      - (b) if separate buying and selling prices are quoted, at the mid-market price; or
      - (c) if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no price exists, at a value which, in the opinion of the ACD, is fair and reasonable; and
    - (e) property other than that described in (a) and (b) above shall be valued at an amount which, in the opinion of the ACD, represents a fair and reasonable mid-market price;
  - 16.2 cash and amounts held in current and deposit accounts and in other time-related deposits shall be valued at their nominal values;
  - 16.3 there will be a deduction of an estimated amount for anticipated tax liabilities at that point in time including (as applicable and without limitation) capital gains tax, income tax, corporation tax, valued added tax, stamp duty and stamp duty reserve tax;
  - 16.4 there will be a deduction of an estimated amount for any liabilities payable out of the Scheme Property and any tax thereon treating periodic items as accruing from day to day;

- 16.5 there will be a deduction of the principal amount of any outstanding borrowings whenever payable and any accrued but unpaid interest on borrowings;
- 16.6 in determining the value of the Scheme Property, all instructions given to issue or cancel Shares shall be assumed to have been carried out (and any cash paid or received) whether or not this is the case;
- 16.7 subject to paragraphs 16.8 and 16.9 below, agreements for the unconditional sale or purchase of property which are in existence but uncompleted shall be assumed to have been completed and all consequential action required to have been taken. Such unconditional agreements need not be taken into account if made shortly before the valuation takes place and, in the opinion of the ACD, their omission will not materially affect the final net asset amount;
- 16.8 all agreements are to be included under paragraph 16.7 which are, or ought reasonably to have been, known to the person valuing the property;
- 16.9 add an estimated amount for accrued claims for tax of whatever nature which may be recoverable;
- 16.10 add any other credits or amounts due to be paid into the Scheme Property;
- 16.11 add a sum representing any interest or any income accrued due or deemed to have accrued but not received; and
- 16.12 currencies or values in currencies other than base currency shall be translated at the relevant Valuation Point at a rate of exchange that is not likely to result in any material prejudice to the interests of Shareholders or potential Shareholders.
- 16.13 The ACD currently elects to deal on a forward basis from the beginning of each Business Day until the Valuation Point. The ACD may, subject to certain conditions and with the agreement of the Depositary, change the basis of dealing. In general the rules are as follows:
  - (a) If the ACD's choice is forward, all deals must be at a forward price and the election lasts until the end of the dealing period.
  - (b) The ACD may at any time elect for forward only for the rest of the then current period.
  - (c) Redemptions must be on the same basis as issues.
  - (d) Where at any time during a Dealing Day the ACD knows or has reason to believe, that the property of the Company has increased or decreased by 2% or more since the last valuation, it must perform a special valuation or else elect for forward dealing only.
  - (e) An applicant may always request to deal on a forward basis.
  - (f) The ACD may elect to deal on a forward basis in the case of a large deal. For the purpose of the FCA Rules, a large deal will be a deal in respect of units exceeding the sum of £1,000,000 in value.

**16.14 Hard-to-value assets**

Where the ACD has reasonable grounds to believe that the price obtained is unreliable or the most recent price available does not reflect the ACD's best estimate of the value of the relevant investment at the relevant Valuation Point or no price or no recent price

exists, the ACD may use a price which, in the opinion of the ACD, reflects a fair and reasonable price for that investment (the fair value price). In calculating any value, the ACD shall be entitled to rely on any valuations provided or attributed to any asset or liability by an Investment Manager.

The circumstances which may give rise to a fair value price being used include:

- (a) no recent trade in the security concerned; or
- (b) the occurrence of a significant event since the most recent closure of the market where the price of the security is taken.

In (b), a significant event is one that means the most recent price of a security or a basket of securities is materially different to the price that it is reasonably believed would exist at the Valuation Point had the relevant market been open.

In determining whether to use such a fair value price, the ACD will include in its consideration:

- (a) the type of authorised fund concerned;
- (b) the securities involved;
- (c) the basis and reliability of the alternative price used; and
- (d) the ACD's policy on the valuation of Scheme Property as disclosed in the Prospectus.

## 17. **Purchase and redemption of Shares in the Company**

### 17.1 **Buying Shares**

The ACD will accept orders for the purchase and redemption of Shares on normal Business Days between 9.30 am and 5.00 pm.

The ACD's normal basis of dealing is at a forward price, plus or minus any applicable dilution levy. This means that transactions will be effected at prices determined at the next Valuation Point following the ACD's agreement to sell, or as the case may be, to redeem the Shares in question.

Instructions to purchase or redeem Shares may be in writing, by obtaining an application form by telephoning the ACD's Customer Enquiry Line on 0333 300 0375, or through the means of electronic communications (as set out in paragraph 19).

To confirm the transaction, a contract note or allocation letter will be issued by close of business on the next Business Day after the Dealing Day.

Investors buy and redeem Shares through the ACD who nets them to reduce the number of Shares issued/cancelled by the Company. When carrying out deals in Shares, the ACD acts as principal but does not profit from this activity.

### 17.2 **Redeeming Shares**

The ACD will buy back Shares from registered holders at not less than the price determined at the next Valuation Point following receipt of redemption instructions less any dilution levy. Payment of redemption proceeds will be made not later than four Business Days after either the Dealing Day or receipt of the renouncement document if later. Payment for this purpose will be the

issuance and posting of a sterling cheque to the address of the Shareholder held on the Register. First class postage will be used where available.

### **17.3 In specie redemptions**

In the event that a Shareholder requests the redemption or cancellation of Shares representing over 10% of the property of the Company, the ACD may upon giving written notice to the Shareholder arrange that, in place of payment of the NAV price of the Shares in cash, the Company cancels the Shares and transfers relevant Scheme Property to the Shareholder.

The ACD will select property to be transferred in consultation with the Depositary. The Depositary must take reasonable care to ensure that the property transferred would not be likely to result in any material prejudice to the interests of the Shareholders.

The ACD may retain out of the property to be transferred property or cash of a value equivalent to any stamp duty or stamp duty reserve tax to be paid to the redemption of the Shares.

### **17.4 Issue of Shares in exchange for in specie assets**

The ACD may arrange for the Company to issue Shares in exchange for assets other than cash, but will only do so where the Depositary has taken reasonable care to determine that the Company's acquiring of those assets in exchange for the Shares concerned is not likely to result in any material prejudice to the interests of Shareholders or potential Shareholders.

The ACD will ensure that the beneficial interest in the assets is transferred to the Company with effect from the issue of the Shares.

The ACD will not issue Shares in exchange for assets the holding of which would be inconsistent with the investment objective of the Company.

### **17.5 Minimum initial subscription and minimum Shareholding**

There will be a minimum subscription size of £100,000 in respect of all classes of Shares which may be waived at the absolute discretion of the ACD and a minimum transaction size of £100,000 unless the ACD in its absolute discretion waives this requirement or unless the sale is of an entire holding which is smaller than that minimum. There will be a minimum holding of £100,000.

### **17.6 Publication of Share prices**

The most recent prices will appear daily on the Trustnet website at [www.trustnet.com](http://www.trustnet.com) and can also be obtained by telephone on 01483 783 900.

For reasons beyond the control of the ACD, these may not necessarily be the current prices.

The cancellation price last notified to the Depositary is available from the ACD upon request.

The Shares are not listed or dealt in on any investment exchange.

### **17.7 Suspension of Dealing**

The sale and redemption of Shares in the Company will not take place if dealing in the Shares is temporarily suspended by the ACD with prior agreement of the

Depositary or if required by the Depositary in either case if the ACD or the Depositary (as the case may be) is of the opinion that, due to exceptional circumstances, there is good and sufficient reason so to suspend dealings having regard to the interests of Shareholders or potential Shareholders in the Company.

- (a) The FCA will be notified immediately of any suspension of dealing in shares and the ACD or, if the Depositary has required the suspension, state the reasons for the suspension and the exceptional circumstances which led to the decision to suspend dealing.
- (b) The notice of suspension must be clear, fair and not misleading. Shareholders will be informed in writing of the expected duration of the suspension (if known) and be provided with updates concerning any such suspension.
- (c) The ACD and Depositary must formally review any such suspension at least every 28 days and inform the FCA of the results of their review. Any such suspension may only continue for so long as it is justified having regard to the interest of Shareholders.
- (d) The ACD must ensure that a notification of the suspension is made to Shareholders as soon as practicable after the suspension commences.
- (e) The ACD may agree, during the suspension, to deal in Shares, in which case all deals accepted during, and outstanding prior to, the suspension will be undertaken at a price calculated at the first valuation point after restart of dealings in Shares.
- (f) In addition, the FCA Rules may require the ACD to temporarily suspend the issue, cancellation, sale and redemption of Shares in certain circumstances (for example, where the Company is invested in other authorised funds which are themselves suspended).

The ACD may, inter alia, reject at its discretion any application for the purchase, sale or exchange of Shares for the purpose of ensuring that no Shares are acquired or held by any person in breach of the law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory.

#### 17.8 **Mandatory transfers and redemptions**

If it comes to the notice of the ACD that any Shares ('**affected shares**') are owned directly or beneficially in breach of any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory or by virtue of which the Shareholder or Shareholders in question is/are not qualified and entitled to hold such Shares or if it reasonably believes this to be the case, the ACD may give notice to the holder(s) of the affected shares requiring either transfer of such Shares to a person who is qualified or entitled to own them or that a request in writing be given for the redemption or cancellation of such Shares in accordance with the OEIC Regulations and COLL. If any person upon whom such a notice is served does not within thirty days after the date of such notice transfer their affected shares to a person qualified to hold them or establish to the satisfaction of the ACD (whose judgement is final and binding) that they or the beneficial owner is qualified and entitled to own the affected shares, they shall be deemed upon the expiration of that thirty day period to have given a request in writing for the redemption of all the affected shares pursuant to the OEIC Regulations and COLL.

A person who becomes aware that they have acquired or are holding affected shares in breach of any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory, or by virtue of which they are not qualified to hold such affected shares, shall forthwith, unless they have already received a notice as aforesaid, either transfer or procure the transfer of all their affected shares to a person qualified to own them or give a request in writing or procure that such a request for the redemption or cancellation of all their affected shares pursuant to the OEIC Regulations and COLL.

#### 17.9 **Mandatory Conversion**

Where the ACD considers it in the best interests of Shareholders, the ACD may convert a Shareholder's holding in one Class of Shares to another Class of Shares in the Company. The ACD shall give at least 60 days' prior written notice to the Shareholders concerned of the proposed conversion, including details of the new Class of Shares and reminding Shareholders of their rights to redeem.

### 18. **Income equalisation: grouping for equalisation**

18.1 The Instrument of Incorporation specifies that income equalisation will be operated unless the ACD determines otherwise.

18.2 If equalisation is operated, when an incoming Shareholder purchases a Share during an accounting period, part of the purchase price will reflect the relevant Share of accrued income in the net asset value of the Company. The first allocation of income in respect of that Share refunds this amount as a return of capital. This is known as '**income equalisation**'. The amount of income equalisation is calculated by dividing the aggregate of the amounts of income included in the creation price of Shares of the class in question issued or re-issued in a grouping period by the number of those Shares and applying the resulting average to each of the Shares in question.

18.3 Grouping periods are consecutive periods within each annual accounting period, being the interim accounting periods (including the period from the end of the last interim accounting period in an annual accounting period to the end of that annual accounting period) as specified in paragraph 8.1 above. If there are no interim accounting periods, the periods for grouping of Shares will be annual accounting periods. Grouping is permitted by the Instrument of Incorporation for the purposes of equalisation.

### 19. **Electronic Communications**

19.1 The ACD will accept instructions to transfer or renunciation of title to Shares on the basis of an authority communicated by electronic means and sent by the Shareholder, or delivered on their behalf by a person that is authorised by the FCA or regulated in another jurisdiction by an equivalent supervisory authority, subject to:

- 1.1.2 prior agreement between the ACD and the person making the communication as to:
- (a) the electronic media by which such communications may be delivered; and
  - (b) how such communications will be identified as conveying the necessary authority; and
  - (c) assurance from any person who may give such authority on behalf

of the investor that they will have obtained the required appointment in writing from the Shareholder.

## 20. Taxation

**The following summary is based on current UK law and HM Revenue & Customs practice. It summarises the UK tax position of Open-Ended Investment Companies (OEICs) and Shareholders who are UK tax resident. However, it should not be regarded as exhaustive and investors are advised to obtain specific advice from their professional tax adviser. Levels and bases of, and reliefs from, taxation are subject to change in the future.**

### 20.1 Taxation of the Company

The Company is an OEIC and is treated as an Authorised Investment Fund for tax purposes. Income of the Company is deemed to be distributed for tax purposes, even when it is accumulated. References to distributions include deemed distributions of accumulated income.

The Company will make dividend distributions except where over 60% of the Company's property has been invested at all times throughout the distribution period in interest paying and related investments, in which case it will make interest distributions. A fund that makes interest distributions is referred to as a Bond Fund and a fund that makes dividend distributions is referred to as an Equity Fund.

#### (a) Income

The Company is liable to corporation tax on its income after relief for management expenses (which include fees payable to the ACD and to the Depository). The rate of corporation tax applicable to the Company is equal to the basic rate of income tax.

Where the Company is a Bond Fund, the gross amount of any interest distributions is an allowable expense for corporation tax purposes and no tax should actually be paid on that part of the income funding the interest distributions.

Dividend income received by the Company from investments in UK resident and overseas companies should fall within an exemption from corporation tax. Dividend income received from foreign companies may be subject to withholding tax or other taxation in the foreign jurisdiction. Any foreign tax suffered by the Company may normally be deducted from the UK tax due on that income or treated as an expense in calculating the amount of that income subject to corporation tax.

#### (b) Capital gains

Capital gains realised by the Company on a disposal of its investments are exempt from corporation tax on chargeable gains. In the unlikely event that the Company should be considered to be trading in securities for tax purposes, any gains made by it would be treated as income and taxed accordingly.

#### (c) Stamp Duty Reserve Tax

Stamp duty reserve tax (**SDRT**) is generally charged on any agreements

to transfer shares of OEICs (other than transactions handled by the fund manager) to third parties at a rate of 0.5% of the consideration.

No SDRT charge arises on the issue or surrender of shares of OEICs. However, investors may be subject to an SDRT charge where Shares are surrendered and the investors receive assets from the Company (rather than cash) which are not in proportion to each investor's share of the total assets held by the Company.

## 20.2 Taxation of the Shareholders

### (a) Income

For tax purposes, an OEIC is treated as distributing the whole of the income available for distribution in each of its distribution periods, whether actually distributed or accumulated by it. Distributions may be made as interest distributions or dividend distributions as set out below.

The distribution accounts of the Company for any of its distribution periods may show income available for distribution as either (i) an interest distribution or (ii) a dividend distribution. The type of distribution that either actually takes or is deemed to take place depends on the source and composition of the income within the Company.

Where more than 60% of the Company is invested in "qualifying investments" (broadly speaking interest paying investments, see further below) the Company will make an interest distribution. Where this is not the case, distributions made by the Company will be dividend distributions.

All Shareholders will be sent tax vouchers stating the make-up of their distributions and showing their taxable income.

#### **Interest distributions**

##### UK resident individuals

Interest distributions paid by the Company (save in respect of distributions to certain qualifying Shareholders) are treated as yearly interest and, as such, are subject to income tax.

No income tax is required to be deducted at source from interest distributions, with the result that Shareholders will receive interest distributions gross of any tax.

Basic rate taxpayers are entitled to a personal savings allowance, higher rate taxpayers are entitled to a reduced personal savings allowance and additional rate taxpayers have no personal savings allowance.

Basic rate, higher rate and additional rate taxpayers will pay income tax (in the case of basic rate and higher rate taxpayers, on the amount in excess of the applicable personal savings allowance) on any income distributions at the basic rate, the higher rate or the additional rate (as applicable).

##### UK corporate Shareholders

If, at any point in an accounting period of a UK corporate Shareholder,

the Company fails to satisfy the "qualifying investment" test, Shares held by the UK corporate Shareholder in respect of the Company are treated as if the Shares in respect of such a corporate's accounting period (including gains, profits and losses) are rights under a creditor loan relationship and will be taxed or relieved as an income receipt or expense on a "fair value accounting" basis. Accordingly, such a corporate Shareholder may, depending on its own circumstances, incur a charge to corporation tax on an unrealised increase in the value of its holding of Shares (and, likewise, obtain relief against corporation tax for an unrealised reduction in the value of its holding of Shares).

The Company will fail to satisfy the "qualifying investments" test at any time when more than 60% of its assets by market value comprise government and corporate debt securities, cash on deposit, certain derivative contracts or holdings in other collective investment schemes which at any time in the relevant accounting period do not themselves satisfy the "qualifying investments" test, or other interest bearing securities.

Interest distributions paid to UK corporate Shareholders may be paid without deduction of income tax at source.

### **Dividend distributions**

Dividend distributions paid by the Company are treated as if they are dividends.

#### UK resident individuals

UK resident individuals liable to income tax at the basic, higher or additional rate will be taxed at the appropriate dividend rate on the receipt of dividend distributions subject to the availability of allowances and reliefs including the annual dividend allowance.

#### UK corporate Shareholders

UK resident corporate Shareholders must split their dividend distributions into franked and unfranked income portions according to the percentage split given on the tax voucher. The unfranked portion is, to the extent it comprises UK source income, generally treated as an annual payment received after deduction of income tax at the basic rate, whereas the balance is treated as franked income – i.e. a dividend. Both annual payments and dividends are liable to corporation tax in the hands of UK corporate Shareholders although the franked dividend portion should fall within an exemption from corporation tax.

#### (b) Chargeable gains

##### UK resident individuals

Shareholders who are resident in the UK may be liable to UK taxation on capital gains arising from the sale or other disposal, including a redemption of Shares. Gains will be tax-free if after deduction of allowable losses, they fall within an individual's annual capital gains exemption.

Gains in excess of the annual exemption amount are taxed at the lower rate of capital gains tax to the extent that together with an individual's

taxable income they do not exceed the upper limit of the basic rate income tax band and at the higher rate to the extent that they exceed that limit.

#### UK corporate Shareholders

UK corporate Shareholders (whose Shares are not treated as creditor loan relationships) will be charged to corporation tax on any gains realised after the deduction of allowable losses (if any).

### **The ACD reserves the right to redeem the Shares of any Shareholder who jeopardises the tax status of the Company.**

#### 20.3 Income equalisation – tax implications

The price of a Share of a particular Share Class is based on the value of that Share Class's entitlement in the Company, including the income of the Company since the previous distribution or, in the case of accumulation Shares, deemed distribution. In the case of the first distribution received or accumulation made in respect of a Share, part of the amount, namely the equalisation payment, is treated as a return of capital and is not taxable as income in the hands of the Shareholder. This amount is, however, in the case of income Shares, deducted from the cost of the Share in computing any capital gains. Equalisation applies only to Shares purchased during the relevant accounting period. It is calculated as the average amount of income included in the issue price of all Shares of the relevant Share Class issued during the period.

#### 20.4 UK information reporting regime

Open-ended investment companies are required to report details of interest distributions paid to UK, and many non-UK investors. Dividend distributions and payments made to ISA investors are not within the scope of these rules but see the paragraphs dealing with "International Tax Compliance" below.

#### 20.5 Tax Elected Fund (**TEF**) regime

The ACD may, in the future, seek to elect the Company into the TEF regime if it considers that it would be advantageous for the majority of investors in the Company to do so. If the Company is elected into the TEF regime, the UK tax treatment of the Company and its investors would be different to that set out above.

#### 20.6 International Tax Compliance

The Company is required to comply with the International Tax Compliance Regulations.

The International Tax Compliance Regulations transpose into UK law rules and obligations derived from international standards and inter-governmental agreements entered into by the UK which are aimed at increasing transparency and reducing tax evasion. The regulations include rules derived from the US Foreign Account Tax Compliance Act (**FATCA**) and the OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (**CRS**).

To be compliant with the International Tax Compliance Regulations the Company must collect information about each Shareholder's tax residence and, in certain circumstances, provide information about Shareholders' shareholdings to HMRC.

HMRC may in turn share this information with overseas tax authorities. Such tasks may be delegated to the Administrator.

**Shareholders should note that:**

- **they may be asked to provide additional information (including information regarding their tax residence) to the ACD or the Administrator to enable the Company to satisfy these obligations;**
- **the ACD or Administrator may report these details, along with information about a Shareholders' holding, to HMRC; and**
- **HMRC may subsequently exchange this information with other governments or tax authorities in other jurisdictions.**

If a Shareholder fails to provide the information required by the Company to comply with its obligations to HMRC this may result in the ACD taking appropriate action against the Shareholder, including invoking the compulsory transfer and redemption provisions set out in this Prospectus. The Shareholder may also be liable for any penalties suffered by the ACD. The ACD may deduct the amount of any penalty from the Shareholder's account.

**21. Risk Profile Management**

21.1 The ACD, in consultation with the Investment Managers, has adopted a risk management process in respect of the Company enabling it to monitor and measure the risk of the Company's portfolio and contribution of the underlying investments to the overall risk profile of the Company.

21.2 The ACD operates a liquidity risk management policy with a view to ensuring that Shareholders are able to realise their Shares in accordance with this Prospectus and the requirements of the FCA Rules. This Prospectus provides information in relation to liquidity risk management, including the redemption rights of investors in normal and exceptional circumstances, and the existing redemption arrangements with investors.

21.3 Liquidity risk is the risk that the Company is unable to meet its obligations as they fall due. Examples include insufficient cash to meet redemption requests or make margin payments requirements and the risk that a particular derivative position cannot be easily unwound or offset due to insufficient market depth or market disruption or that the Company's financial obligations arising from the derivative activity (such as margin calls) will not be able to be met. It is controlled for through monitoring of the liquidity of all instruments used, including derivatives, in the context of the investment objectives and liquidity requirements of each scheme or client account. Cash positions are monitored and reported to ensure that the Company has sufficient capacity to meet obligations arising from any derivative positions.

21.4 Stress tests on the portfolio are undertaken on a periodic basis, the frequency is dependent on a number of factors, e.g. portfolio composition and liquidity.

**22. Leverage (as defined by the UK AIFM regime)**

22.1 The Company may invest in instruments which are subject to leverage from time to time. Under the UK AIFM regime, the ACD must:

- (a) set a maximum level of leveraging which it may employ on behalf of the

Company; and

- (b) where the leverage arrangement allows the right to reuse collateral or the granting of a guarantee, set out the extent of that right or guarantee.

22.2 For the Company, the ACD has set the following limits:

<b>Derivative Type</b>	<b>Limits</b>
<b>Allowable on a 'substantial' basis</b>	No
<b>Unsecured cash borrowings</b>	Not permitted
<b>Secured cash borrowings</b>	Up to 10% for liquidity purposes only. ONLY for short-term use.
<b>Convertible borrowings</b>	Not permitted
<b>Interest rate swaps</b>	Not permitted
<b>Contracts for differences</b>	Not permitted
<b>Futures contracts</b>	Not permitted
<b>Total return swaps</b>	Not permitted
<b>Forward agreements</b>	Only as required; No greater than 40% of the Net Asset Value of the portfolio.
<b>Options</b>	Only as required; No greater than 30% of the Net Asset Value of the portfolio.
<b>Repurchase arrangements</b>	Not permitted
<b>Reverse repurchase arrangements</b>	Not permitted
<b>Securities lending arrangements</b>	Not permitted
<b>Securities borrowing arrangements</b>	Not permitted
<b>Credit default swaps</b>	Not permitted
<b>MAXIMUM LEVEL OF LEVERAGE USING THE COMMITMENT METHOD*</b>	200%
<b>MAXIMUM LEVEL OF LEVERAGE USING THE GROSS METHOD*</b>	300%

**\*NOTES**

Under the **gross method**, the exposure of the Company is calculated as follows:

1. the value of any cash and cash equivalents which are highly liquid investments held in the base currency of the Company that are readily convertible to an amount of cash, subject to an insignificant risk of change in value and which provide a return no greater than the rate of a three month high quality government bond is excluded;
2. derivative instruments are converted (using certain specified conversion

methodologies) into the equivalent position in their underlying assets;

3. cash borrowings that remain in cash or cash equivalents and where the amounts payable are known are excluded;
4. exposures resulting from the reinvestment of cash borrowings, expressed as the higher of the market value of the investment realised or the total amount of cash borrowed are included; and
5. positions within repurchase or reverse repurchase transactions and securities lending or borrowing or other similar arrangements are included.

The maximum level of leverage for the Company expressed as a ratio of the Company's total exposure to its Net Asset Value current ratio under the gross method is: **3:1**.

Under the **commitment method**, the exposure of the Company is calculated as follows:

1. derivative instruments are converted (using certain specified conversion methodologies) into the equivalent position in their underlying assets;
2. netting and hedging arrangements are applied, subject to specified conditions;
3. the exposure created through the reinvestment of borrowings where such reinvestment increases the exposure of the Company is calculated;
4. derivative instruments used for currency hedging purposes are excluded.

The maximum level of leverage for the Company expressed as a ratio of the Company's total exposure to its Net Asset Value current ratio under the commitment method is: **2:1**.

### 22.3 Use of Leverage

**Where the Company may use options, forwards and other derivative instruments for both the purpose of meeting the investment objectives of the Company and hedging against either price or currency fluctuations, the ACD's ability to use these strategies may be limited by market conditions, regulatory limits and tax considerations. Use of these strategies involves certain special risks, including (i) imperfect correlation between movements in the securities or currency on which a futures or options contract is based and movements in the securities or currencies in the Company; (ii) the absence of a liquid market for any particular instrument at any particular time; and (iii) possible impediments to the ability to meet redemption requests or other short-term obligations because of the percentage of the Company's assets segregated to cover its obligations. Hedging strategies necessarily add costs to the Company.**

### 23. Fair Treatment of Investors

- 23.1 The ACD ensures fair treatment of investors by its compliance with the applicable rules in COLL and FUND and with the rules contained in the FCA Handbook.
- 23.2 The ACD is required, under the FCA Handbook, to treat its customers fairly, when they become, remain or as they cease to be Shareholders. The ACD complies with the rules in the FCA Handbook, and has adopted a series of policies and procedures (including a Conflict of Interest policy) which are designed to achieve this outcome.

- 23.3 The ACD and the Investment Managers may in certain circumstances grant preferential treatment to investors. This may include, for example, access to certain Share classes, a waiver or reduction of certain charges, the payment of rebates, or access to individuals within the ACD or the Investment Managers. If such rights are granted, this would typically be to investors who invest significant amounts in the Company. Such investors would not typically be legally or economically linked to the ACD.
- 23.4 Any Shareholder may be granted preferential treatment in relation to the terms of its investment in the Company by the ACD, the Investment Managers and/or any other service provider to the Company.
- 23.5 The ACD and/or the Investment Managers may enter into side letters and/or other arrangements ("Side Arrangements") with Shareholders, including those deemed to involve a significant or strategic relationship, that will result in the terms of an investment in the Company being different to the terms applicable to other Shareholders and/or provide the following preferential treatment:
- (a) **Disclosure / Reporting:**
- (a) notification of (A) certain 'key man' events and/or (B) certain changes to the organisation of the Company and/or (C) the issue of Shares on more favourable terms to those described herein (as amended by the relevant side letter and/or other arrangement) and/or (D) certain other changes and/or other events, in each case that affects, or relates to, the Company and/or its service providers (including, but not limited to, the Investment Managers) or the relevant shareholder's investment in the Company;
- (b) notification if holdings in the Company by the relevant shareholder exceed specific levels; and/or
- (c) the provision of certain limited information relating to the Investment Managers and/or to the Company's assets, including in order to allow the relevant shareholder to comply with the laws and regulations to which it is subject.
- (b) **Investor Liquidity terms:**
- (a) ensure that redemptions of Shares are effected in full within a prescribed period of time in the event that redemptions are deferred (i.e. "gated") for any reason; and/or
- (b) permit transferability of Shares where there is no change of beneficial ownership.
- (c) **Fees:**
- (a) rebate some or all of the periodic charge payable in respect of the relevant Shareholder's Shares.
- (d) **Side Arrangements:**
- (a) The ACD's Risk Management Policy deals with Side Arrangements.
- (b) The main conflict of interest with Side Arrangements is the potential for one or more investors to be advantaged over other investors by terms within their Side Arrangements. For example, the preferential early exit of one investor may reduce the portfolio

liquidity, which might make withdrawals unavailable to other investors. Subsequently, it may be the case that other investors are actually disadvantaged. The ACD will give consideration as to whether the nature and scope of the provisions are consistent with treating all investors fairly.

- (c) Any Side Arrangement which contains 'material terms' will be fully considered before it is put in place. Examples of material terms would include preferential redemption rights, 'key man' provisions, redemption 'gate' waivers and portfolio transparency rights.

## 24. **Recognition and Enforcement of Judgments**

The UK AIFM regime requires the ACD to give details of legal instruments providing for the recognition and enforcement of judgments in England and Wales (which is the territory in which the Company is established). The laws of England and Wales provide a number of legal mechanisms for the recognition and enforcement of judgments.

## 25. **Further Information**

### 25.1 **Instrument of Incorporation, Prospectus**

Copies of the Instrument of Incorporation, Prospectus and the most recent annual and half-yearly reports may be inspected at the head office of the ACD at Exchange Building, St John's Street, Chichester, West Sussex PO19 1UP. Copies of these documents may be obtained free of charge on request from the ACD.

### 25.2 **Telephone calls**

Telephone calls may be recorded for regulatory, training or monitoring purposes. Recordings will be provided on request for a period of at least five years from the date of such recording, or, where requested by a competent regulatory authority, for a period of seven years, where the ACD can identify the call.

If you ask the ACD to send you a recording of a particular call, the ACD may ask for further information to help identify the exact call to which your request relates.

### 25.3 **Future disclosures**

- (a) The following information will be made available to Shareholders as part of the Company's annual report:
  - i. the percentage of the Company's assets which are subject to special arrangements arising from their illiquid nature;
  - ii. any new arrangements for managing the liquidity of the Company;
  - iii. the current risk profile of the Company and the risk management systems employed by the ACD to manage those risks; and
  - iv. the total amount of leverage employed by the Company, as applicable.
- (b) Shareholders will also be provided with information regarding changes to:
  - i. the maximum level of leverage that the ACD may employ on behalf of the Company;
  - ii. any rights of re-use of collateral under the Company's leveraging

arrangements; and

- iii. any guarantee granted under the Company's leveraging arrangements.

This information will be made available to Shareholders, without undue delay following the occurrence of that change, usually by way of update to this Prospectus. Where required, such change will be preceded by notification to Shareholders.

#### 25.4 **Service contracts**

Copies of the contracts of service between the Company and the ACD, and any other directors, will be provided to Shareholders on request.

#### 25.5 **Service of notices**

The address for service of notices or other documents required or authorised to be served on the Company is at its registered office located at Exchange Building, St John's Street, Chichester, West Sussex PO19 1UP.

#### 25.6 **Complaints**

Shareholders who have complaints about the operation of the Company should (in the first instance) contact the ACD. If a complaint cannot be resolved satisfactorily with the ACD it may be referred direct to the Financial Ombudsman Service at Exchange Tower, London E14 9SR.

A copy of the complaints handling procedure is available from the ACD on request.

#### 25.7 **Risk Factors**

- **An investment in an open-ended investment company, such as the Company, should be regarded as a longer-term investment.**
- **Investors should be aware that the price of shares, and the income from them, can fall as well as rise and investors may not receive back the full amount invested.**
- **Past performance is not a reliable indicator of future performance.**
- **Investments denominated in currencies other than the base currency are subject to fluctuations in exchange rates which can be favourable or unfavourable.**
- **Investors should be aware that concentrating the Company's investments in one country could increase the risks associated with investing in the Company's Shares.**
- **No guarantee of capital**  
**Investors should note that the Company does not offer any form of guarantee with respect to investment performance and no form of capital protection will apply.**
- **Investors should note that capital is, in fact, at risk and there is no guarantee that any particular returns will be achieved, whether over a stated period or any other period. It cannot be guaranteed that a specific investment period in which the Company aims to achieve**

**returns will be achieved.**

- **Custody Risk**

**The Depositary may delegate the function of safekeeping of Financial Instruments to the Custodian, who may in turn appoint custody agents. The Depositary or Custodian or custody agents may hold Financial Instruments in fungible accounts (meaning the assets are interchangeable) or omnibus accounts (resulting in accounts being combined). The use of omnibus accounts gives rise to a potential risk that there could be a shortfall in the Financial Instruments held in such an account should the total of the Financial Instruments be less than the aggregate entitlement of the Company. It is expected that such risks will be mitigated by the Custodian's trade matching and reconciliation processes, however in the event of an irreconcilable shortfall, the affected clients would bear the risk of any shortfall on a pro-rata basis and the Company may not recover all of its Financial Instruments.**

- **Infectious diseases that pose significant threats to human health may be highly disruptive to global economies and markets. The economic and market disruptions caused by infectious diseases could significantly impact the value of the Scheme Property of the Company and the value of distributions paid to Shareholders.**

## 25.8 **Data Protection**

The personal details of each applicant for Shares and each Shareholder will be held by the ACD and/or the Administrator as its agent in accordance with Data Protection Laws for the purposes of carrying out the ACD's agreement with each Shareholder. This may include the transfer of such data to other members of the ACD's group and to other businesses providing services to the ACD (including their offices outside the UK), where the transfer is necessary for the provision of services in relation to the ACD's role as operator of the Company. The data protection laws and other laws of these countries may not be as comprehensive as those that apply within the UK. In these instances the ACD will take steps to ensure that your privacy rights are respected.

Shareholders have the right to access their personal data processed by the ACD together with (in certain circumstances) the right to object to the processing of such data for legitimate reasons. A copy of the ACD's Privacy Notice relating to investors is available at [www.tutman.co.uk](http://www.tutman.co.uk) or on request from [compliance@tutman.co.uk](mailto:compliance@tutman.co.uk).

## 25.9 **Electronic Verification**

The Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017, The Proceeds of Crime Act 2002, the Senior Management Arrangements Systems and Controls Sourcebook and Joint Money Laundering Steering Group guidance notes (which are updated from time to time) state that the ACD must check your identity and the source of the money invested. The ACD may also request verification documents from parties associated with you. In some cases, documentation may be required for officers performing duties on behalf of bodies corporate. The checks may include an electronic search of information held about you (or your associated party) on the electoral roll and using credit reference agencies. The credit reference agency may check the details you (or your associated party) supply against any particulars on any database (public or otherwise) to which they have access and may retain a record of that information although this is only to verify identity and will not affect your (or your associated party's) credit rating. They may also use your (or your associated party's) details in the future to assist other companies for verification purposes.

If you apply for shares you are giving the ACD permission to ask for this information in line with Data Protection Laws. If you invest through a financial adviser they must fill an identity verification certificate on your behalf and send it to the ACD with your application.

#### 25.10 **Dealing in Shares – Client Money Rules**

The FCA Handbook contains provisions (known as the '**Client Money Rules**') designed to safeguard client money in the hands of authorised persons. However, the CASS rules also provide that money need not be treated as client money in respect of a delivery versus payment transaction, for the purpose of settling a transaction in relation to units in a regulated collective investment scheme such as the Company, provided that:

1. The ACD receives the money from a client in relation to the ACD's obligation to issue shares in the fund in accordance with COLL; or
2. The money is held in the course of redeeming shares, where the proceeds are paid to the client within the timeframe specified in COLL.

Where money is received in either of the circumstances set out in 1. or 2. above, the ACD must cease to operate the exemption if, by close of business on the Business Day following receipt of the money, it has not paid it over to the Depositary or the client or, if direct issues and cancellations of Shares by the Company are permitted, to the Company, as applicable.

In order to facilitate management of the Company, the ACD makes use of the delivery versus payment exemption on the issue of shares in respect of money received other than in the form of cheques. Money received in other payment forms for the issue of shares is, therefore, not protected under the Client Money Rules until the delivery versus payment exemption period has expired. Money received by the ACD in the form of redemptions, cheques or other remittances is paid directly into a client money account maintained by the ACD with an Approved Bank, and protected in line with the Client Money Rules. No interest is payable by the ACD on monies credited to this account.

Money deposited into an account with a third party may have a security interest, lien or right of set-off in relation to the money, to the extent permitted by the Client Money Rules.

In certain circumstances, if the ACD has lost touch with an investor, the ACD will be permitted to pay the investor's client money balance to a registered charity after six years. The ACD will not do so until reasonable efforts have been made to contact the investor. The investor will still be entitled to recover this money from the ACD at a later date irrespective of whether the ACD has paid the money to charity. This is subject to the rules in COLL, which require the ACD to transfer any distribution payment which remains unclaimed after a period of six years from the date of payment to the Company's capital property.

#### 25.11 **Non-accountability for profits**

Neither the Company, the ACD, the Depositary, the Investment Managers (or any associate of the same) or the Auditors is liable to account to either each other or to Shareholders for any profits or benefits it makes or receives that are made or derived from or in connection with:

- (a) dealings in the Shares of the Company; or
- (b) any transaction in the Scheme Property; or

(c) the supply of services to the Company.
