This may include the transfer of such data to other members of the ACD's group and to other businesses providing services to the ACD (including their offices outside the UK), where the transfer is necessary for the provision of services in relation to the ACD's role as operator of the Company. The data protection laws and other laws of these countries may not be as comprehensive as those that apply within the UK. In these instances the ACD will take steps to ensure that your privacy rights are respected. Shareholders have the right to access their personal data processed by the ACD together with (in certain circumstances) the right to object to the processing of such data for legitimate reasons. A copy of the ACD's Privacy Notice relating to investors is available at www.tutman.co.uk or on request from compliance@tutman.co.uk.

Electronic Verification

The Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017, The Proceeds of Crime Act 2002, the Senior Management Arrangements, Systems and Controls Sourcebook and Joint Money Laundering Steering Group guidance notes (which are updated from time to time) state that the ACD must check your identity and the source of the money invested. The ACD may also request verification documents from parties associated with you. In some cases, documentation may be required for officers performing duties on behalf of bodies corporate. The checks may

include an electronic search of information held about you (or your associated party) on the electoral roll and using credit reference agencies. The credit reference agency may check the details you (or your associated party) supply against any particulars on any database (public or otherwise) to which they have access and may retain a record of that information although this is only to verify identity and will not affect your (or your associated party's) credit rating. They may also use your (or your associated party's) details in the future to assist other companies for verification purposes. If you apply for shares you are giving the ACD permission to ask for this information in line with Data Protection Laws. If you invest through a financial adviser they must fill an identity verification certificate on your behalf and send it to the ACD with your application.

RISK FACTORS

- **Collective investment schemes should be regarded as long term investments.**
- **The value of the shares in the Company is based upon the value of the underlying investments.**
- **The value of those investments and the income from them and consequently the value of the shares and the income from them, can go down as well as up and are not guaranteed.**
- **Past performance is not necessarily a guide to future performance.**
- **The Company may invest in currencies other than sterling. As a result, exchange rate changes may cause the value of overseas investments to rise or fall, and the value of the shares to go up or down.**
- **Investors may not get back the amount originally invested.**
- **Approved derivatives transactions may be used for Efficient Portfolio Management in accordance with the FCA Rules. It is anticipated that the use of derivatives for Efficient Portfolio Management would be principally to hedge against currency risks and to reduce, rather than to increase, the risk profile to the Company.**
- **The Company may, subject to FCA Rules, invest in unregulated (also known as 'non-registered' or 'non-authorized') collective investment schemes. These types of schemes are not subject to the same restrictions on investment powers or on how they are run as regulated schemes, and therefore may be considered higher risk.**

These unregulated schemes may include hedge funds which may be illiquid, i.e. difficult to sell, and may also borrow to meet their objectives. This borrowing is likely to lead to volatility in the value of the scheme, meaning that a relatively small movement either down or up in the value of the scheme's total assets will result in a magnified movement in the same direction of the scheme's net asset value.

- **Custody Risk:** the Depositary may delegate the function of safekeeping of Financial Instruments to the Custodian, who may in turn appoint custody agents. The Depositary or Custodian or custodian agents may hold Financial Instruments in fungible accounts (meaning the assets are interchangeable) or omnibus accounts (resulting in accounts being combined). The use of omnibus accounts gives rise to a potential risk that there could be a shortfall in the Financial Instruments held in such an account should the total

of the Financial Instruments be less than the aggregate entitlement of the Company. It is expected that such risks will be mitigated by the Custodian's trade matching and reconciliation processes, however in the event of an irreconcilable shortfall, the affected clients would bear the risk of any shortfall on a pro-rata basis and the Company may not recover all of its Financial Instruments.

- **Infectious Diseases:** that pose significant threats to human health may be highly disruptive to global economies and markets. The economic and market disruptions caused by infectious diseases could significantly impact the value of the Scheme Property of the Company and the value of distributions paid to shareholders.

6.4 **Redeeming shares**

- 6.4.1 At any time during a dealing day when the ACD is willing to issue shares it must also be prepared to redeem shares. The ACD will buy back shares from registered holders at not less than the price determined at the next Valuation Point following receipt of redemption instructions less any dilution levy.
- 6.4.2 The ACD may refuse to redeem a certain number of shares if the redemption will mean the shareholder is left holding shares with a value of less than the minimum initial subscription as set out in Appendix A.

- 6.4.3 Requests to redeem shares in the Company may be made to the ACD by telephone on the number stated above, by electronic communications (as set out in paragraph 6.8 below), or by sending clear written instructions.
- 6.4.4 A contract note giving details of the number and price of the shares sold back to the ACD will be sent to shareholders no later than the next Business Day after the shares were sold. In the event that the ACD requires a signed Form of Renunciation, e.g. in respect of joint holders, corporate holders or redemptions dealt through an agent, a Form of Renunciation will be attached.
- 6.4.5 When shares are redeemed, a cheque will be sent out within four Business Days of the Valuation Point of the Company immediately following receipt by the ACD of the request to redeem shares or the time when the ACD has received all duly executed instruments and authorisations as will vest to title in the ACD or enable it to arrange to do so, whichever is the later.
- 6.4.6 The ACD does not intend to make any charge other than possibly a dilution levy on the redemption of the shares.
- 6.4.7 The ACD is not required to issue a cheque in respect of the redemption of shares where it has not yet received the money due on the earlier issue of those shares.

6.5 **In specie redemptions**

- 6.5.1 Where a shareholder requests redemption or cancellation of shares, the ACD may, at its discretion, give written notice to the shareholder before the proceeds would otherwise become payable that, in lieu of paying such proceeds in cash, the ACD will transfer to that shareholder property attributable to the Company having the appropriate value. The selection of the property to be transferred will be made by the ACD in consultation with the Depositary, with a view to achieving no more advantage or disadvantage to the shareholder requesting cancellation of their shares than to continuing shareholders. The ACD may retain out of the property to be transferred property or cash of a value equivalent to any stamp duty or stamp duty reserve tax to be paid to the redemption or cancellation of the shares.

6.6 **Suspension of Dealing**

- 6.6.1 The ACD may if the Depositary agrees, or shall if the Depositary so requires, at any time, temporarily suspend the issue, cancellation, sale and redemption of shares if the ACD or Depositary (in the case of any requirement by the Depositary), believes that due to exceptional circumstances it is in the interests of shareholders or potential shareholders.
- 6.6.2 The ACD must ensure that a notification of the suspension is made to the shareholders as soon as practicable after the suspension commences, drawing shareholders' attention to the exceptional circumstances resulting in the suspension. Notification to shareholders must be clear, fair and not misleading. Shareholders will be kept informed in writing about updates on the suspension.

- 6.6.3 On suspension the ACD, or the Depositary if it has required the ACD to suspend dealing, must immediately inform the FCA stating the reasons for its actions and, as soon as practicable, give written confirmation of the suspension, and the reason for it, to the FCA.
- 6.6.4 The ACD and Depositary must formally review any such suspension at least every 28 days and inform the FCA of the results of their review. Any such suspension may only continue for so long as it is justified having regard to the interest of the shareholders and must cease once the exceptional circumstances have ceased.
- 6.6.5 The ACD must inform the FCA of the proposed re-start of dealing and, immediately after the re-start, must confirm in writing to the FCA.
- 6.6.6 The ACD may agree, during the suspension, to deal in shares, in which case all deals accepted during, and outstanding prior to, the suspension will be undertaken at a price calculated at the first Valuation Point after restart of dealings in shares.
- 6.6.7 Re-calculation of prices will commence on the Business Day immediately following the end of the suspension, at the relevant valuation point.
- 6.6.8 In addition, the FCA Rules may require the ACD to temporarily suspend the issue, cancellation, sale and redemption of shares in certain circumstances (for example, where the Company is invested in other authorised funds which are themselves suspended).

6.7 **Mandatory transfers and redemptions**

- 6.7.1 If it comes to the notice of the ACD that any shares ("affected shares") are owned directly or beneficially in breach of any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory or by virtue of which the holder or holders in question is/are not qualified and entitled to hold such shares or if it reasonably believes this to be the case, the ACD may give notice to the holder(s) of the affected shares requiring either transfer of such shares to a person who is qualified or entitled to own them or that a request in writing be given for the redemption or cancellation of such shares in accordance with COLL. If any person upon whom such a notice is served does not within thirty days after the date of such notice transfer their affected shares to a person qualified to hold them or establish to the satisfaction of the ACD (whose judgement is final and binding) that they or the beneficial owner are qualified and entitled to own the affected shares, they shall be deemed upon the expiration of that thirty day period to have given a request in writing for the redemption of all the affected shares pursuant to COLL.
- 6.7.2 A person who becomes aware that they have acquired or is holding affected shares in breach of any law or governmental regulation (or any interpretation of a law or regulation by a competent authority) of any country or territory, or by virtue of which they are not qualified to hold such affected shares, shall forthwith,

unless they have already received a notice as aforesaid, either transfer or procure the transfer of all their affected shares to a person qualified to own them or give a request in writing to procure that such a request for the redemption or cancellation of all their affected shares pursuant to COLL.

6.8 **Electronic communications**

- 6.8.1 The ACD will accept instructions to transfer or renunciation of title to shares on the basis of an authority communicated by electronic means and sent by the shareholder, or delivered on their behalf by a person that is authorised by the FCA or regulated in another jurisdiction by an equivalent supervisory authority, subject to:
- a) prior agreement between the ACD and the person making the communication as to;
 - (i) the electronic media by which such communications may be delivered; and
 - (ii) how such communications will be identified as conveying the necessary authority; and
 - b) assurance from any person who may give such authority on behalf of the investor that they will have obtained the required appointment in writing from the shareholder.

6.9 **Client Money Rules**

- 6.9.1 The FCA Handbook contains provisions (known as the "Client Money Rules") designed to safeguard client money in the hands of authorised persons. However, the CASS rules also provide that money need not be treated as client money in respect of a delivery versus payment transaction, for the purpose of settling a transaction in relation to shares in a regulated collective investment scheme such as the Company, provided that:
- a) the ACD receives the money from a client in relation to the ACD's obligation to issue shares in the fund in accordance with COLL; or
 - b) the money is held in the course of redeeming shares, where the proceeds are paid to the client within the timeframe specified in COLL.
- 6.9.2 Where money is received in either of the circumstances set out in (a) or (b) above, the ACD must cease to operate the exemption if, by close of business on the Business Day following receipt of the money, it has not paid it over to the Depositary or the client or, if direct issues and cancellations of shares by the Company are permitted, to the Company, as applicable.
- 6.9.3 In order to facilitate management of the Company, the ACD makes use of the delivery versus payment exemption on the issue of shares in respect of money received other than in the form of cheques. Money received in other payment forms for the issue of shares is, therefore, not protected under the Client Money Rules until the delivery versus payment exemption period has

expired. Money received by the ACD in the form of redemptions, cheques or other remittances is paid directly into a client money account maintained by the ACD with an Approved Bank, as defined in the FCA Rules, and protected in line with the Client Money Rules. No interest is payable by the ACD on monies credited to this account.

- 6.9.4 Money deposited into an account with a third party may have a security interest, lien or right of set-off in relation to the money, to the extent permitted by the Client Money Rules.
- 6.9.5 In certain circumstances, if the ACD has lost touch with an investor, the ACD will be permitted to pay the investor's client money balance to a registered charity after six years. The ACD will not do so until reasonable efforts have been made to contact the investor. The investor will still be entitled to recover this money from the ACD at a later date irrespective of whether the ACD has paid the money to charity. This is subject to the rules in COLL, which require the ACD to transfer any distribution payment which remains unclaimed after a period of six years from the date of payment to the Company's capital property.

7. MEETINGS OF SHAREHOLDERS, VOTING RIGHTS AND SERVICE OF NOTICES OR DOCUMENTS

- 7.1 For the purposes of this paragraph 7:
 - 7.1.1 a "physical meeting" is a general meeting convened at a physical location where shareholders, or their proxy, must be physically present;
 - 7.1.2 a "hybrid meeting" is a general meeting which allows shareholders, or their proxy, to be physically present at the location where the meeting is convened, or to attend and vote remotely; and
 - 7.1.3 a "virtual meeting" is a general meeting where all shareholders, or their proxy, attend and vote remotely.
- 7.2 The provisions below, unless the context otherwise requires, apply to Class meetings as they apply to general meetings of the Company.
- 7.3 The ACD and the Depositary may convene a general meeting of the Company at any time in accordance with the FCA Rules. The ACD may hold a virtual meeting or a hybrid meeting as this is not inconsistent with any provisions in the Instrument of Incorporation.
- 7.4 Shareholders may request the convening of a general meeting by a requisition which must:
 - 7.4.1 state the objective of the meeting;
 - 7.4.2 be dated;
 - 7.4.3 be signed by shareholders who, at that date, are registered as the shareholders of shares representing not less than one-tenth in value of all of the shares then in issue; and

- 7.4.4 be deposited at the head office of the Company or with the Depository.
- 7.5 Any shareholder who participates remotely in a hybrid meeting by the means specified in the notice is deemed to be present at the meeting and has the same rights as a shareholder who is physically present at the meeting.
- 7.6 Any shareholder who participates in a virtual meeting by the means specified in the notice is deemed to be present at the meeting and has the same rights that the shareholder would have at a physical meeting.
- 7.7 Any shareholder who participates remotely may do so without having to appoint a proxy and is not required to submit their vote on a resolution in advance of the meeting.
- 7.8 The Company will not hold annual general meetings. Resolutions will be voted upon at extraordinary general meetings.
- 7.9 Copies of the service contracts between the Company and the ACD will be provided to shareholders on request.
- 7.10 A meeting of shareholders duly convened and held shall be competent by extraordinary resolution to require, authorise or approve any act, matter or document in respect of which any such resolution is required or expressly contemplated by the relevant regulations.
- 7.11 An extraordinary resolution is a resolution passed by a majority of not less than three-quarters of the votes validly cast (whether on a show of hands or on a poll) for the resolution at a general meeting, or, as the case may be, a class meeting, of shareholders.
- 7.12 Except where an extraordinary resolution is specifically required or permitted, any resolution of shareholders is passed by a simple majority of the votes validly cast at a general meeting of the shareholders.
- 7.13 A meeting of shareholders has no powers other than those contemplated by the FCA Rules.
- 7.14 Shareholders must receive at least 14 days-notice of any meeting of shareholders (inclusive of the date on which the notice is first served and the day of the meeting) and the notice shall specify:
- 7.14.1 whether the meeting is to be a physical meeting, a hybrid meeting or a virtual meeting;
- 7.14.2 if the meeting is a physical meeting or a hybrid meeting, the place of the meeting;
- 7.14.3 if the meeting is a hybrid meeting or a virtual meeting, the means by which a shareholder may participate, including any requirements for shareholders to register before the meeting begins or to provide proof of their right to attend, and an explanation of how participating shareholders may vote in a show of hands or in a poll, if they do not appoint a proxy;
- 7.14.4 the day and hour of the meeting;

- 7.14.5 the terms of the resolutions to be proposed; and
- 7.14.6 the address of the website where the minutes of the meeting will subsequently be published.
- 7.15 Where the notice is served by the ACD a copy shall be sent to the Depository.
- 7.16 The accidental omission to give notice to, or the non-receipt of notice by any shareholder will not invalidate the proceedings at any meeting.
- 7.17 Notice of an adjourned meeting of shareholders must be given to each shareholder, stating that while two shareholders are required to be present, in person, by proxy or remotely, to constitute a quorum at the adjourned meeting, this may be reduced to one in accordance with COLL 4.4.6R(3), should two such shareholders not be present after a reasonable time of convening of the meeting.
- 7.18 Where the meeting is a hybrid meeting or a virtual meeting, the ACD shall take reasonable care to ensure that the necessary supporting technology to enable shareholders to attend and vote is in place at the start of the meeting and operates adequately throughout its proceedings, so that shareholders who attend or vote remotely are not unfairly disadvantaged.
- 7.19 The quorum at a meeting of shareholders shall be two shareholders present in person, by proxy or (where applicable) remotely using the means specified in the notice. If, after a reasonable time after the start of the meeting, a quorum is not present, the meeting:
- 7.19.1 if convened on the requisition of shareholders, must be dissolved; and
- 7.19.2 in any other case, must stand adjourned to:
- (a) a day and time which is seven or more days after the day and time of the meeting; and
- (b) in the case of a physical meeting or a hybrid meeting, a place to be appointed by the chair.
- 7.19.3 If, at an adjourned meeting under 7.19.2, a quorum is not present after a reasonable time from the time for the meeting, one person entitled to be counted in a quorum present at the meeting shall constitute a quorum.
- 7.19.4 The chair of a meeting which permits shareholders to attend and vote remotely shall take reasonable care to give such shareholders:
- 7.19.5 an adequate opportunity to be counted as present in the quorum; and
- 7.19.6 sufficient opportunities to participate fully in the proceedings of the meeting, in particular when a vote is taken on a show of hands or by poll.
- 7.20 In the case of an equality of votes cast, the chair is entitled to a casting vote.
- 7.21 At any meeting of shareholders, on a show of hands every shareholder who is present in person or who attends the meeting remotely using the means

specified in the notice, shall have one vote.

- 7.22 On a poll, votes may be given either personally or by proxy or in another manner permitted by the Instrument. The voting rights for each share must be the proportion of the voting rights attached to all of the shares in issue that the price of the shares bears to the aggregate price or prices of all of the shares in issue at a cut-off date selected by the ACD which is a reasonable time before notice of the meeting is sent out. A shareholder entitled to more than one vote need not, if they vote, use all their votes or cast all the votes they use in the same way. For joint shareholders, the vote of the first shareholder, or the proxy of the first shareholder, stated in the Register will be accepted to the exclusion of the votes of other joint shareholders.
- 7.23 In the context of despatch of notice, "shareholders" means the persons who were entered in the Register seven days before the notice of meeting was given but excluding persons who are known not to be entered on the Register at the date of despatch of the notice.
- 7.24 To be included in the quorum and entitled to vote at the meeting, "shareholders" mean the persons entered on the register at a time determined by the ACD and stated in the notice of the meeting, which must not be more than 48 hours before the time fixed for the meeting.
- 7.25 The ACD is not entitled to vote at or be counted in a quorum at a meeting of shareholders in respect of shares held or deemed to be held by the ACD, except where the ACD holds shares on behalf of, or jointly with, a person who, if themselves as the sole registered shareholder would be entitled to vote, and from whom the ACD has received voting instructions. Associates of the ACD are entitled to be counted in a quorum and, if they hold shares on behalf of a person who would have been entitled to vote if they had been a registered shareholder and they have received voting instructions from that person, may vote in respect of such shares pursuant to such instructions.
- 7.26 The ACD will publish the minutes on a website accessible to the general public without charge, no later than 5 Business Days after the meeting has taken place (but in the case of an original meeting which is adjourned, the minutes will be published no later than 5 Business Days after the adjourned meeting has taken place).
- 7.27 Any notice or document to be served upon a shareholder will be duly served if it is:
- 7.25.1 delivered to the shareholder's address as appearing in the Register; or
 - 7.25.2 delivered by using an electronic medium in accordance with paragraph 6.8.
- 7.26 Any notice or document served by post is deemed to have been served on the second Business Day following the day on which it is posted.
- 7.27 Any document left at a registered address or delivered other than by post is deemed to have been served on that day.
- 7.28 Any notice or document served by post on one joint Shareholder is deemed to also have been served on each other joint Shareholder whose address, as appearing on the register, is the same address to which the notice or document was sent.

- 7.29 Any document or notice to be served on or information to be given to a shareholder, must be in legible form. For this purpose, any form is legible form which:
- 7.29.1 is consistent with the ACD's knowledge of how the recipient of the document wishes or expects to receive the document;
 - 7.29.2 is capable of being provided in hard copy by the ACD;
 - 7.29.3 enables the recipient to know or record the time of receipt; and
 - 7.29.4 is reasonable in the context.
- 7.30 Changes to the Company are classified as fundamental, significant or notifiable.
- 7.31 The ACD must obtain the prior approval of shareholders by extraordinary resolution for any proposed change to the Company that is a fundamental change. This is a change or event which:
- 7.31.1 changes the purpose or nature of the Company;
 - 7.31.2 may materially prejudice a shareholder;
 - 7.31.3 alters the risk profile of the Company; or
 - 7.31.4 introduces a new type of payment out of the Company property.
- 7.32 The ACD must give prior written notice to shareholders of any proposed change which constitutes a significant change. This is a change or event which is not fundamental, but which:
- 7.32.1 affects a shareholder's ability to exercise their rights in relation to their investment;
 - 7.32.2 would reasonably be expected to cause the shareholder to reconsider their participation in the Company;
 - 7.32.3 results in any increased payments out of the Company property to the ACD or an associate of the ACD; or
 - 7.32.4 materially increase other types of payment out of the Company property. The notice period must be of reasonable length, and must not be less than 60 days.
- 7.33 The ACD must inform shareholders in an appropriate manner and timescale of any notifiable changes that are reasonably likely to affect, or have affected, the operation of the Company. This is a change or event, other than a fundamental or significant change, which a shareholder must be made aware of unless the ACD concludes the change is insignificant. The appropriate manner and timescale of notification will depend on the nature of the change or event. An appropriate manner of notification could include the information being included in the next long form report of the Company.

Changes to the investment objective and policy of the Company will normally require approval by shareholders at an extraordinary general meeting if the change alters the nature or risk profile of the Company, or on giving 60 days' notice to shareholders where the changes do not alter the nature or risk profile of the Company. In exceptional circumstances, changes may be made to the investment objective and policy of the Company with no minimum period of

notice where these are for clarification purposes only. In all cases, changes may only be made to the investment objective and policy following notification to the FCA pursuant to the OEIC Regulations and confirmation from the FCA that these changes will not affect the ongoing authorisation of the Company.

The ACD Agreement provides that the ACD manage and administer the Company in accordance with the Act and the OEIC Regulations, the Instrument of Incorporation and the contents of this Prospectus.

The ACD Agreement may be terminated by either party on not less than 6 months' written notice. The ACD Agreement contains detailed provisions relating to the responsibilities of the ACD and excludes it from any liability to the Company or any shareholder for any act or omission except in the case of negligence, recklessness, bad faith, wilful default or fraud in relation to the Company on its part. The ACD Agreement provides indemnities to the ACD other than the matters arising by reason of its negligence, recklessness, bad faith, wilful default or fraud in the performance of its duties and obligations.

The ACD will cover at all times the risks outlined below of loss or damage caused by any relevant person through the negligent performance of activities for which the ACD has legal responsibility by maintaining an amount of own funds, and will comply with the qualitative requirements addressing such risks, in each case, in accordance with the UK AIFM regime and the FCA Rules.  - iv. obligations of confidentiality;
 - v. the terms of the Instrument of Incorporation;
 - vi. terms of appointment of the ACD by the Company;
- d. failure to establish, implement and maintain appropriate procedures to prevent dishonest, fraudulent or malicious acts;
- e. improperly carried out valuation of assets or calculation of share prices;
- f. losses arising from business disruption, system failures, failure of transaction processing or process management.

The ACD may also act as authorised fund manager to other regulated collective investment schemes. Details of these schemes, as at the date of this Prospectus, are set out in Appendix D.

Investors buy and redeem shares through the ACD who nets them to reduce the number of shares issued or cancelled by the Company. When carrying out deals in shares the ACD acts as principal but does not profit from this activity.

Subject to the FCA Rules, the ACD may delegate certain of its functions. Accordingly:

- 7.1.1.1 the ACD has delegated the provision of investment management services to the Investment Manager; and
- 7.1.1.2 the ACD has delegated certain administrative functions to the Registrar, the Administrator and the Fund Accountant.

8.2 **The Depositary**

The Depositary of the Company is NatWest Trustee and Depositary Services Limited, a private limited company registered in England and Wales with company number 11194605.

The ultimate holding company of the Depositary is NatWest Group plc, which is incorporated in Scotland.

The Depositary's registered and head office is at 250 Bishopsgate, London EC2M 4AA. The address of its office which handles matters relating to the Company is set out in Appendix F.

The Depositary's principal activity is the provision of trustee and depositary services.

The Depositary is established in the UK and is authorised and regulated by the FCA to act as a depositary of a UK UCITS or a UK AIF.

Duties of the Depositary

The Depositary is responsible for the safekeeping of the Scheme Property, monitoring the cash flows of the Company and must ensure that certain processes carried out by the ACD are performed in accordance with the applicable rules and scheme documents.

Terms of Appointment

The appointment of the Depositary has been made under the terms of the Depositary Agreement between the Company, the ACD and the Depositary.

The Depositary Agreement provides that the Depositary be engaged to maintain the safe custody of the Scheme Property and to fulfil other duties required in the OEIC Regulations, COLL and FUND.

The powers, duties, rights and obligations of the Depositary, the Company and the ACD under the Depositary Agreement shall, to the extent of any conflict, be overridden by the FCA Rules.

Under the Depositary Agreement the Depositary has the power to appoint sub-custodians and may include in such appointment powers to sub-delegate. The Depositary has delegated custody of the Scheme Property to The Northern Trust Company (the "Custodian"). Contact details for the Custodian are set out in Appendix F. The Custodian has, in turn, sub-delegated the custody of assets in certain markets in which the Company may invest to various sub-delegates ("sub-custodians").

Under the Depositary Agreement the Depositary will be liable to the Company for any loss of Financial Instruments held in custody or for any liabilities incurred by the Company as a direct result of the Depositary's fraud, negligence or negligent or intentional failure to properly fulfil its obligations under the Depositary Agreement or the UK AIFM regime.

However, where the event which led to the loss of a Financial Instrument is not the result of the Depositary's own act or omission (or that of its sub-custodian), the Depositary is discharged of its liability for the loss of a Financial Instrument where the Depositary can prove that the Depositary could not have reasonably prevented the occurrence of the event which led to the loss despite adopting all precautions incumbent on a diligent depositary as reflected in common industry practice and despite rigorous and comprehensive due diligence. The ACD will inform investors without delay of any changes with respect to the Depositary's liability.

The Depositary Agreement provides that the Depositary will be indemnified by the Company in respect of any liabilities suffered or incurred by the Depositary in the proper performance of its obligations and duties under the Depositary Agreement except in the case of fraud or negligent breach of the Depositary Agreement or of any applicable laws.

The Depositary Agreement may be terminated on six months' notice by the Company, the Depositary or the ACD or earlier on certain breaches or the insolvency of a party. However, termination of the Depositary Agreement will not take effect, nor may the Depositary retire voluntarily, until the appointment of a new Depositary has taken place.

Other than to exercise the rights of lien or set off over the Scheme Property in relation to unpaid fees and expenses in relation to the proper performance of services under the Depositary Agreement or sub-custody agreement and unless otherwise agreed by the ACD on behalf of the Company, the Depositary shall not be entitled to, and no sub-custodian of the Depositary shall be authorised by the Depositary to, transfer or re-use for its own purpose and benefit any of the Scheme Property it has been entrusted with.

Details of the fees payable to the Depositary are set out in this Prospectus at paragraph 9.5.

Conflicts of Interest

The Depositary may act as the depositary of other authorised unit trusts or open-ended investment companies and as trustee or custodian of other collective investment schemes.

It is possible that the Depositary and/or its delegates and sub-delegates may in the course of its or their business be involved in other financial and professional activities which may on occasion have potential conflicts of interest with the Company, one or more shareholders, the ACD and/or other funds managed by the ACD or other funds for which the Depositary acts as the depositary, trustee or custodian. The Depositary will, however, have regard in such event to its obligations under the Depositary Agreement and the FCA Rules and, in particular, will use reasonable endeavours to ensure that the performance of its duties will not be impaired by any such involvement it may have and that any conflicts which may arise will be resolved fairly and in the best interests of shareholders collectively so far as practicable, having regard to its obligations to other clients.

As the Depositary operates independently from the Company, shareholders, the

ACD and the Custodian, the Depositary does not anticipate any conflicts of interest arising between it and any of the aforementioned parties and has confirmed that it is not aware of any conflict of interest arising from its delegation of custody of the Scheme Property to the Custodian. Should any such conflict arise, the Depositary shall notify the ACD and take necessary steps to address the conflict.

The Depositary is under no obligation to account to the ACD, the Company or the shareholders for any profits or benefits it makes or receives that are made or derived from or in connection with its role as depositary.

8.3 **The Registrar, Administrator and Fund Accountant**

The ACD has delegated the following functions to Northern Trust Global Services SE, UK branch; the function of registrar relating to the Register (as the "Registrar") and certain administrative and fund accountancy services as administrator to the Company (as 'Administrator' and "Fund Accountant"). The address for Northern Trust Global Services SE, UK branch is set out in Appendix F.

The Register can be inspected at the Registrar's office located at 50 Bank Street, Canary Wharf, London E14 5NT.

The duties of the Registrar and Administrator include:

- a) maintaining the Register of the Company;
- b) receiving and processing requests for subscriptions for, or redemptions of, shares in the Company;
- c) administering the payment of distributions to shareholders in the Company;
- d) dealing with certain regulatory reporting requirements on behalf of the Company and the ACD;
- e) maintaining the accounting records of the Company;
- f) assisting in calculating the net asset value of the Company, as well as to provide fund accounting services in respect of the Company.

In line with the regulations that govern such operational outsourcing, the ACD retains responsibility for all work performed on its behalf and investors' rights are not affected by this delegation.

There are no conflicts of interest arising through delegation of these functions by the ACD.

8.4 **Investment Manager**

The ACD is responsible for the overall investment management and administration of the Company. The Investment Manager may only sub-delegate its functions with the prior consent of the ACD. The ACD has delegated its day-to-day responsibility for investment management to the following Investment Manager to the Company:

Thesis Asset Management Limited a limited company incorporated in England on 21 March 1984 with number 01802101. Its registered office and principal

place of business is at the address set out in Appendix F. Thesis Asset Management Limited is connected with the ACD, as it is in the same group as the ACD.

Thesis Asset Management Limited is authorised to carry on investment business in the UK by virtue of its authorisation and regulation by the FCA.

Thesis Asset Management Limited is the only Investment Manager connected with the ACD, as it is in the same group as the ACD.

The Investment Manager may only sub-delegate its functions with the prior consent of the ACD.

The appointment of the Investment Manager has been made under an agreement between the ACD and the Investment Manager. The Investment Management Agreement may be terminated immediately by the ACD if it is in the interests of investors. The Investment Management Agreement contains provisions to the following effect:

- a) the ACD will indemnify the Investment Manager against certain losses incurred by the Investment Manager but, in the absence of fraud, the ACD's liability will be limited to the assets of the Company available to meet such a claim;
- b) the Investment Manager will be liable for certain losses suffered by the ACD or the Company;
- c) the Investment Manager shall not be liable for any non-performance of its obligations due to causes beyond its control; and
- d) the agreement is governed by English law and the parties submit to the exclusive jurisdiction of the English courts.

The main legal implications of the contractual relationship entered into for the purpose of investment in the Company are as follows:

- a) by investing in the Company through Electronic Communications, by telephone or by submitting an application form to the Administrator, the investor makes an offer to subscribe for shares which, once it is accepted by the ACD, or the Administrator on its behalf, has the effect of a binding contract to subscribe for shares.
- b) the provisions of the scheme documents made between the ACD and the Depositary by way of which the Company is constituted, as the same may be amended from time to time are binding on each of the shareholders (who are taken to have notice of them) as if that shareholder was a party to it with effect on and from the date that any person has become a shareholder.
- c) the scheme documents and the application form are each made under and governed by and shall be construed in accordance with the laws of England and Wales. The Company, the ACD and shareholders of the Company will be subject to the exclusive jurisdiction of the courts of England and Wales to settle any dispute or claim arising out of or in connection with a shareholder's investment in the Company or any related matter.
- d) the scheme documents may be amended by agreement between the ACD and the Depositary.

- e) absent a direct contractual relationship between a shareholder and the relevant service provider, shareholders generally have no direct rights against the relevant service provider and there are only limited circumstances in which a shareholder may potentially bring a claim against the relevant service provider. Instead, the proper claimant in an action in respect of which a wrongdoing is alleged to have been committed against the Company by the relevant service provider is, prima facie, the Company itself or the ACD acting on behalf of the Company, as the case may be.
- f) the Investment Manager may hold or trade in securities and instruments of the same type as the securities and instruments held or traded in by the funds and fund managers; they may also utilise the same or similar strategies as those adopted by the fund managers. The Investment Manager may therefore trade and compete with fund managers and funds on an arm's length basis. In addition, the Investment Manager may make investments in other funds managed or advised by it.

The Investment Manager has discretion to enter into foreign exchange hedging transactions and borrowings on behalf of the Company. The Investment Manager may appoint an affiliate of any existing service provider or any other third party to act as a counterparty in the execution of foreign exchange transactions in connection with the currency hedging activities of the Company and/or to implement the currency hedging strategy.

The principal activity of the Investment Manager is acting as an investment manager and adviser. The Investment Manager is authorised to deal on behalf of the Company. The Investment Manager is required to comply with its own execution policy. A copy of the Investment Manager's execution policy is available on request from the ACD, or may be available on the Investment Manager's website, listed in Appendix F.

The Investment Manager and the ACD are members of the same corporate group.

8.5 **Auditors**

The Auditors of the Company are Deloitte LLP whose address is set out in Appendix F.

The duties of the Auditors are to carry out an annual audit of the Company and to issue a report including the following statements:

- a) whether, in the Auditor's opinion, the accounts have been properly prepared in accordance with the relevant Statement of Recommended Practice, the rules in COLL, and the Instrument of Incorporation;
- b) whether, in the Auditor's opinion, the accounts give a true and fair view of the net revenue and the net capital gains or losses on the Scheme Property of the Company for the annual accounting period in question and the financial position of the Company as at the end of that period;
- c) whether the Auditor is of the opinion that proper accounting records for the Company have not been kept or whether the accounts are not in agreement with those records;

- d) whether the Auditor has been given all the information and explanations which, to the best of their knowledge and belief, are necessary for the purposes of this audit; and
- e) whether the Auditor is of the opinion that the information given in the report of the ACD for that period is consistent with the accounts.

8.6 Conflicts

Conflicts may arise between the interests of the ACD and its permitted delegates in certain circumstances, for example, where there is likelihood that:

- a) the delegate and an investor in a Company are members of the same group or have any other contractual relationship, if the investor controls the delegate or has the ability to influence its actions (in such cases the likelihood of conflict is likely to increase the greater the extent of such control);
- b) the delegate makes a financial gain, or avoids a financial loss, at the expense of the Company or the investors in the Company;
- c) the delegate has an interest in the outcome of a service or an activity provided to the ACD or the Company;
- d) the delegate has a financial or other incentive to favour the interest of another client over the interests of the Company or the investors in the Company;
- e) the delegate receives or will receive from a person other than the ACD an inducement in relation to the collective portfolio management activities provided to the ACD and the Company in the form of monies, goods or services other than the standard commission or fee for that service.

The ACD has a policy and procedures in place to monitor the conflicts of interest that may arise in the context of its delegation of certain of its functions. To the extent any actual conflicts of interest are determined to have arisen, the ACD will manage such conflicts to minimise any impact on the investment performance, and will also seek to prevent them from reoccurring. Certain activities may be required to be modified or terminated to minimise conflicts of interest which may be identified from time to time.

9. CHARGES AND EXPENSES

9.1 ACD's preliminary charge

The ACD may receive, or waive in part or in whole, a preliminary charge upon the issue or sale of shares. The current preliminary charge is set out in Appendix A. If not waived, the preliminary charge will be charged upon the issue or sale of shares.

9.2 ACD's periodic charge

The ACD receives a periodic charge (referred to in this Prospectus as 'annual management charge') for managing the Company at a rate per annum of the value of the property of the Company accruing daily and payable out of the property of the Company.

The current rate of the periodic charge is set out in Appendix A and is the same in respect of all classes of shares.

The ACD is responsible for the payment of the fees of the Investment Manager and those of any sub-advisers. Research costs will be paid for by the Investment Manager out of this fee and shall not be borne by the Company.

9.2.1 Any increase of the preliminary or periodic charge may be made by the ACD only after giving 60 days' written notice to the shareholders (in the case of the periodic charge) or to the Depositary (in the case of the preliminary charge).

9.2.2 The periodic charge in respect of the Company may, at the discretion of the ACD, be treated as an income charge or a charge against capital (or a combination of both) and will be paid monthly in arrears. See further paragraph 9.9 below.

9.3 **Dilution levy**

9.3.1 The actual cost of purchasing or selling investments may be higher or lower than the mid-market value used in calculating the share price. For example, due to dealing charges or through dealing at prices other than the mid-market price. Under certain circumstances (for example, large volumes of deals), this may have an adverse effect on the shareholders' interest in the Company. In order to prevent this effect ("dilution"), the ACD has the power to charge a "dilution levy" on the sale and/or redemption of shares.

9.3.2 The ACD currently intends to charge a dilution levy in respect of "large deals" (which, for these purposes are deals in respect of shares exceeding 5% of the value of the Company's portfolio) and reserves the right to charge a dilution levy based on prevailing market conditions. If the ACD charges a dilution levy it will be calculated by reference to the costs of dealing in the underlying investments of the Company, including any dealing spreads, commission and transfer taxes.

9.3.3 The need to charge a dilution levy will depend on the volume of sale and redemptions. The ACD may charge a discretionary dilution levy on the sale and redemption of shares if, in its opinion, the existing shareholders (for sales) or remaining shareholders (for redemptions) might otherwise be adversely affected. In particular, the dilution levy may be charged where the Scheme Property is in continual decline or in any case where the ACD is of the opinion that the interests of remaining shareholders require the imposition of a dilution levy. If a dilution levy is not charged in such circumstances, this may have an adverse effect on the future growth of the Scheme Property.

9.3.4 It is not possible to predict accurately whether dilution will occur at any point in time. Based on future projections, the ACD expects that the vast majority of sales and/or redemptions of shares will be 'large deals' and that a dilution levy may be charged on the majority of deals.

9.3.5 The amount of the dilution levy will not exceed 3% of the value of the transaction before the imposition of the levy. This figure is based on the ACD's future projections of the likely impact of deals

to which the dilution levy is applied on remaining shareholders.

9.3.6 For illustrative purposes, the table below shows historic information on dilution levies to the share price:

Name	Estimated Dilution Levy (%) applicable for purchases as at 30 June 2024	Estimated Dilution Levy (%) applicable for sales as at 30 June 2024	Number of days on which a Dilution Levy has been applied over the period 1 July 2023 to 30 July 2024
The Penare Fund	0.186%	0.385%	1

9.4 **Redemption charge**

9.4.1 The ACD Agreement contains a provision for the ACD to make a redemption charge. Details, if applicable, of the redemption charge are set out in Appendix A.

9.4.2 The ACD must not introduce a redemption charge, or change the rate or method of calculation of a current redemption charge, unless at least 60 days before the introduction or change, the ACD:

- a) gave notice in writing of that introduction or change and of the date of its commencement, to the Depositary and to all the persons who ought reasonably to be known to the ACD to have made an arrangement for the purchase of shares at regular intervals; and
- b) has revised the Prospectus to reflect the introduction or change and the date of its commencement and has made the revised prospectus available.

9.5 **Depositary's fees**

9.5.1 Periodic fee

9.5.2 The Depositary is paid a monthly periodic fee (plus VAT) from the Scheme Property of the Company in remuneration for its services.

9.5.3 The Depositary's fee is calculated on the value of the Scheme Property of the Company in accordance with the Depositary Agreement and the FCA Rules, and payable out of the Company in accordance with the FCA Rules. For this purpose, the value of the Company is inclusive of the issues and cancellations which take effect as at the relevant valuation point.

9.5.4 The Depositary's fee shall accrue daily, and shall be calculated by reference to the value of the Company at the first Valuation Point on the first Business Day and shall end immediately before the next Valuation Point in each month. The Depositary's fee is payable on, or as soon as practicable

after, the end of the month in which it accrued.

9.5.5 The current fees payable are:

0.0275% p.a.	on the first £50 million value of the Scheme Property of the Company;
0.025% p.a.	on the next £50 million value of the Scheme Property of the Company;
0.020% p.a.	on the next £100 million value of the Scheme Property of the Company;
0.015% p.a.	on the remaining value of the Scheme Property of the Company thereafter.

The annual fee is subject to a minimum fee of £7,500, applicable to the Company. VAT (at the standard rate) is added to these fees.

Transaction and Custody Charges

In addition to the above periodic fees, the Depositary shall also be entitled to be paid transaction charges and derivative and custody charges in relation to transaction handling and derivative transaction handling and safekeeping of Scheme Property as follows:

Item	Range/Fees
Transaction Charges	£7.50 to £180.00
Derivative Transaction Charges	£20 (if applicable)
Custody Charges	up to 0.9% of the value of the holding involved subject to a minimum aggregate custody charge of £7,500 per annum

These Charges vary from country to country depending on the markets and the type of transaction involved.

9.5.6 Transaction charges accrue at the time the transactions are effected and are payable as soon as is reasonably practicable and in any event not later than the last Business Day of the month when such charges arose or as otherwise agreed between the ACD and the Depositary. Custody charges accrue and are payable as agreed from time to time by the ACD and the Depositary.

9.5.7 Where relevant, the Depositary may make a charge for (or otherwise benefit from) providing services in relation to: distributions, the provision of banking services, holding money on deposit, lending money, or engaging in stock lending or derivative transactions in relation to the Company and may purchase or sell or deal in the purchase or sale of the Scheme Property, provided always that the services concerned and any such dealing are in accordance with the provisions of the FCA Rules.

- 9.5.8 The Depositary will also be entitled to payment and reimbursement of all costs, liabilities and expenses properly incurred in the performance of, or arranging the performance of, functions conferred on it by the Depositary Agreement, the FCA Rules or by the general law.
- 9.5.9 On a winding up of the Company the Depositary will be entitled to its *pro rata* fees, charges and expenses to the date of winding up, the termination, or the redemption (as appropriate) and any additional expenses necessarily realised in settling or receiving any outstanding obligations.
- 9.5.10 Any value added tax on any fees, charges or expenses payable to the Depositary will be added to such fees, charges or expenses.
- 9.5.11 In each case such payments, expenses and disbursements may be payable to any person (including the ACD or any associate or nominee of the Depositary or of the ACD) who has had the relevant duty delegated to it pursuant to the FCA Rules by the Depositary.

9.6 Administration, Registration, Valuation and Fund Accounting Fees

- 9.6.1 The administration of the Company will be carried out by Northern Trust Global Services SE, UK branch, who also acts as Registrar and Fund Accountant. Its fees for registration services are charged on a monthly basis and will be paid by the Company, as will the disbursements listed in the "Other Expenses" below.

The current registration fee is £10 per annum per registered shareholder, with a minimum of £2,000 per annum.

- 9.6.2 Administration, valuation and fund accounting fees will be paid by the Company, are calculated and accrued daily and are charged to the Company on a monthly basis. These fees will be grouped together and charged at a set percentage applied to the value of the Company's Scheme Property, which is currently 0.05% per annum (subject to a minimum fee per annum of £25,000).

9.7 Other Expenses

- 9.7.1 The following other expenses may be paid out of the Scheme Property of the Company:
- a. broker's commission (excluding costs for research), fiscal charges (including stamp duty and/or stamp duty reserve tax) and other disbursements which are necessary to be incurred in effecting transactions for the Company and normally shown in contract notes, confirmation notes and difference accounts as appropriate;
 - b. expenses properly incurred by the ACD in the performance of its duties as ACD of the Company, including without limitation, the costs of preparation and distribution of reports, accounts, and any prospectuses, Key Investor Information Documents or equivalent documents (in the case of the Key Investor Information Documents only preparation and not distribution may be charged), the Instrument of Incorporation and any costs incurred as a result of changes to any prospectus or the Instrument of Incorporation, Key

Investor Information Documents or equivalent documents, periodic updates of any other administrative documents, as well as the cost of maintaining other documentation required to be maintained in respect of the Company;

- c. any costs incurred by the Company in publishing the price of the shares;
- d. any costs incurred in producing and dispatching any payments made by the Company, or the periodic reports of the Company;
- e. any reasonable general disbursements relating to postage and communication costs incurred in the proper performance of the transfer agent's duties relating to the Company, which are currently carried on by the Registrar;
- f. any fees, expenses or disbursements of any legal or other professional adviser of the Company or of the ACD in relation to the Company;
- g. any costs incurred in taking out and maintaining an insurance policy in relation to the Company;
- h. any costs incurred in respect of meetings of shareholders convened for any purpose including those convened on a requisition by shareholders not including the ACD or an associate of the ACD;
- i. liabilities on amalgamation or reconstruction including certain liabilities arising after transfer of property to the Company in consideration for the issue of shares as more fully detailed in COLL;
- j. interest on borrowings and charges incurred in effecting or terminating such borrowings or in negotiating or varying the terms of such borrowings;
- k. taxation and duties payable in respect of the property of the Company or the issue or redemption of shares;
- l. the audit fees of the Auditors (including VAT) and any expenses of the Auditors;

- n. the total amount of any cost relating to the issue of shares;
- o. any payments otherwise due by virtue of COLL;
- p. any value added or similar tax relating to any charge or expense set out herein;
- q. any costs incurred in relation to a support function which is required to be carried on pursuant to CASS which is currently carried on by the Registrar; and
- r. any costs incurred in establishing or maintaining any services or facilities for electronic dealing in Shares.

9.8 Allocation of charges and expenses

The ACD and the Depositary have agreed that normally the fees payable to the ACD and the Depositary will be treated as a charge against the income of the Company (except those charges and expenses relating directly to the purchase and sale of investments), but that, if there is insufficient income to meet the fees, then all or part of those fees may be treated, at the request of the ACD, as a charge against the capital of the Company.

It should be noted that this policy may result in capital erosion or constrain capital growth.

10. VALUATION AND PRICING OF SCHEME PROPERTY

- 10.1 The Company will be valued on each Business Day at 12 noon (the "Valuation Point") for the purpose of determining the price at which shares in the Company may be purchased or redeemed.
- 10.2 There will only be a single price for any share as determined from time to time by reference to a particular Valuation Point.
- 10.3 The shares will be priced in pounds sterling.
- 10.4 The Company will be valued on a net asset value basis to determine the price of the shares ("NAV price"). Except in circumstances where the application of a dilution levy applies shares will be redeemed at the NAV price and purchased at a price that includes a preliminary charge at the rate applying to the Company (see "Charges and Expenses").
- 10.5 Out of the preliminary charge, the ACD may pay commission to qualifying intermediaries, including the Investment Manager and its associates.
- 10.6 The net asset value of the property of the Company shall be the value of its assets less the value of its liabilities determined in accordance with the following provisions which are set out in the Instrument of Incorporation.
- 10.7 All the property of the Company (including receivables) is to be included when valuing the Company, subject to the following provisions:
- 10.7.1 property which is not cash (or other assets dealt with in paragraphs 10.7.1.2 and 10.7.1.3 below) shall be valued as follows and the prices used shall (subject as follows) be the most recent prices which it is practicable to obtain:
- 10.7.1.1. units or shares in a collective investment scheme:
- i. if a single price for buying and selling units or shares is quoted, at that price; or
 - ii. if separate buying and selling prices are quoted, at the average of the two prices provided the buying price has been reduced by a preliminary charge included therein and the selling price has been increased by an exit or redemption charge attributable thereto; or
 - iii. if, in the opinion of the ACD, the price obtained is unreliable or no recent traded price is available or if no recent price exists, at a value which, in the opinion of the ACD, is fair and reasonable;

- 10.7.1.2 exchange-traded derivative contracts:
- i. if a single price for buying and selling the exchange-traded derivative contract is quoted, at that price; or
 - ii. if separate buying and selling prices are quoted, at the average of the two prices;
- 10.7.1.3 over-the-counter derivative contracts shall be valued in accordance with the method of valuation as shall have been agreed between the ACD and the Depositary;
- 10.7.1.4 any other investment:
- i. if a single price for buying and selling the security is quoted, at that price, or
 - ii. if separate buying and selling prices are quoted, at the average of the two prices; or
 - iii. if, in the opinion of the ACD, the price is obtained is unreliable or no recent traded price is available or if the most recent price does not reflect the ACD's best estimate of the value, at a value which, in the opinion of the ACD, is fair and reasonable; and
- 10.7.1.5 property other than that described in 10.7.1.1, 10.7.1.2, 10.7.1.3 and 10.7.1.4 above shall be valued at an amount which, in the opinion of the ACD, represents a fair and reasonable mid-market price;
- 10.7.2 cash and amounts held in current and deposit accounts and in other time-related deposits shall be valued at their nominal values;
- 10.7.3 in determining the value of the Scheme Property, all instructions given to issue or cancel shares shall be assumed (unless the contrary is shown) to have been carried out (and any cash paid or received) and all consequential action required by the OEIC Regulations or the Instrument of Incorporation shall be assumed (unless the contrary has been shown) to have been taken;
- 10.7.4 subject to paragraphs 10.7.5 and 10.7.6 below, agreements for the unconditional sale or purchase of property which are in existence but uncompleted shall be assumed to have been completed and all consequential action required to have been taken. Such unconditional agreements need not be taken into account if made shortly before the valuation takes place and, in the opinion of the ACD, their omission will not materially affect the final net asset amount;
- 10.7.5 futures or contracts for differences which are not yet due to be performed and unexpired and unexercised written or purchased options shall not be included under paragraph 10.7.4;
- 10.7.6 all agreements are to be included under paragraph 10.7.4 which are, or ought reasonably to have been, known to the person valuing the property assuming that all other persons in the ACD's employment take all reasonable steps to inform it immediately of the making of any agreement;
- 10.7.7 deduct an estimated amount for anticipated tax liabilities (on unrealised capital gains where the liabilities have accrued and are payable out of the

property of the Company; on realised capital gains in respect of previously completed and current accounting periods; and on income where liabilities have accrued) time including (as applicable and without limitation) capital gains tax, income tax, corporation tax and advance corporation tax, value added tax, stamp duty and stamp duty reserve tax;

- 10.7.8 deduct an estimated amount for any liabilities payable out of the Scheme Property and any tax thereon treating periodic items as accruing from day to day;
- 10.7.9 deduct the principal amount of any outstanding borrowings whenever payable and any accrued but unpaid interest on borrowings;
 - 10.7.10 add an estimated amount for accrued claims for tax of whatever nature which may be recoverable;
 - 10.7.11 add any other credits or amounts due to be paid into the Scheme Property;
 - 10.7.12 add a sum representing any interest or any income accrued due or deemed to have accrued but not received and any stamp duty reserve tax provision anticipated to the received; and
 - 10.7.13 currencies or values in currencies other than base currency (as the case may be) the designated currency of the Company shall be converted at the relevant Valuation Point at a rate of exchange that is not likely to result in any material prejudice to the interests of shareholders or potential shareholders.

10.8 **Hard-to-value assets**

Where the ACD has reasonable grounds to believe that the price obtained is unreliable or the most recent price available does not reflect the ACD's best estimate of the value of the relevant investment at the relevant Valuation Point or no price or no recent price exists, the ACD may use a price which, in the opinion of the ACD, reflects a fair and reasonable price for that investment (the fair value price). In calculating any value, the ACD shall be entitled to rely on any valuations provided or attributed to any asset or liability by the Investment Manager.

The circumstances which may give rise to a fair value price being used include:

- (a) no recent trade in the security concerned; or
- (b) the occurrence of a significant event since the most recent closure of the market where the price of the security is taken.

In (b), a significant event is one that means the most recent price of a security or a basket of securities is materially different to the price that it is reasonably believed would exist at the Valuation Point had the relevant market been open.

In determining whether to use such a fair value price, the ACD will include in its consideration:

- (a) the type of authorised fund concerned;
- (b) the securities involved;
- (c) the basis and reliability of the alternative price used; and

- (d) the ACD's policy on the valuation of Scheme Property as disclosed in the Prospectus.

10.9 Pricing Basis

The ACD currently elects to deal on a forward basis.

10.10 Publication of Prices

- 10.10.1 The most recent prices will appear daily on the Trustnet website at www.trustnet.com and can also be obtained by telephone on 01483 783 900.
- 10.10.2 For reasons beyond the control of the ACD, these may not necessarily be the current prices.
- 10.10.3 The cancellation price last notified to the Depositary is available from the ACD upon request.

Income equalisation

When an incoming shareholder purchases a share during an accounting period, part of the purchase price will reflect the relevant share of accrued income in the net asset value of the Company.

The first allocation of income in respect of that share refunds this amount as a return of capital. The amount of income equalisation is calculated by dividing the aggregate of the amounts of income included in the issue price of shares of the type in question issued or re-issued in a grouping period by the number of those shares and applying the resulting average to each of the shares in question.

Grouping for equalisation

Grouping periods are consecutive periods within each annual accounting period, being the interim accounting periods (including the period from the end of the last interim accounting period in an annual accounting period to the end of that annual accounting period) as specified in section 4 above. If there are no interim accounting periods the periods for grouping of shares will be annual accounting periods. Grouping is permitted by the Instrument of Incorporation for the purposes of equalisation.

11. TAXATION

The following summary is based on current UK law and HM Revenue & Customs practice. It summarises the UK tax position of Investment Companies with Variable Capital (ICVC) and shareholders who are UK tax resident. However, it should not be regarded as exhaustive and investors are advised to obtain specific advice from their professional tax adviser. Levels and bases of, and reliefs from, taxation are subject to change in the future.

11.1 Taxation of the Company

The Company is an ICVC and is treated as an Authorised Investment Fund for tax purposes. Income of the Company is deemed to be distributed for tax purposes, even when it is accumulated. References to distributions include deemed distributions of accumulated income.

11.1.1 The Company will make dividend distributions except where over 60% of the Company's property has been invested at all times throughout the distribution period in interest paying and related investments, in which case it will make interest distributions. A fund that makes interest distributions is referred to as a "Bond Fund" and a fund that makes dividend distributions is referred to as an "Equity Fund".

(a) **Income**

The Company is liable to corporation tax on its income after relief for management expenses (which include fees payable to the ACD and to the Depositary) at the basic rate of income tax. The rate of corporation tax applicable to the Company is equal to the basic rate of income tax.

Where the Company is a Bond Fund, the gross amount of any interest distributions is an allowable expense for corporation tax purposes and no tax should actually be paid on that part of the income funding the interest distributions.

Dividend income received by the Company from investments in UK resident and overseas companies should fall within an exemption from corporation tax. Dividend income received from foreign companies may be subject to withholding tax or other taxation in the foreign jurisdiction. Any foreign tax suffered by the Company may normally be deducted from the UK tax due on that income or treated as an expense in calculating the amount of that income subject to corporation tax.

(b) **Capital gains**

Capital gains realised by the Company on a disposal of its investments are exempt from corporation tax on chargeable gains. In the unlikely event that the Company should be considered to be trading in securities for tax purposes, any gains made by it would be treated as income and taxed accordingly.

(c) **Stamp Duty Reserve Tax**

Stamp duty reserve tax (**SDRT**) is generally charged on any agreements to transfer shares of ICVCs (other than transactions handled by the fund manager) to third parties at a rate of 0.5% of the consideration.

No SDRT charge arises on the issue or surrender of shares of ICVCs. However, investors may be subject to an SDRT charge where shares are surrendered and the investors receive assets from the Company (rather than cash) which are not in proportion to each investor's share of the total assets held by the Company.

11.2 Taxation of shareholders

11.2.1 **Income**

For tax purposes, an ICVC is treated as distributing the whole of the income available for distribution in each of its distribution periods, whether actually distributed or accumulated by it. Distributions may be made as interest distributions or dividend distributions as set out below.

The distribution accounts of the Company for any of its distribution periods may show income available for distribution as either (a) an interest distribution or (b) a dividend distribution. The type of distribution that either actually takes or is deemed to take place depends on the source and composition of the income within the Company.

Where more than 60% of the Company is invested in "qualifying investments" (broadly speaking interest paying investments, see further below) the Company will make an interest distribution. Where this is not the case, distributions made by the Company will be dividend distributions.

All shareholders will be sent tax vouchers stating the make-up of their distributions and showing their taxable income.

(a) Interest distributions

(i) UK resident individuals

Interest distributions paid by the Company (save in respect of distributions to certain qualifying shareholders) are treated as yearly interest and, as such, are subject to income tax.

No income tax is required to be deducted at source from interest distributions with the result that shareholders will receive interest distributions gross of any tax.

Basic rate taxpayers are entitled to a personal savings allowance, higher rate taxpayers are entitled to a reduced personal savings allowance and additional rate taxpayers have no personal savings allowance.

Basic rate, higher rate and additional rate taxpayers will pay income tax (in the case of basic rate and higher rate taxpayers, on the amount in excess of the applicable personal savings allowance) on any income distributions at the basic rate, the higher rate or the additional rate (as applicable).

(ii) UK corporate shareholders

If, at any point in an accounting period of a UK corporate shareholder, the Company fails to satisfy the "qualifying investment" test, shares held by the UK corporate

shareholder in respect of the Company are treated as if the shares in respect of such a corporate's accounting period (including gains, profits and losses) are rights under a creditor loan relationship and will be taxed or relieved as an income receipt or expense on a "fair value accounting" basis. Accordingly, such a corporate shareholder may, depending on its own circumstances, incur a charge to corporation tax on an unrealised increase in the value of its holding of shares (and, likewise, obtain relief against corporation tax for an unrealised reduction in the value of its holding of shares).

The Company will fail to satisfy the "qualifying investments" test at any time when more than 60% of its assets by market value comprise government and corporate debt securities, cash on deposit, certain derivative contracts or holdings in other collective investment schemes which at any time in the relevant accounting period do not themselves satisfy the "qualifying investments" test, or other interest bearing securities.

Interest distributions paid to UK corporate shareholders may be paid without deduction of income tax at source.

(d) Dividend distributions

Dividend distributions paid by the Company are treated as if they are dividends.

(i) UK resident individuals

UK resident individuals liable to income tax at the basic, higher or additional rate will be taxed at the appropriate dividend rate on the receipt of dividend distributions subject to the availability of allowances and reliefs including the annual dividend allowance.

(ii) UK corporate shareholders

UK resident corporate shareholders must split their dividend distributions into franked and unfranked income portions according to the percentage split given on the tax voucher. The unfranked portion is, to the extent it comprises UK source income, generally treated as an annual payment received after deduction of income tax at the basic rate, whereas the balance is treated as franked income – i.e. a dividend. Both annual payments and dividends are liable to corporation tax in the hands of UK corporate shareholders although the franked dividend portion should fall within an exemption from corporation tax.

11.2.2 Chargeable gains

(a) UK resident individuals

Shareholders who are resident in the UK may be liable to UK taxation on capital gains arising from the sale or other disposal, including a redemption of shares. Gains will be tax-free if after deduction of allowable losses, they fall within an individual's annual capital gains exemption.

Gains in excess of the annual exemption amount are taxed at the lower rate of capital gains tax to the extent that together with an individual's taxable income they do not exceed the upper limit of the basic rate income tax band and at the higher rate to the extent that they exceed that limit.

(b) UK corporate shareholders

UK corporate shareholders (whose shares are not treated as creditor loan relationships) will be charged to corporation tax on any gains realised after the deduction of allowable losses (if any).

The ACD reserves the right to redeem the shares of any shareholder who jeopardises the tax status of the Company.

11.3 Income equalisation – tax implications

The price of a share of a particular share Class is based on the value of that share Class' entitlement in the Company, including the income of the Company since the previous distribution or, in the case of accumulation shares, deemed distribution. In the case of the first distribution received or accumulation made in respect of a share, part of the amount, namely the equalisation payment, is treated as a return of capital and is not taxable as income in the hands of the shareholder. This amount is, however, in the case of income shares, deducted from the cost of the share in computing any capital gains. Equalisation applies only to shares purchased during the relevant accounting period. It is calculated as the average amount of income included in the issue price of all shares of the relevant share Class issued during the period.

11.4 UK information reporting regime

Open-ended investment companies are required to report details of interest distributions paid to UK, and many non-UK investors. Dividend distributions and payments made to ISA investors are not within the scope of these rules but see the paragraphs dealing with "International tax compliance" below.

11.5 Tax Elected Fund (TEF) regime

The ACD may, in the future, seek to elect the Company into the TEF regime if it considers that it would be advantageous for the majority of investors in the Company to do so. If the Company is elected into the TEF regime, the UK tax

treatment of the Company and its investors would be different to that set out above.

11.6 International Tax Compliance

The Company is required to comply with the International Tax Compliance Regulations.

The International Tax Compliance Regulations transpose into UK law rules and obligations derived from international standards and inter-governmental agreements entered into by the UK which are aimed at increasing transparency and reducing tax evasion. The regulations include rules derived from the US Foreign Account Tax Compliance Act (**FATCA**) and the OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (**CRS**).

To be compliant with the International Tax Compliance Regulations the Company must collect information about each shareholder's tax residence and, in certain circumstances, provide information about shareholders' shareholdings to HMRC. HMRC may in turn share this information with overseas tax authorities. Such tasks may be delegated to the Administrator.

Shareholders should note that:

- **they may be asked to provide additional information (including information regarding their tax residence) to the ACD or the Administrator to enable the Company to satisfy these obligations;**
- **the ACD or Administrator may report these details, along with information about a shareholders' holding, to HMRC; and**
- **HMRC may subsequently exchange this information with other governments or tax authorities in other jurisdictions.**

If a shareholder fails to provide the information required by the Company to comply with its obligations to HMRC this may result in the ACD taking appropriate action against the shareholder, including invoking the compulsory transfer and redemption provisions set out in this Prospectus. The shareholder may also be liable for any penalties suffered by the ACD. The ACD may deduct the amount of any penalty from the shareholder's account.

12. RISK PROFILE MANAGEMENT

The ACD, in consultation with the Investment Manager, has adopted a risk management process in respect of the Company enabling it to monitor and measure the risk of the Company's portfolio and contribution of the underlying investments to the overall risk profile of the Company.

The ACD operates a liquidity risk management policy with a view to ensuring that shareholders are able to realise their shares in accordance with this Prospectus and the requirements of the FCA Rules. This Prospectus provides information in relation to liquidity risk management, including the redemption rights of investors in normal and exceptional circumstances, and the existing redemption arrangements with investors.

Liquidity risk is the risk that the Company is unable to meet its obligations as they fall due. Examples include insufficient cash to meet redemption requests or make margin payments requirements and the risk that a particular derivative position cannot be easily unwound or offset due to insufficient market depth or market disruption or that the Company's financial obligations arising from the derivative activity (such as margin calls) will not be able to be met. It is controlled through monitoring of the liquidity of all instruments used, including derivatives, in the context of the investment objectives and liquidity requirements of each scheme or client account. Cash positions are monitored and reported to ensure that the Company has sufficient capacity to meet obligations arising from any derivative positions.

Stress tests on the portfolio are undertaken on a periodic basis, the frequency is dependent on a number of factors, e.g. portfolio composition and liquidity.

13. LEVERAGE (as defined in the UK AIFM regime)

The Company may invest in instruments which are subject to leverage from time to time. Under the UK AIFM regime, the ACD must:

- a) set a maximum level of leveraging which it may employ on behalf of the Company; and
- b) where the leverage arrangement allows the right to reuse collateral or the granting of a guarantee, set out the extent of that right or guarantee.

For the Company, the ACD has set the following limits:

Derivative Type	Limits
Allowable on a 'substantial' basis	No
Unsecured cash borrowings	Not permitted
Secured cash borrowings	Up to 10% for liquidity purposes only. ONLY for short-term use.
Convertible borrowings	Not permitted
Interest rate swaps	Permitted for Efficient Portfolio Management
Contracts for differences	Permitted for Efficient Portfolio Management
Futures contracts	Permitted for Efficient Portfolio Management
Total return swaps	Permitted for Efficient Portfolio Management
Forward agreements	Permitted for Efficient Portfolio Management
Options	Permitted for Efficient Portfolio Management
Repurchase arrangements	Not permitted
Reverse repurchase	Not permitted
Securities lending arrangements	Not permitted
Securities borrowing	Not permitted

Credit default swaps	Not permitted
MAXIMUM LEVEL OF LEVERAGE USING THE COMMITMENT METHOD*	200%
MAXIMUM LEVEL OF LEVERAGE USING THE GROSS METHOD*	300%

*Under the **gross method**, the exposure of the Company is calculated as follows:

1. the value of any cash and cash equivalents which are highly liquid investments held in the base currency of the Company that are readily convertible to an amount of cash, subject to an insignificant risk of change in value and which provide a return no greater than the rate of a three month high quality government bond is excluded;
2. derivative instruments are converted (using certain specified conversion methodologies) into the equivalent position in their underlying assets;
3. cash borrowings that remain in cash or cash equivalents and where the amounts payable are known are excluded;
4. exposures resulting from the reinvestment of cash borrowings, expressed as the higher of the market value of the investment realised or the total amount of cash borrowed are included; and
5. positions within repurchase or reverse repurchase transactions and securities lending or borrowing or other similar arrangements are included.

The maximum level of leverage for the Company expressed as a ratio of the Company's total exposure to its net asset value current ratio under the gross method is: **3:1**.

Under the **commitment method**, the exposure of the Company is calculated as follows:

1. derivative instruments are converted (using certain specified conversion methodologies) into the equivalent position in their underlying assets;
2. netting and hedging arrangements are applied, subject to specified conditions;
3. the exposure created through the reinvestment of borrowings where such reinvestment increases the exposure of the Company is calculated;
4. derivative instruments used for currency hedging purposes are excluded.

The maximum level of leverage for the Company expressed as a ratio of the Company's total exposure to its net asset value current ratio under the commitment method is: **2:1**.

Use of Leverage

Where the Company may use options, forwards and other derivative instruments for the purpose of hedging against price or currency fluctuations, the ACD's ability to use these strategies may be limited by

market conditions, regulatory limits and tax considerations. Use of these strategies involves certain special risks, including (i) imperfect correlation between movements in the securities or currency on which a futures or options contract is based and movements in the securities or currencies in the Company; (ii) the absence of a liquid market for any particular instrument at any particular time; and (iii) possible impediments to the ability to meet redemption requests or other short-term obligations because of the percentage of the Company's assets segregated to cover its obligations. Hedging strategies necessarily add costs to the Company.

14. FAIR TREATMENT OF INVESTORS

The ACD ensures fair treatment of investors by its compliance with the applicable rules in COLL and FUND and with the rules contained in the FCA Handbook.

The ACD is required, under the FCA Handbook, to treat its customers fairly, when they become, remain or as they cease to be shareholders. The ACD complies with the rules in the FCA Handbook, and has adopted a series of policies and procedures (including a Conflict of Interest policy) which are designed to achieve this outcome.

The ACD and the Investment Manager may in certain circumstances grant preferential treatment to investors. This may include, for example, access to certain share classes, a waiver or reduction of certain charges, the payment of rebates, or access to individuals within the ACD or the Investment Manager. If such rights are granted, this would typically be to investors who invest significant amounts in the Company. Such investors would not typically be legally or economically linked to the ACD.

Any shareholder may be granted preferential treatment in relation to the terms of its investment in the Company by the ACD, the Investment Manager and/or any other service provider to the Company.

15. RECOGNITION AND ENFORCEMENT OF JUDGMENTS

The UK AIFM regime requires the ACD to give details of legal instruments providing for the recognition and enforcement of judgments in England and Wales (which is the territory in which the Company is established). The laws of England and Wales provide a number of legal mechanisms for the recognition and enforcement of judgments given in other states.

This information will be made available to shareholders, without undue delay following the occurrence of that change, usually by way of update to this Prospectus. Where required, such change will be preceded by notification to shareholders.

A copy of the complaints handling procedure is available from the ACD on request.

Non-accountability for profits

Neither the Company, the ACD, the Depositary, the Investment Manager (or any associate of the same) or the Auditors is liable to account to either each other or to

shareholders for any profits or benefits it makes or receives that are made or derived from or in connection with:

- (a) dealings in the shares of the Company; or
- (b) any transaction in the Scheme Property; or
- (c) the supply of services to the Company.

Units of the Company might be suitable for investors that are comfortable that the value of investments in the Company can go down as well as up, that capital may be at risk, that performance varies over time and returns are not guaranteed.

Investors should be aware that there is no protection of capital and no guaranteed return and investors can lose the amount invested. Accordingly, units of the Company are not suitable for:

1. Any investor who does not have sufficient resources to bear any loss resulting from the investment;
2. Investors who are not prepared to take any risk with their money or put their capital at risk; and/or
3. Any investor looking for guaranteed income or a guaranteed total return.

Benchmark

The fund uses the Investment Association Global peer group for performance comparison purposes.

The peer group has been selected as a comparator for performance because the constituents are representative of the areas in which the fund itself is likely to invest, and it is therefore an appropriate comparator for the fund's performance.

The ACD reserves the right to change the peer group following consultation with the Depositary and in accordance with the rules of COLL. A change could arise, for example, where the ACD determines that an alternative may be more appropriate. Shareholders will be notified of such a change through an update to the Prospectus and the change noted in the subsequent annual and half yearly reports.

APPENDIX B

Management and borrowing powers of the Company

1. Limitations on type of investments

- 1.1. All the Scheme Property of the Company must be invested in any or all of the following assets: transferable securities, money-market instruments, deposits and units in collective investment schemes (regulated and unregulated). The Scheme Property may be invested in derivatives for the purposes of Efficient Portfolio Management purposes only in accordance with the FCA Rules.
- 1.2. Cash or near cash may be held for the pursuit of the Company's investment objective or redemption of shares or for the efficient management of the Company in accordance with its investment objective or any other purpose reasonably regarded as ancillary to the investment objective of the Company. From time to time the Company may have a higher than usual level of liquidity if the ACD considers that to be in the interests of shareholders.
- 1.3. The investment objectives and policy of the Company set out in Appendix A are subject to the limits on investment under the FCA Rules and as set out in this Prospectus. These limits are summarised below.
- 1.4. The Company will not invest in immovable property or tangible movable property.
- 1.5. Under normal circumstances, the ACD would expect substantially all of the assets of the Company to be invested in investments appropriate to the Company's investment objectives, with not more than 20% held in cash.
- 1.6. Investments permitted for the Company are as follows:

1.6.1. Approved securities

The Scheme Property may be invested in approved securities. An approved security is a transferable security that is admitted to an official listing in the UK or an EEA State or is traded on or under the rules of an eligible securities market (otherwise than by specific permission of the market authority). An eligible market is a regulated market that is regulated, open to the public and operates regularly; further details are set out in subparagraph 1.6.19 below.

1.6.2. Transferable securities

Transferable securities are, in general terms, investments in shares, debentures, alternative debentures, government and public securities, warrants or certificates representing certain securities. Not more than 20% in value of the Scheme Property can be invested in transferable securities which are not approved securities.

The Scheme Property may be invested in transferable securities on which any sum is unpaid only if it is reasonable to foresee that the amount of any existing and potential call for any sum unpaid could be paid by the Company at the time when payment is required, without contravening the requirements of COLL 5.

1.6.3. Money-market instruments

The Company may invest in approved money-market instruments. An approved money-market instrument is a money-market instrument which is normally dealt in on the money-market, is liquid and has a value which can be accurately determined at any time.

A money-market instrument is regarded as normally dealt in on the money-market if it:

- (a) has a maturity at issuance of up to and including 397 days;
- (b) has a residual maturity of up to and including 397 days;
- (c) undergoes regular yield adjustments in line with money-market conditions at least every 397 days; or
- (d) has a risk profile, including credit and interest rate risks, corresponding to that of an instrument which has a maturity as set out in (a) and (b) or is subject to yield adjustments as set out in (c).

A money-market instrument is regarded as liquid if it can be sold at limited cost in an adequately short time frame, taking into account the obligation of the ACD to redeem shares at the request of any qualifying shareholder.

A money-market instrument is regarded as having a value which can be accurately determined at any time if accurate and reliable valuations systems, which fulfil the following criteria, are available:

- a) enabling the ACD to calculate a net asset value in accordance with the value at which the instrument held in the portfolio could be exchanged between knowledgeable willing parties in an arm's length transactions; and
- b) based either on market data or on valuation models including systems based on amortised costs.

A money-market instrument that is normally dealt in on the money-market and is admitted to or dealt in on an eligible market is presumed to be liquid and have a value which can be accurately determined at any time unless there is information available to the ACD that would lead to a different determination.

Except as set out below, approved money-market instruments held by the Company must be admitted to, or dealt in an eligible market.

Not more than 20% in value of the Scheme Property is to consist of money-market instruments, which are not:

- (a) listed on or normally dealt in on an eligible market; or
- (b) liquid and whose value can accurately be determined at any time, provided the money-market instrument is:
 - (i) issued or guaranteed by a central authority of the UK or an EEA State or, if the EEA State is a federal state, one of the members making up the federation, a regional or local authority of the UK or an EEA State, the Bank of England, the European Central Bank or a central bank of an EEA State, the European Union or the European Investment Bank, a non-EEA State or, in the case of a federal state, one of the members making up the federation, a public international body to which the UK or one or more EEA States belong; or
 - (ii) issued by a body, any securities of which are dealt in on an eligible market; or
 - (iii) issued or guaranteed by an establishment subject to prudential supervision in

accordance with criteria defined by UK or European Union law or by an establishment which is subject to and complies with prudential rules considered by the FCA to be at least as stringent as those laid down by UK or European Union law.

1.6.4. Derivatives and forward transactions – general

1.6.4.2.2 be covered as required by paragraphs 1.6.8 and 1.6.9 and set out in paragraph 1.6.11;

1.6.4.3 Where the Company invests in derivatives, the exposure to the underlying assets must not exceed the limits set out in paragraphs 1.6.17 and 1.6.18 except for index-based derivatives where paragraph 1.6.4.5 applies.

1.6.4.4 Where a transferable security or money-market instrument embeds a derivative, this must be taken into account for the purposes of complying with and calculating any limit in this Appendix.

1.6.4.5 Where the Company invests in an index-based derivative, provided the relevant index falls within paragraph 1.6.14 the underlying constituents of the index do not have to be taken into account for the purposes of paragraphs 1.6.17 and 1.6.18. The relaxation is subject to the ACD taking account of COLL 5.6.3R in relation to the spread of risk.

1.6.5. Permitted Derivatives and forward transactions

1.6.5.1 A transaction in a derivative must be:

1.6.5.1.1 in an approved derivative; or

- 1.6.5.4 A transaction in an approved derivative must be effected on or under the rules of an eligible derivatives market.
- 1.6.5.5 A transaction in a derivative must not cause the Company to diverge from its investment objectives as stated in the Instrument of Incorporation and the most recently published version of this Prospectus.
- 1.6.5.6 A transaction in a derivative must not be effected if the intended effect is to create the potential for an uncovered sale of one or more, transferable securities, money-market instruments, units in collective investment schemes or derivatives.
- 1.6.5.7 Any forward transaction must be made with an Eligible Institution or an Approved Bank.
- 1.6.5.8 The ACD must ensure that the Scheme Property provides a prudent spread of risk.
- 1.6.6. Financial indices underlying Derivatives
 - 1.6.6.1 The financial indices referred to in paragraph 1.6.5.2.6 are those which satisfy the following criteria:
 - 1.6.6.1.1 the index is sufficiently diversified;
 - 1.6.6.1.2 the index represents an adequate benchmark for the market to which it refers; and
 - 1.6.6.1.3 the index is published in an appropriate manner.
 - 1.6.6.2 A financial index is sufficiently diversified if:
 - 1.6.6.2.1 it is composed in such a way that price movements or trading activities regarding one component do not unduly influence the performance of the whole index;
 - 1.6.6.2.2 where it is composed of assets in which a UK UCITS is permitted to invest, its composition is at least diversified in accordance with the requirements with respect to spread and concentration set out in COLL 5.2; and

 - 1.6.6.3 A financial index represents an adequate benchmark for the market to which it refers if:
 - 1.6.6.3.1 it measures the performance of a representative group of underlyings in a relevant and appropriate way;
 - 1.6.6.3.2 it is revised or rebalanced periodically to ensure that it continues to reflect the markets to which it refers, following criteria which are publicly available; and

- 1.6.6.3.3 the underlyings are sufficiently liquid, allowing users to replicate it if necessary.
- 1.6.6.4 A financial index is published in an appropriate manner if:
 - 1.6.6.4.1 its publication process relies on sound procedures to collect prices, and calculate and subsequently publish the index value, including pricing procedures for components where a market price is not available; and
 - 1.6.6.4.2 material information on matters such as index calculation, rebalancing methodologies, index changes or any operational difficulties in providing timely or accurate information is provided on a wide and timely basis.
- 1.6.6.5 Where the composition of underlyings of a transaction in a derivative does not satisfy the requirements for a financial index, the underlyings for that transaction shall where they satisfy the requirements with respect to other underlyings pursuant to paragraph 1.6.5, be regarded as a combination of those underlyings.
- 1.6.7. Transactions for the purchase or disposal of property
 - 1.6.7.1 A derivative or forward transaction which will or could lead to the delivery of property for the account of the Company may be entered into only if:
 - 1.6.7.1.1 that property can be held for the account of the Company; and
 - 1.6.7.1.2 the ACD having taken reasonable care determines that delivery of the property under the transaction will not occur or will not lead to a breach of the rules in COLL.
- 1.6.8. Requirement to cover sales
 - 1.6.8.1 No agreement by or on behalf of the Company to dispose of property or rights (except for deposits) may be made unless:
 - 1.6.8.1.1 the obligation to make the disposal and any other similar obligation could immediately be honoured by the Company by delivery of property or the assignment of rights; and
 - 1.6.8.1.2 the property and rights above are owned by the Company at the time of the agreement.
 - 1.6.8.2 Paragraph 1.6.8.1 does not apply where:
 - 1.6.8.2.1 the risks of the underlying financial instrument of a derivative can be appropriately represented by another financial instrument and the underlying financial instrument is highly liquid; or

 - (c) other highly liquid assets having regard to their correlation with the underlying of the financial derivative instruments, subject to

appropriate safeguards (e.g. haircuts where relevant).

1.6.8.3 In the asset classes referred to in paragraph 1.6.8.2, an asset may be considered as liquid where the instrument can be converted into cash in no more than seven Business Days at a price closely corresponding to the current valuation of the financial instrument on its own market.

1.6.9. OTC transactions in Derivatives

1.6.9.1 Any transaction in an OTC derivative under paragraph 1.6.7.2 must be:

- (c) a CCP that is authorised in that capacity for the purposes of EMIR
- (d) a CCP that is recognized in that capacity in accordance with the process set out in article 25 of EMIR; or
- (e) to the extent not already covered above a CCP supervised in a jurisdiction that:
 - has implemented the relevant G20 reforms on over-the-counter derivatives to at least the same extent as the UK; and
 - is identified as having done so by the Financial Stability Board in its summary report on progress in implementation of G20 financial regulatory reforms dated 25 June 2019.

1.6.9.1.2 on approved terms; the terms of the transaction in derivatives are approved only if the ACD:

- (a) carries out at least daily a reliable and verifiable valuation in respect of that transaction corresponding to its fair value and which does not rely only on market quotations by the counterparty; and
- (b) can enter into one or more further transactions to sell, liquidate or close out that transaction at any time at its fair value; and

1.6.9.1.3 capable of reliable valuation; a transaction in derivatives is capable of reliable valuation only if the ACD having taken reasonable care determines that, throughout the life of the derivative (if the transaction is entered into), it will be able to value the investment concerned with reasonable accuracy:

- (a) on the basis of an up-to-date market value which the ACD and the Depositary have agreed is reliable;
- (b) or, if that value is not available, on the basis of a pricing model which the ACD and the Depositary have agreed uses an adequate recognised methodology; and

1.6.9.1.4 capable subject to verifiable valuation; a transaction in derivatives

is subject to verifiable valuation only if, throughout the life of the derivative (if the transaction is entered into) verification of the valuation is carried out by:

- (a) an appropriate third party which is independent from the counterparty of the derivative, at an adequate frequency and in such a way that the ACD is able to check it; or
- (b) a department within the ACD which is independent from the department in charge of managing the Scheme Property and which is adequately equipped for such a purpose.

The jurisdictions that fall within paragraph 1.6.9.1.1(e) are Australia, France, Germany, Hong Kong, Italy, Japan, the Netherlands, Singapore, Spain, Switzerland, and the United States of America.

For the purposes of paragraph 1.6.9.1.2, "fair value" is the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

1.6.10. Derivatives exposure

- 1.6.10.1 The Company may invest in derivatives and forward transactions as long as the exposure to which that the Company is committed by that transaction itself is suitably covered from within its Scheme Property. Exposure will include any initial outlay in respect of that transaction.
- 1.6.10.2 Cover ensures that the Company is not exposed to the risk of loss of property, including money, to an extent greater than the net value of the Scheme Property. Therefore, the Company must hold Scheme Property sufficient in value or amount to match the exposure arising from a derivative obligation to which the Company is committed. Paragraph 1.6.11 sets out detailed requirements for cover of the Company.
- 1.6.10.3 Cover used in respect of one transaction in derivatives or forward transaction must not be used for cover in respect of another transaction in derivatives or a forward transaction.

1.6.11 Cover for transactions in derivatives and forward transactions

- 1.6.11.1 A transaction in derivatives or a forward transaction is to be entered into only if the maximum exposure, in terms of the principal or notional principal created by the transaction to which the Company is or may be committed by another person is covered globally.
- 1.6.11.2 Exposure is covered globally if adequate cover from within the Scheme Property is available to meet the Company's total exposure, taking into account the value of the underlying assets, any reasonably foreseeable market movement, counterparty risk, and the time available to liquidate any positions.
- 6.6.11.3 Cash not yet received into the Scheme Property but due to be received within one month is available as cover.
- 1.6.11.4 Property the subject of a stock lending transaction is only available for cover if the ACD has taken reasonable care to determine that it is obtainable (by return or re-acquisition) in time to meet the obligation for which cover is required.
- 1.6.11.5 The total exposure relating to derivatives held in the Company may not exceed the

net value of the Scheme Property.

Approved derivatives transactions may be used for the purpose of Efficient Portfolio Management in accordance with the FCA Rules.

It is anticipated that the outcome of the use of derivatives for the purpose of Efficient Portfolio Management would be principally to reduce, rather than to increase, the risk profile of the Company.

1.6.12 Deposits

The Company may invest in deposits only with an Approved Bank with a rating of not less than A with Standard & Poor's and which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 months.

1.6.13 Risk management

The ACD uses a risk management process, as reviewed by the Depositary, enabling it to monitor and measure as frequently as appropriate the risk of the Company's positions and their contribution to the overall risk profile of the Company.

1.6.14 Schemes replicating an index

1.6.14.1 The Company may invest up to 20% in value of its Scheme Property in shares and debentures which are issued by the same body where the aim of the investment policy of the Company as stated in the most recently published version of this Prospectus is to replicate the performance or composition of an index which satisfies the criteria set out in paragraph 1.6.15. This limit may be raised for the Company up to 35% in value of the Scheme Property, but only in respect of one body and where justified by exceptional market conditions.

1.6.14.2 At present the Company does not have an investment objective and policy to replicate the performance or composition of an index.

1.6.15 Relevant indices

1.6.15.1 The indices referred to in paragraph 1.6.14 are those which satisfy the following criteria. An index must:

1.6.15.1.1 have a sufficiently diversified composition;

1.6.15.1.2 be a representative benchmark for the market to which it refers; and

1.6.15.1.3 be published in an appropriate manner.

1.6.16 Collective investment schemes

The Company may invest 80% of its Scheme Property in units in collective investment schemes.

The Company may invest in units in a collective investment scheme (the "second scheme") provided that:

- i) the second scheme satisfies:
 - a) is a UK UCITS or satisfies the conditions necessary for it to enjoy the rights conferred by the UCITS Directive as implemented in the EEA; or
 - b) is a recognised scheme (as defined in the FCA Glossary); or

- c) is a Non-UCITS retail scheme; or
 - d) is constituted outside the UK and the investment and borrowing powers of which are the same or more restrictive than those of a Non-UCITS retail scheme; or
 - e) is a scheme not falling within a) to d) and in respect of which no more than 20% in value of the Scheme Property (including any transferable securities which are not approved securities) is invested;
- ii) the second scheme operates on the principle of the prudent spread of risk; and
 - iii) the second scheme is prohibited from having more than 15% in value of the property of that scheme consisting of units in collective investment schemes (unless COLL 5.6.10AR applies); and
 - iv) the participants in the second scheme must be entitled to have their units redeemed in accordance with the scheme at a price:
 - a) related to the net value of the property to which the units relate; and
 - b) determined in accordance with the scheme; and
 - v) where the second scheme is an umbrella, the provisions in ii) to iv) and COLL 5.6.7R (Spread : general) apply to each sub-fund as if it were a separate scheme.

Where a substantial proportion of the Company's assets are invested in other collective investment schemes the maximum level of management fees that may be charged to the Company, and to the other collective investment schemes in which it invests should not exceed 2.5% per annum plus VAT (if applicable).

Subject to the restrictions above, investment may be made in (and the Scheme Property of the Company may include) units of other collective investment schemes managed or operated by the ACD or an associate of the ACD, provided that the conditions in COLL 5.2.16R are complied with.

The Company may, subject to FCA Rules, invest in unregulated (also known as 'non-registered' or 'non-authorized') collective investment schemes. These types of schemes are not subject to the same restrictions on investment powers or on how they are run as regulated schemes, and therefore may be considered higher risk.

These unregulated schemes may include hedge funds which may be illiquid, i.e. difficult to sell, and may also borrow to meet their objectives. This borrowing is likely to lead to volatility in the value of the scheme, meaning that a relatively small movement either down or up in the value of the scheme's total assets will result in a magnified movement in the same direction of the scheme's net asset value.

1.6.17 Spread costs

1.6.17.1 This paragraph 1.6.17 does not apply in respect of a transferable security or an approved money-market instrument to which paragraph 1.6.18 applies.

1.6.17.2 The specific limits are set out as follows:

- a) not more than 20% in value of the Scheme Property is to consist of deposits with a single body;
- b) not more than 10% in value of the Scheme Property is to consist of transferable securities or money-market instruments issued by a single body (except that the limit of 10% is raised to 25% in value of the Scheme Property in respect of covered bonds) subject to COLL 5.6.23R;

- c) exposure to any one counterparty in an OTC derivative transaction shall not exceed 10% in value of the scheme; and
- d) not more than 35% in value of the Scheme Property is to consist of the units of any one collective investment scheme.
- e) In applying the limit under paragraph (ii) above, certificates representing certain securities are to be treated as equivalent to the underlying securities.
- f) For the purposes of this paragraph 1.6.17, a single body is: (a) in relation to transferable securities and money-market instruments, the person to whom they are issued; and (b) in relation to deposits, the person with whom they are placed.

1.6.18 Spread: Government and Public Securities

1.6.18.1 The following applies in respect of transferable securities or approved money market instruments ("such securities") that are issued or guaranteed by:

- a) the UK or an EEA State;
- b) a local authority of the UK or an EEA State;
- c) a non-EEA State; or
- d) a public international body to which the UK or one or more EEA States belong.

1.6.18.2 Where no more than 35% in value of the Scheme Property is invested in such securities issued by any one body, there is no limit on the amount which may be invested in such securities or in any one issue.

1.6.18.3 The Company may invest more than 35% in value of the Scheme Property in such securities issued by any one body, provided that:

- (i) the ACD has before any such investment is made consulted with the Depositary and as a result considers that the issuer of such securities is one which is appropriate in accordance with the investment objectives of the Company;**
- (ii) no more than 30% in value of the Scheme Property consists of such securities of any one issue;**
- (iii) the Scheme Property includes such securities issued by that or another issuer, of at least six different issues; and**
- (iv) the disclosures in COLL 4.2.5R(3)(i) have been made in the most recently published version of this Prospectus.**

1.6.18.4 In relation to such securities:

- (i) issue, issuer and guarantor include guarantee, guaranteed and guarantor; and
- (ii) an issue differs from another if there is a difference as to repayment date, rate of interest, guarantor or other material terms of the issue.

1.6.18.5 Notwithstanding paragraph 1.6.17 (a) and subject to paragraphs 1.6.17

- (b) (i) and 1.6.17 (d) above, in applying the 20% limit in paragraph 1.6.17

(b) (i) with respect to a single body, such securities issued by that body shall be taken into account.

1.6.18.6 (f) More than 35% in value of the Scheme Property may be invested in such securities issued by the Government of the UK.

1.6.19 Eligible markets

The markets upon which transferable securities and money-market instruments are traded must meet certain criteria laid down in the FCA Rules.

Eligible markets include any market established in the United Kingdom or an EEA State on which transferable securities and money-market instruments admitted to official listing in the United Kingdom or an EEA State are dealt in or traded, and which is regulated, operates regularly and is open to the public.

In the case of all other markets, in order to qualify as an eligible market, the ACD after consultation with and notification to the Depositary, must be satisfied that the relevant market:

- i) is regulated;
- ii) operates regularly;
- iii) is recognized as a market or exchange or as a self-regulating organisation by an overseas regulator;
- iv) is open to the public;
- v) is adequately liquid; and
- vi) has adequate arrangements for unimpeded transmission of income and capital to or to the order of investors.

The eligible securities markets for the Company are set out in Appendix C to this Prospectus.

Eligible derivatives markets are markets which the ACD, after consultation with and notification to the Depositary, has decided are appropriate for the purpose of investment of or dealing in the Scheme Property with regard to the relevant criteria set out in the FCA Rules and the guidance on eligible markets issued by the FCA (as amended from time to time).

The eligible derivatives markets for the Company are set out in Appendix C to this Prospectus.

1.6.20 General

The Company may not acquire any investment which has an actual contingent liability attached unless the maximum amount of such liability is ascertainable at the time of acquisition.

The restrictions on investment set out above are tighter than those imposed by the FCA Rules in the following respects:

- (a) for the purposes of paragraph 1.6.12, the FCA Rules do not require a certain rating for an Approved Bank.

1. Borrowing

- 1.1. The Depositary may, in accordance with the FCA Rules, this paragraph and with the instructions of the ACD, borrow sums of money only from an Eligible Institution or an

Approved Bank for the use of the Company on terms that the borrowing is repayable out of the Scheme Property. The power to borrow is subject to the obligation of the Company to comply with any restriction in the Instrument of Incorporation.

- 1.2. Borrowings must not exceed 10% of the value of the Scheme Property, on any Business Day.
- 1.3. These borrowing restrictions do not apply to "back to back" borrowing for currency hedging purposes, i.e. borrowing permitted in order to reduce or eliminate risk arising by reason of fluctuations in exchange rates.

2. Efficient Portfolio Management

2.1. The ACD may utilise the property of the Company to enter into transactions for the purpose of Efficient Portfolio Management. These are techniques and instruments which relate to transferable securities and approved money-market instruments and which fulfil the following criteria:

2.1.1. they are **economically appropriate** in that they are realised in a cost effective way.

3.1.1 they are entered into for one or more of the following specific aims, namely:

- (a) reduction of risk;
- (b) reduction of cost; or
- (c) generation of additional capital or income for the Company with a risk level which is consistent with the risk profile of the Company and the risk diversification rules laid down in COLL.

2.1.2. The first aim allows for tactical asset allocation; that is a switch in exposure through the use of derivatives rather than through the sale and purchase of underlying property.

2.1.3. Similarly, the aim of reduction of risk allows for the use of derivatives with a view to switching the currency exposure of all or part of the underlying Scheme Property away from a currency which the ACD considers to be unduly prone to risk.

2.2. Economically appropriate

2.2.1. The guidelines adopted by the ACD, under which the Company will operate are:

- (a) Any transaction must be one which (alone or in combination with one or more of others) is reasonably believed by the Company to be economically appropriate to the Efficient Portfolio Management of the Company.

2.2.2. This means that the ACD reasonably believes that:

- (a) For transactions undertaken to reduce risk or cost (or both), the transaction (alone or combination) will diminish a risk or cost of a kind or level which it is sensible to reduce; and
- (b) For transactions undertaken to generate additional capital or income, the Company is certain (or certain barring events which are not reasonably foreseeable) to derive a benefit from the transaction;

2.2.3. The transaction may not be entered into if its purpose could reasonably be regarded as speculative.

- 2.2.4. Where the transaction relates to the actual or potential acquisition of transferable securities, the ACD must intend that the Company should invest in transferable securities within a reasonable time and must ensure thereafter that, unless the position has itself been closed out, that intention is realised within that reasonable time.

Efficient Portfolio Management techniques may be utilised by the Company when considered appropriate.

APPENDIX C

In accordance with the relevant criteria in the COLL sourcebook, such a market must be regulated; operate regularly; be recognised as a market or exchange or as a self-regulating organisation by an overseas regulator; be open to the public; be adequately liquid; and have adequate arrangements for unimpeded transmission of income and capital to, or to the order of, investors.
